## FOR NATIONAL SECURITY—

## Military Procurement

BY THE HON. PAUL H. GRIFFITH  
Assistant Secretary of Defense

NATIONAL defense is big business. This year it will be a 13 billion dollar a year business. Next year it will approximate the same amount. In 1944 it ran to 90 billion dollars. World War II cost us more than 300 billion dollars for goods and services.

Asst. Sec. Griffith

An analysis of the military budget in the current fiscal year on the basis of dollars spent shows that the supplies and equipment portion of the total obligations, for the three Military Departments together, is close to 40%.

The pattern differs markedly by department, however, and reflects the relatively greater importance of expensive equipment of the Air Force (56% for supplies and equipment) and the Navy programs (37% for supplies and equipment). The predominant importance of aircraft procurement is reflected in these figures.

This is further illustrated in the following figures which show the obligations totalling approximately 5.48 billions of dollars for supplies and equipment by category:

	Billions
Aircraft, ships and vehicles	\$2.6
Weapons, Ammunition and related items	.46
Supporting Equipment and Supplies	.39
Supplies for Personnel	.75
Special Operating Supplies	.61
General Operating Supplies and Equipment	.67

In accordance with the provisions of law to the effect that the greatest practicable allocation of purchase authority for technical equipment and common use items be on the basis of coordinated procurement, a vigorous program has been undertaken in this regard.

In effecting coordinated procurement four types of procurement responsibility are employed. They are:

1. Single Department Procurement whereby one designated department purchases certain supplies or services for all departments. Under this type activity solid fuels, watches and clocks, selected materials handling equipment, automotive equipment, food, lumber, ordnance, hand tools, paper products, paints, photographic, railroad transportation equipment and prefabricated buildings and panels are being purchased.

2. Joint Procurement whereby jointly

## Congress OK's Bill to Reorganize Army

Both Houses of Congress this week adopted the conference report on the Army Re-organization Act and sent the measure to the White House where it is now awaiting the signature of the President.

The bill as finally passed by the Congress follows much more closely the House Bill than the measure originally approved by the Senate, which closely approximated the draft submitted by the Department of the Army.

Under the Army draft and under the bill as it passed the Senate the Secretary of the Army would have been authorized to create new basic branches, and to discontinue or consolidate existing branches in peace as well as in war. The House bill limited such authority to a national emergency.

The bill reported by the Conference Committee and passed by Congress authorizes the Secretary of the Army to create new branches at any time, but gives him authority to abolish or consolidate branches only for the duration of a war or national emergency.

Representatives of the Department of the Army asked the Congress not to impose any numerical limits on the number of officers on duty in Washington, and on detail with the Army General Staff. They also opposed a limitation on the length and frequency of tours of duty in Washington.

The House, however, limited the number on duty in Washington to 3,000 and the number detailed to the General Staff to 1,000. The Senate accepted the House figures, but provided that they might be exceeded with the concurrence of the Senate and House Armed Services Committees. As finally passed the bill retains the numerical limitations but provides that the limits shall not apply when the President decides that an increase is in the national interest.

The bill also retains the original limitation of four years on a tour of duty in Washington, and the prohibition against reassignment to the Department of the Army until the officer has served at least two years in another detail. In its final version the bill provides that this provision shall not take effect until one year after the approval of the Act, and will be inapplicable in time or war or national emergency. It also provides that the normal tour of duty may be exceeded and the reassignment waived when the Secretary of the Army makes a special finding that it is in the national interest to do so.

As proposed by the Army, and as passed by the Senate, the bill did not fix the number of Deputy Chiefs of Staff and Assistant Chiefs of Staff. The House, however, limited the number of deputies to three and the number of assistants to five. These limits were accepted by the Conference Committee and included in

(Please turn to Page 1149)

## 1951 Defense Funds

The Senate Appropriations subcommittee on defense this week voted to increase by approximately \$383,000,000 the amount of defense spending recently approved by the House.

Last month, the House added \$385,000,000 to the defense budget, approving total new obligatory authority for fiscal year 1951 of approximately \$13,800,000.

Final action on the defense budget for the next fiscal year, which begins 1 July, will be delayed until after its passage by the Senate and agreement by House and Senate conferees on points of variance.

## Army Generals

The President sent to the Senate this week the nomination of Lt. Gen. Manton S. Eddy, Commandant, Command and General Staff College, Ft. Leavenworth, Kans., to succeed Lt. Gen. Clarence R. Huebner as Deputy Commander in Chief and Commanding General, U. S. Army in Europe, who retires 30 Nov. at the statutory age of 62. General Huebner will retire with three-star rank.

Nominated also as lieutenant general was Maj. Gen. Stafford LeRoy Irwin, Assistant Chief of Staff, G-2, Intelligence, who will succeed Lt. Gen. Geoffrey Keys as Commanding General, U. S. Forces Austria, occasioned by the latter's retirement on 31 Oct., also for age.

A third lieutenant general, Alvan C. Gillem, Jr., will retire for the same reason on 31 Aug., and will be succeeded by Lt. Gen. John R. Hodge, Commanding General, VI Corps, Ft. Bragg, N. C.

Successors to the officers listed above are as follows:

Maj. Gen. Alonzo P. Fox, present Deputy Chief of Staff, GHQ, SCAP, Japan, will succeed General Eddy at Fort Leavenworth, General Fox will return to the United States from the Far East Command in July.

Maj. Gen. Alexander R. Bolling, present Deputy Assistant Chief of Staff, G-2, will succeed General Irwin, and Maj. Gen. William F. Dean, present Commander, 24th Infantry Division, Japan, will return to the United States late this year to become Deputy Assistant Chief of Staff, G-2, the position vacated by General Bolling.

Maj. Gen. Frank W. Milburn, Deputy Commanding General, U. S. Army in Europe, will succeed General Hodge at Fort Bragg. He has been nominated to succeed General Hodge with the rank of lieutenant general. The date of General Milburn's return to the United States has not been determined.

Also included in the nominations by President Truman, published below, is that of Maj. Gen. Joseph M. Swing to be Commandant of the Army War College, with the rank of lieutenant general. General Swing has been serving in this ca-

## Vinson Would Shift AF Services to Army

Continuation of separate Medical, Chaplain and Judge Advocate divisions of the Air Force was questioned in legislation introduced this week by Chairman Carl Vinson (D-Ga) of the House Armed Services Committee.

Submitting a bill which would give the Air Force a formal basic organization law for the first time in its history, Chairman Vinson proposed, in effect, the transfer of thousands of officers and airmen from the Air Force to the Army.

His bill apparently would rescind the action during the past few years by which doctors, dentists, veterinarians, nurses, chaplains, judge advocates and other officers were transferred from the Army to the Air Force.

In a surprise action, Representative Vinson introduced the Air Force organization bill, H.R. 8889—certain to provoke extended hearings and considerable controversy—without waiting for the Air Force to submit its own draft of such legislation.

During Congressional hearings by Chairman Vinson's committee earlier this month on an Air Force advocated bill to increase the number of four-star and three-star generals, Air Force officials told the Armed Services Committee head that they were at work on formulation of an organization bill.

It was assumed that Chairman Vinson would not initiate action until the Air Force bill was submitted. However, he chose instead to sponsor his own measure, obviously at variance with Air Force thinking on several basic points.

Mr. Vinson's 15-page bill would make the Army and Navy Medical Departments, under rules to be laid down by the Secretary of Defense, responsible for medical care of Air Force personnel and their dependents. This would abolish the Air Force Medical Service.

Chairman Vinson stipulated also that "the Quartermaster General and the Quartermaster Corps, the Chief of Engineers and the Corps of Engineers, the Judge Advocate General and Judge Advocate General's Corps, the Chief of Chaplains and the Chaplains of the Army, shall, in addition to the functions and duties performed by them for the Department of the Army, be charged with similar functions and duties for the Department of the Air Force."

"Quartermaster, engineer and chaplain facilities of the Department of the Army," said Mr. Vinson, "shall be available, as appropriate to meet the needs of the Department of the Air Force."

As deemed necessary by the Secretary of Defense, the bill continues, military and civilian personnel and equipment, records, facilities, etc., would be transferred or assigned from the Air Force to the Army.

As regards transfer of personnel, Representative Vinson stated that there should be no loss of rank or pay or of

(Please turn to Page 1153)

Omaha, Nebr. *World Herald*—"Deeply as Americans loathe the war, earnestly as they hope for peace, as prudent men and women they cannot close their eyes to the clouds that are gathering. If not today, then on some tomorrow—unless there is change of mind and heart in the Kremlin—the storm will break."

Rochester, N. Y., *Times-Union*—"Increase in the number of destroyers and patrol planes is the Navy's first priority, says Admiral Forrest P. Sherman. . . . To assure vital sea communications it is wise to prepare to combat submarines energetically."

Chattanooga, Tenn., *Times*—"Broadly speaking, unification of our Armed Forces looks toward a close coordination of all Service branches which will assure national security with a minimum of lost effort and wasted money. . . . As citizens in whose behalf the branches are being welded together, we need to recognize and applaud the progress which has been made."

Buffalo *Courier-Express*—"Nobody needs to be told that modern warfare extends far beyond the activities of purely military forces and that civilian popula-

tions can be just as much affected as any member of the Armed Services. With the armed situation what it is, it would be folly not to prepare for any eventuality."

Little Rock, Ark., *Gazette*—"Nations can arm anew only at tremendous cost, but that cost shouldn't be so great as the price that might have to be paid for not having the weapons of today instead of those of yesterday. It has been said that after World War I, Germany armed for the next war while France armed for the last war. We know the price that France had to pay."

## Defense Secy. to Speak

The 120 members of the 1950 class at the Industrial College of the Armed Forces—top level Service school—will hear a graduation address by Secretary of Defense Louis Johnson on 27 June.

Graduating will be 45 Army, 27 Navy, 40 Air Force, and three Marine Corps officers, plus five civilians, who will complete 10 months of instruction.

Maj. Gen. A. W. Vanaman, USAF, is school commandant. Rear Adm. L. S. Sabin, USN, and Brig. Gen. J. L. Holman, USA, are deputy commandants.

Graduating from the College are:

Col Ray Adams, CE, USA  
Capt Frederic F. Agens, EDO, USN  
Capt Thomas A. Ahroon, AVH, USN  
Lt Col Daniel W. Allison, Ord, USA  
Col Curtis M. Anderson, USAF  
Mr O. S. Anderson, National Security Resources Board  
Cdr Richard K. Anderson, EDO, USN  
Col John F. Babcock, USAF  
Lt Col William E. Barksdale, QMC, USA  
Lt Col George L. Barnes, TC, USA  
Col Keith R. Barney, CE, USA  
Lt Col Vancel R. Beck, TC, USA  
Lt Col Aaron W. Beaman, QMC, USA  
Col Jasper N. Bell, USAF  
Lt Col Charles P. Bellican, QMC, USA  
Cdr Eugene B. Blandin, SC, USN  
Cdr William G. Blasdel, SC, USN  
Col Ralph O. Brownfield, USAF  
Cdr Paul J. Burr, AEDO, USN  
Lt Col Robert M. Bynum, Jr., MSC, USA  
Capt Joseph W. Callahan, USN  
Col Wesley S. Calverley, USAF  
Lt Col Steven S. Cerwin, SigC, USA  
Capt John E. Clark, AVH, USN  
Col William T. Clayton, USAF  
Col Raymond P. Coffman, USMC  
Lt Col Howard Coleman, Ord, USA  
Col Harlan C. Cooper, USMC  
Lt Col George K. Crain, USAF  
Col John R. Crume, Jr., USAF  
Capt Frederick A. Davidson, AEDO, USN  
Col Donald B. Diehl, USAF  
Capt Henry T. Dietrich, AVH, USN  
Cdr James S. Dietz, SC, USN  
Col Paul I. Doty, USAF  
Lt Col Frank J. Dittler, USAF  
Col Richard I. Dugan, USAF  
Capt Robert K. Y. Dunsinberre, MC, USN  
Lt Col Edward S. Ehlen, QMC, USA  
Lt Col Walter F. Ellis, CAC, USA  
Col Harry B. Emigh, CMP, USA  
Col Thomas G. Ennis, USMC  
Col Houston V. Evans, SigC, USA  
Cdr Frederick F. Falls, SC, USN  
Cdr Bernard H. Faubion, DC, USN  
Capt Winston P. Folk, USN  
Col William K. Gormley, Ord, USA  
Mr G. Herman Gilbertson, Dept of Agriculture  
Col James L. Green, CE, USA  
Col Hollingsworth F. Gregory, USAF  
Col John B. Grinstead, TC, USA  
Col Samuel C. Gurney, USAF  
Capt Elgil L. Hanson, CEC, USN  
Capt Kenneth P. Hartman, USN  
Capt John D. Hayes, USN  
Lt Col Russell L. Hawkins, Inf, USA  
Lt Col John H. Hell, Jr., QMC, USA  
Col Charles A. Heim, USAF  
Mr Newton R. Holland, Dept of the Army  
Col William W. Holmes, USAF  
Col Llewellyn C. Howell, USAF  
Lt Col Roscoe C. Huggins, SigC, USA  
Col James L. Jackson, USAF  
Lt Col Henry A. Keller, SigC, USA  
Lt Col Bruce E. Kendall, QMC, USA  
Col Victor H. King, USAF  
Lt Col Pierre A. Kieff, CmlC, USA  
Lt Col Nathaniel W. Koenehan, Ord, USA  
Col Philip F. Kromer, Jr., CE, USA  
Col Philip F. Kundel, Ord, USA  
Col Marshall G. Lassek, USAF  
Capt Walter E. Linaweaver, USN  
Capt Benjamin B. C. Lovett, AVH, USN  
Capt Percy H. Lyon, AVH, USN  
Col Ralph R. Mace, FA, USA  
Col Chester G. Martz, USAF  
Col James E. Mayberry, USAF  
Col Howard M. McCoy, USAF  
Col Alan J. McCutchen, CE, USA  
Lt Col Joshua R. Messersmith, TC, USA  
Lt Col Richard R. Middlebrooks, Inf, USA  
Col William H. Mills, CE, USA  
Lt Col Carroll K. Moffatt, TC, USA  
Mr Lowell B. Moon, Dept of Interior  
Col Charles K. Moore, USAF  
Col James E. Reilly, USAF

Col Bruce D. Rindlaub, CE, USA  
Col Chandler P. Robbins, Jr., Cav, USA  
Col Philip S. Robbins, USAF  
Capt James M. Roberts, EDO, USN  
Lt Col George F. Rogers, SigC, USA  
Col Elmer P. Rose, USAF  
Capt Herman E. Schieke  
Mr Richard U. Sherman, Jr., National Security Resources Board  
Cdr Stephen Sherwood, SC, USN  
Col Benjamin S. Shute, CE, USA  
Lt Col Ralph H. Slevers, TC, USA  
Col Edwin G. Simenson, USAF  
Col William P. Sloan, USAF  
Capt Allen Smith, Jr., AVH, USN  
Lt Col Clinton D. B. Smith, USAF  
Col Ira D. Snyder, USAF  
Lt Col Julius D. Stanton, QMC, USA  
Col Richard Stollie, USAF  
Mr C. Darwin Stolzenbach, Dept of Commerce  
Lt Col Maurice M. Stone, USAF  
Col Ralph B. Strader, CmlC, USA  
Capt John M. Sweeney, USN  
Col William R. Taube, USAF  
Lt Col Enos B. Thornton, SigC, USA  
Col Herbert J. Vander Helde, Inf, USA  
Col Lloyd A. Walker, Jr., USAF  
Col Charles P. Ward, MC, USA

Col Richard H. Wise, USAF  
Lt Col Alexander S. Young, USAF

## Calendar Of Legislation

S. 960. To provide armories for the Reserves. Passed, with committee amendments, by Senate.  
S. 2335. To make revisions in the Officer Personnel Act of 1947. Passed with amendments by House.  
H.R. 8198. To provide for the organization of the Army and the Department of the Army. Conference report adopted. To President.  
S. 2440. To authorize construction at military and naval installations. Signed by President. (Public Law 564.)  
S. 3090. For the relief of Lt. (jg) Charles W. Ireland, SC, USN. Signed by President.  
H.R. 6850. For the relief of Lt. Col. F. A. Ferguson, Corps of Engineers. Passed by House.  
H.R. 7058. To amend laws relating to the Military and Naval Academies. Ordered reported, amended, by Senate Committee on Armed Services.  
H.R. 7764. Construction of naval vessels. Ordered reported, amended, by the Senate Committee on Armed Services.  
S. 3579. For the relief of Midshipman Willis H. Dukelow, USN. Ordered reported by Senate Committee on Armed Services. (Provides for rank of ensign.)  
H.R. 1437. To provide for the organization of the Army and Air Force. Conference Committee agreed.

## Burke to Flag Rank

Capt. Arleigh A. Burke, former head of the Navy's Op-23 section, was nominated this week by President Truman for promotion to the rank of Rear Admiral.

Now serving as Navy Secretary of the Research and Development Board, Captain Burke was selected for flag rank last December, following rumors that his name had been removed from a list of nominees submitted by a Navy board. The report of the Navy selection board was delayed for a considerable period of time but included Captain Burke's name when finally made public.

## World-Wide AF Tourney

The Air Force's top golfers, approximately ninety strong, will arrive at Wright-Patterson AFB, Ohio, the end of July from all over the world to participate in the USAF world-wide golf tournament.

## INDUSTRIAL MOBILIZATION

The Air Force expects to spend \$14,000,000 during fiscal year 1951 for its industrial mobilization planning program.

## Disability Income Tax

Former members of the Armed Services who were retired for physical disability will not be subject to Federal income tax provided they elect to have their pay computed under provisions of the old pay law, according to a ruling by the Commissioner of Internal Revenue.

In a letter to Rear Adm. C. W. Fox, USN, Chief of the Bureau of Supplies and Accounts, the Acting Commissioner, Mr. Fred S. Martin stated that "if he (a member of the Armed Services who was retired for physical disability) elects to have his disability retired pay computed in the amount authorized therefor by provisions of law which were in effect prior to 12 Oct 1949 (the date of enactment of the Career Compensation Act of 1949), the pay is exempt under the provisions of section 22(b)(5) of the Internal Revenue Code."

The Acting Commissioner pointed out, however, that "if he elects to have his disability retirement pay computed on the basis of years of active service it will under the provisions of section 402(h) of the Career Compensation Act, be exempt under Code section 22(b)(5) to the extent that it does not exceed the disability retired pay that he would have received if such pay were computed solely on the basis of disability."

The ruling added that "the exemption granted by section 22(b)(5) does not apply to that part of the disability pay computed on the basis of years of active service which is in excess of the pay that he would receive if it were computed solely on the basis of percentage of disability."

In response to another question presented by Admiral Fox, the Acting Commissioner ruled that at the time of the election, either during or at the termination of the five-year period, the taxable portion of the lump sum payment (if any) will be included in the gross income for the year in which it is received.

## New Procurement Regulation

A general revision of the Armed Services Procurement Regulation to bring up to date those sections which so far have been issued has been published by the Department of Defense.

The regulation, which prescribes uniform procurement standards for the Army, Navy, and Air Force, will include a total of 15 sections when completed. Eleven full sections and Part 1 of another are now in effect. These are Sections I through VI, Part 1 of Section VII, and Sections IX, X, XI, XII, and XV.

Sections I through VI, Part 1 of Section VII, and Section XII have been reprinted in full to show all revisions made up to 1 June. Sections IX, XI, and XV have not been reprinted due to the small number of changes but revisions of these sections are listed in an instruction sheet printed with the general revision. Section X has not been revised and is not included. The instruction sheet also itemizes all other changes which have been made in the entire regulation.

The complete reprint and list of changes are bound together as one document, "Armed Services Procurement Regulation, Revision No. 1, June 1, 1950." It may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at 45 cents a copy.

## MOBILIZATION PLANNING

The Department of Defense has earmarked about 30,000 industrial plants for mobilization planning purposes and some planning already has been accomplished in about 18,000 of these facilities. Of the total number, more than 20,000 are in the small business category.

## Approve 70 Groups

Reiteration of Congressional approval in principle of the 70-group Air Force program came again this week as conferees on the Army-Air Force composition bill (HR 1437) accepted the House authorization for 70 groups.

The Senate, in passing the measure originally, had stricken out the House authorization for the 70 groups, holding that the retention of the authorization for a total of 225,000 airframe tons would give the bill more flexibility.

The conferees agreed to the Senate strength for the Army officers which provided 30,600 instead of the House's 33,500. The Senate figures, however, are exclusive of the Nurse Corps, Women's Medical Specialist Corps, and U. S. Military Academy professors, which are authorized under other laws.

House figures on Air Force officer strength were accepted. These provided 27,500 instead of the Senate's 22,400, but included the Nurses and Women's Medical Specialists.

The provision authorizing the Air Force to procure 5,200 aircraft or 42,500 airframe tons annually was stricken from the bill.

## Army Temp. Promotions

With the advent of Fiscal Year 1951 only a week away, Army personnel officials were reported late this week reviewing the overall officer-rank situation to ascertain the number of temporary promotions which can be made to ranks below that of colonel.

It had been stated earlier this year that these temporary promotions likely would be made this Summer. However, there is a possibility now that they may be delayed until later in the year.

If this is done, the likelihood is that selections for temporary promotions to ranks below that of colonel would be made at the same time that consideration is being given to eligible officers for the permanent promotions that are made each year.

It is recalled that this technique was used for the recent promotions to colonel. The board reviewed records of Regular officers for permanent promotion and records of both Regulars and Reserves for temporary advancement.

There is still the possibility however, that the Army may make some temporary promotion selections prior to convening of boards for permanent promotion selection. It is expected that this will be decided at a forthcoming meeting of personnel officials with Secretary of the Army Frank Pace, jr.

## Personnel Expenditures

Military personnel costs for the Army, Navy, Air Force and Marine Corps are expected to reach \$4,292,700,000 during fiscal year 1951, not including \$356,000,000 which will be paid to members of the Armed Forces on the retired list.

Official Department of Defense statistics show that \$3,172,000 will be required to pay 1,507,000 men and women—630,000 in the Army, 461,000 for the Navy and Marine Corps, and 416,000 in the Air Force.

Food costs will total \$515,400,000, while individual clothing and equipment needs are set at \$112,600,000.

For transportation necessities, the Armed Forces will spend \$178,000,000, and other costs will approximate \$314,700,000.

## INDUSTRIAL PLANT RESERVE

The Nation's industrial plant reserve, consisting of 200 plants, cost \$2,000,000,000.

## QM Procurement Procedures

BY MAJ. GEN. HERMAN FELDMAN  
The Quartermaster General of the U.S. Army

**A**GGRESSIVE application of new policies and procedures as established on the Department of Defense and Department of the Army levels, together with dynamic development of specialized programs to meet peculiarly Quartermaster problems, mark the Fiscal Year 1950 as a period of unusual progress in the evolution of Quartermaster Corps procurement methods.

Particular emphasis has been placed by the Quartermaster Corps upon the successful implementation of new procedures and practices made possible through unification of the Services.

Typical of this emphasis is the Corps' recently-completed conversion of specifications for all non-perishable food items purchased by Army Quartermaster Corps for the Army, Navy and Air Force to either Federal or Military specifications. Of the 390 non-perishable subsistence specifications now in use by the Quartermaster Corps, 250 are now in the Federal series and 140 in the military series.

These subsistence specifications represent the first group of items covering the entire range of a commodity to be converted under the Department of Defense program calling for standardization of procurement specifications.

In cooperation with the other Services, there has been achieved a standardization of such items as cotton underwear, socks, sweaters, and sleeping bags. Work is progressing rapidly on the standardization of utility textiles, including webbing, denims and cotton twills. Accomplishment in this field is exemplified in the standardization of the new Air Force blue uniform cloth, which is identical with the Army 18-ounce serge in every respect except for color.

Among the typical Quartermaster problems most recently met and solved by the development of special procurement procedures has been the fact that the appearance and fit of clothing items cannot be assured on the basis of specifications alone. Tailoring, if not always an art, is at least a highly specialized technique. It is essential that the work be done by manufacturers experienced in producing garments of the required tailoring quality.

To insure that clothing contracts are awarded to manufacturers capable of delivering garments with the requisite appearance and fit, Invitations to Bid now require bidders to submit evidence of quantity production during the past 12 months of a similar military or civilian item of tailoring quality equal or better than the standard samples on display at the purchasing office. Under certain conditions, they also may be required to submit actual samples of work produced.

Since Quartermaster supplies are so closely related to civilian goods, cover such a wide range and include so many comparatively low-cost items, a large proportion are adapted to manufacture by small business. Realizing that this is true with Quartermaster items, to a greater extent, perhaps, than those of any other Service, the Quartermaster Corps has made a particular effort to give every assistance, within Department of the Army policies, to small business, including the appointment of small-business liaison officers at each purchasing office. A total of more than 70 per cent of all Quartermaster procurement transactions, or 57 per cent of every dollar, went to small business firms during the calendar year 1949.

Because of the type and number of items for which it has procurement responsibility, the Quartermaster Corps is acutely aware that the success of its procurement program depends upon the respect and cooperation of private industry. It is aware, further, that this respect and cooperation is assured only by keeping industry fully and promptly informed

Mr. John A. McCone (right) is sworn in as Under Secretary of the Air Force by Secretary Thomas K. Finletter (left) while Former Air Secretary W. Stuart Symington and Mrs. Rosemary McCone look on.

Maj. Gen. Feldman

of the Corps' procurement activities.

The Quartermaster Corps particularly welcomed the recent development of the new system whereby information on invitations-to-bid, as issued by all of the Armed Forces, is now made available to industry on a nation-wide basis through Department of Commerce field offices. A similar Quartermaster program, on a less comprehensive scale, has been in operation for nearly two years through the New York Quartermaster Procurement Agency, which issues regular press releases containing synopsis of invitations-to-bid as well as of bids received and contracts awarded.

Reaction of the trade press, of industrial associations and others utilizing this Quartermaster service, now made immeasurably more effective through the Department of Commerce distribution, confirms the Quartermaster Corps' basic precept that prompt, widespread and impartial dissemination of procurement information is one of the most vital factors in sound military-civilian industrial relations.

## Study Insurance Group

A House subcommittee on Armed Services resumed testimony this week on its investigation of the operation of the Armed Forces Mutual Benefit Association. Particular attention was paid to objections voiced by the National Association of Life Underwriters that the service association, operated under the then Chief of Finance, Maj. Gen. W. N. Kasten, was competing with civilian insurance organizations.

In defense, it was testified that the Judge Advocate General of the Army had ruled that the group insurance plan for officers going overseas was legal and that at the time of its organization General of the Army D. D. Eisenhower, although declining to accept its presidency, had said that he had no objection to its operation if the JA held it to be legal.

General Kasten, now retired and general manager of the Association at a salary of \$1,000 a month, testified that while the group used government offices it paid for its own stationery and postage and telephone calls. It now has its own office. Col. Roy Green, now a retired reserve officer, had been "agent of record" for the insurance when it was written by the Equitable Assurance Co., but lost that status when it was shifted to other firms, it was said. It was testified that Colonel Green served as agent while on terminal leave but not while on active duty and that in his trips to ports of embarkation to solicit policies he paid his own expenses.

## Colonel Gard's Son

Attention has been called to the fact that the list of U. S. Military Academy graduates who are "Sons of the Service," published in the 10 June issue omitted the name of Robert G. Gard, Jr., son of Col. R. G. Gard, FA, USA, Treasurer at the U. S. Military Academy.

## Air JAG Ruling

Pending a more adequate determination of the requirement for Judge Advocate General officers in the Air Force Reserve, no further applications for appointment under AFR 45-24 will be accepted until further notice.

Applications for appointment which are on hand under this regulation will be held in abeyance and no further appointments will be made pending completion of a study of Air Force requirements for Reserve JAG officers.

## Air University Graduates

Graduation exercises were held 16 June for approximately 735 senior officers of the Air Force, Army, Navy and Marine Corps completing courses in Air University schools and institutions at Maxwell and Gunter AF Bases, Ala.

General Hoyt S. Vandenberg, Chief of Staff, USAF, delivered the graduation address at Maxwell. General George C. Kenney, Commanding General, Air University, introduced General Vandenberg.

Exercises were held at Gunter for the 40 students completing the Air Communication and Electronic Staff Officers' Course. General Kenney delivered the graduation address and presented diplomas to the students. Col. Wilfrid H. Hardy, Commandant, USAF Special Staff School, Craig AF Base, Ala., was present for the ceremonies. Col. Harold W. Grant, Director of the Gunter School, introduced General Kenney. Chaplain (Maj.) O. S. Brown, Maxwell AF Base, Ala., gave both the invocation and the benediction.

Graduates were:

## All-Army Golf

The All-Army Golf Championship Tournament for 1950 will be held at Ft. Knox, Ky., 6 to 12 Aug. Army team and individual championships will be determined at the tournament. In addition, a senior division tourney open to active duty and retired Army personnel over 50 years of age is to be held.

Each major Army Command is authorized to send a six-man team to the tournament. The championship will be determined on the basis of an aggregate total score for 36 holes of play. The five lowest scores for each team will be combined to compute the aggregate scores. The team with the lowest scores will win the team championship. In case of a tie, an additional nine holes will be played.

The All-Army individual champion is to be selected from among 36 low score participants in the team play. This group will play an additional 36 holes of golf to determine an individual winner. The senior division winner will be determined on the basis of a low score for 72 holes of play.

## MDW Golf Tourney

Some 75 golfers from Army installations will play over the links at the new Ft. Belvoir, Va., golf course next month in the 1950 Military District of Washington Golf Tournament.

Maj. Gen. Thomas W. Herron, MDW commander, announced the tourney dates as 10-13 July. All Army personnel in the MDW area are eligible.

## ROA Convention Set

The Reserve Officers Association of the United States will hold its 24th national convention 28 June to 1 July at the Mayflower Hotel, Washington, D. C., it is announced by Comdr. John P. Bracken, USNR, national president of the Association.

Secretary of the Army, Frank Pace, jr., will be the featured speaker at the annual banquet to be held 30 June.

## Automotive Equipment

The Army plans to purchase 8,000 commercial trucks and 9,000 tactical vehicles at a total expenditure of slightly more than \$60,000,000 during the coming fiscal year, Assistant Secretary Karl R. Bendetsen told the Senate Appropriations Committee during its recent hearings.

Top priority in the major procurement program, Mr. Bendetsen said, is the limited production of a family of tanks and the procurement of new antiaircraft equipment suitable for defense against jet-propelled aircraft.

"A substantial sum is included for general purpose vehicles," he said. "We have worked out a program of vehicle replacement which will utilize our wartime stocks and, at the same time, gradually introduce trucks from new procurement. This program has been developed against the fact that as the years pass World War II stocks will have worn out, and so that trucks in the hands of troops will be suitable for combat should an emergency befall."

"Another aspect of the vehicle replacement program is important. We consider it unwise and uneconomical to store large numbers of general purpose tactical vehicles against use in a future emergency, but it is evident we must have some reserve on which we can depend. We believe that American industry can maintain that reserve and we propose to carry out this plan by procuring each year against our outstanding requirements a certain number of tactical vehicles. In furtherance of our belief, we are requesting in this budget 46.8 million dollars to buy about 9,000 new tactical vehicles. The know-how and production facilities will thereby be maintained in industry. In other words, this will assure the existence of a nucleus production line. Should war come, production can be expanded around this nucleus rapidly enough to give us at least an approach to the vehicle production required."

"In addition to the tactical vehicles, we are requesting 16.3 million dollars to purchase some 8,000 commercial trucks for replacement of tactical vehicles now operating in the administrative fleet. We feel that this action is consonant with the suggestions of the Congress during the hearings on last year's budget estimates. We agree that it is unwise to operate tactical vehicles for administrative purposes over our domestic road net, because of the higher initial and operational cost of the tactical vehicle."

Asst. Sec. Bendetsen

## Army War College

Recently reestablished with temporary site at Ft. Leavenworth, Kans., the Army War College will be located permanently at Carlisle Barracks, Pa.

This will necessitate transfer of the Armed Forces Information School, Army Security Agency School and the Chaplains School to yet-undetermined locations by 15 April 1951.

Pending selection of the permanent site for the Army War College, the 1950-1951 course is scheduled for Ft. Leavenworth.

This week the Department designated the following officers to duty as students at the 1950-51 course to report at Ft. Leavenworth in September. (All are lieutenant colonels, except those designated by an asterisk (\*) who are colonels):

## Gen. Clark Inspects

Accompanied by members of his staff, General Mark W. Clark, Chief of Army Field Forces, departed Ft. Monroe, Va., 20 June on an extended inspection trip to military installations throughout the United States.

His itinerary includes visits to Ft. Leavenworth, Kans.; Ft. Sill, Okla.; Ft. MacArthur, Camp San Luis Obispo and Ft. Ord, Calif.; Ft. Lewis, Wash.; Presidio of San Francisco; and probably Camp Carson, Colo.

## Army Generals

(Continued from First Page)

capacity since 1 April, 1950, with the rank of major general.

### Other Nominations

The President nominated the following 24 officers for promotion to permanent and temporary major general and brigadier general:

### Permanent Major General

Maj. Gen. James Kirk, assistant to the Chief of Ordnance, Washington, D. C.  
Maj. Gen. Alfred B. Quinlan, jr., now with the Munitions Board, Washington, but assigned to the Office, Chief of Ordnance, effective July 1, 1950.  
Maj. Gen. Frank A. Helleman, Chief of Transportation, Washington, D. C.

### Permanent Brigadier General

Brig. Gen. Egbert F. Bullene, Commanding General, Army Chemical Center, Edgewood, Md.  
Brig. Gen. George I. Back, Signal Officer, Far East Command.  
Brig. Gen. Andrew D. Hopping, Chief, Supply Division, Office of the Quartermaster General, Washington, D. C.  
Brig. Gen. William L. Barriger, Assistant Commanding General, 9th Infantry Division, Fort Dix, N. J.  
Brig. Gen. Jonathan L. Holman, Deputy Commandant, Industrial College of the Armed Forces, Washington, D. C.

### Temporary Major General

Brig. Gen. Roy V. Rickard, Chief, Special Services, European Command.  
Brig. Gen. John H. Church, Chief, Ryukyus Military Government Section, Far East Command.  
Brig. Gen. Truman C. Thorson, Chief, U. S. Military Liaison Mission, Soviet Zone, Europe.  
Brig. Gen. Thomas F. Hickey, Chief of Staff, U. S. Forces, Austria.  
Brig. Gen. Robert H. Soule, en route to 3d Infantry Division, Fort Benning, Ga.

### Temporary Brigadier General

Col. Charles F. Colson, Commanding Officer, Fort Devens, Mass.  
Col. John H. Stokes, jr., Headquarters, 6th Army, Presidio of San Francisco, Calif.  
Col. George W. Read, jr., G-4, Logistics, Headquarters Constabulary, European Command.  
Col. Francis H. Oxx, Office of the Chief, Army Field Forces, Fort Monroe, Va.  
Col. Richard C. Partridge, Deputy director of Intelligence, Headquarters, European Command.  
Col. Francis W. Farrell, Sandia Base, New Mexico.  
Col. George Hennen, member of the staff and faculty, The Infantry School, Fort Benning, Ga.  
Col. Edward T. Williams, Chief of Staff, 1st Infantry Division, European Command.

### Permanent Brigadier General, MC

Brig. Gen. George W. Rice, Chief Public Health Officer, Panama.

### Temporary Brigadier General

Col. Sam F. Seeley, MC, Chief of Surgery, Walter Reed Hospital, Washington, D. C.  
Col. Paul I. Robinson, MC, Office of the Surgeon General, Washington, D. C.

## Reserve Retirements

Announcement has been made by the Department of the Army of the retirement under Public Law 810 of the following officers of the Reserve Components:

Maj Ed J Vogel	Capt E H Doughty
Col F H All	Capt F E Scheppeler
Maj Albert F Johnson	Lt Col J B Jackson
Col E N Schillinger	Maj F H Parnell
Col R B Richards	Lt Col E E Carlson
Lt Col E W Jenkins	Lt Col J D Andrews
Col H P Witten	Col M L Poteet
Col J J Moorhead	Col W C Fargo
Lt Col A A Jaffe	Lt Col O L Campbell
Maj J H Seamans	Col J F Bright
Col B R Kirklin	Lt Col F P Rawson
Lt Col A Roth	1st Lt R J Schauer
Capt F DeV Sill	Brig Gen D P Hardy
Maj J K Raney	Col H G Storke
Lt Col E H Marxen	

## Memphis General Depot

The officers who served at the Memphis, Tenn., General Depot since it was established at the early part of World War II are holding a reunion on 1 July 1950 at the depot. This was arranged for at the close of the war.

It was the opinion at the time that after five years, all those who had worked together at this depot and had established such an enviable record in operating efficiency would again meet and renew the close personal associations developed during this critical period. Every effort is being made for an interesting meeting and to care for those who attend, including some housing at the depot.

## Military Transportation

By MAJ. GEN. FRANK A. HEILEMAN  
Chief of Transportation

TRANSPORTATION, as it affects our national economy and the operating problems of the military and commercial organizations of this nation, is getting more attention today than at any time in its history.

Maj. Gen. Heileman

This increased emphasis on transportation, and the unification of the Armed Forces affect the organization and functions of the Army's Transportation Corps.

Modern warfare and its demands for rapid movement of personnel and things have proved beyond a doubt that transportation is one of the primary factors of successful military operations. It is, of course, a primary factor in the economic life of an industrial nation.

Military knowledge includes not only strategy and tactics, but also the knowledge of the principles and practice of military movement and administration—the logistics of war, defined as "The art of planning and carrying out military movement, evacuation and supply." Today the speed and steady flow of traffic dictates the progress of war, and the resulting requirement for maximum efficiency is leading to specialization in the various modes of transportation.

In connection with the present thinking that transportation agencies are most efficient when making their major effort along the lines in which they have the most experience, the Transportation Corps of the Army is transferring its supply and equipment procurement responsibilities to other agencies and will devote its energies to its principal function of providing or securing transportation services for the Army. This primary mission is a major task. During World War II the Transportation Corps Shipped overseas over 125,000,000 measurement tons of cargo, and over 7,000,000 passengers. The responsibility for sea transportation for the Department of Defense has now been centralized in the Military Sea Transportation Service of the Navy, and the fleet of cargo and passenger ships formerly operated by the Transportation Corps has been transferred to the Military Sea Transportation Service. The Transportation Corps remains responsible for land transportation for the Army, and for some aspects of Air Force and Navy land transportation, mostly traffic management functions.

This apportionment of transportation responsibility is an example of specialization along technical and strategic lines. In time of war the Navy will be responsible for sea operations, including protection of the sea lanes and the sea transportation utilizing those lanes. In time of war the Army will be responsible for land operations, including land transportation systems and movements over those systems.

Ports are the junction points where a transition is made from land transportation to sea transportation and vice versa, or from land transportation to air transportation and vice versa.

It is apparent that if functional specialization of transportation is carried to a logical conclusion, the Air Force will have primary cognizance of military air transportation, the Navy of military sea transportation, and the Army of military land transportation. It is equally apparent that there must be some agency to coordinate the utilization of the three modes of transportation by the three armed services to secure efficiency, economy, and equitable allocation of avail-

able transportation facilities. The Joint Military Transportation Committee of the Joint Chiefs of Staff has been established to carry out this responsibility.

The Transportation Corps is the youngest of the Army Services. It is presently in existence by authority of Executive Order No. 9082, 28 Feb., 1942, and General Order No. 38, W.D., 31 July 1942. Legislation has passed both Houses of Congress making the Transportation Corps a part of the permanent establishment.

Its mission is as follows: "To provide or secure transportation services for the Army, including traffic management, technical and administrative advice and recommendations on matters relating to transportation, and to provide the military departments of the Department of Defense with those land and inland waterway transportation services and facilities for which the Department of the Army has responsibility, including the administration of the functions of the Central Military Land Traffic Office."

In executing its mission it must depend in time of war on the whole hearted support of the transportation industries which did such outstanding service in World War II. The preservation of those fine relations with industry is one of the traditions of the Transportation Corps. We feel that in any future war the Transportation Corps can rely on its civilian counterpart, the transportation industry, to carry the war to a successful conclusion.

## Army Reorganization

(Continued from First Page)

the measure as it went to the President.

The Senate bill changed the name of the Corps of Engineers to Engineers Corps, but the House conferees insisted on the retention of the historic title, which was accepted by the conferees.

The bill as finally passed also retains the provision in the House Bill that the composition and strength of the Corps of Engineers, as provided by the National Defense Act of 1916, as amended, be preserved as the minimum statutory strength. The Senate Bill would have repealed this provision. The bill also retains the provisions of the Act of 1941, prescribing the duties of the Chief of Engineers, which the Senate had voted to repeal.

In its final form the bill abolishes the Cavalry as a separate arm, and substitutes Armor. It consolidates Coast Artillery and Field Artillery as the Artillery branches. It provides statutory recognition for the Transportation Corps and the Military Police Corps.

Under the bill the basic branches of the Army are: Infantry, Armor, Artillery, Corps of Engineers, Signal Corps, Adjutant General's Corps, Quartermaster Corps, Finance Corps, Ordnance Corps, Chemical Corps, Transportation Corps, Military Police Corps, and "such other basic branches as the Secretary of the Army deems to be necessary."

The special branches of the Army will be the several corps of the Army Medical

Army Navy Air Force Journal 1149  
24 June 1950

Service, the Judge Advocate General's Corps, and the Chaplains. In addition, there will be a Women's Army Corps.

In general, the bill makes no marked change in the present organization of the Army, which was established by Executive Orders promulgated under the wartime powers of the President for the duration of the emergency. The bill provides a statutory permanence for the temporary war organization. The new organization is much more flexible than has been the case heretofore, and is a marked departure from the legal rigidity historically imposed by Congress on our peacetime Army.

## Two-Timer Vet Assn.

Maj. Oscar T. Smith, CMP Res., has been elected First Assistant National Chief of the Two-Timer Veterans Association, whose membership is limited to veterans who have served honorably in at least two of the nation's major wars. The largest club, of 241 members, is in San Diego, Calif.

Major Smith was a master sergeant in World War I. His last active duty World War II assignment was as Director of Security and Intelligence at Camp Fannin, Tex.

## AIR OFFICER PAY

The average Air Force officer receives \$6,500 a year in pay and allowances.

## Navy Supplies

by Rear Adm. C. W. Fox, SC, USN  
Chief, Bureau of Supplies and Accounts

**D**URING the past calendar year the Bureau of Supplies and Accounts supervised the purchase of over \$578 million worth of supplies and services for the Navy and other military departments. Of this amount, over 85% was bought through field purchasing activities outside the Washington Area.

The significance of this fact exists in the growing recognition of the need to de-emphasize Washington as the focal point of Navy contracting. With no loss of broad policy control exercised by the Bureau's headquarters in Washington, the systematic dispersion of purchasing operations is paying real dividends in economy, speedier consummation of contracts, and better contract administration.

In the place of a vast centralized procurement agency located in one city the Navy has a series of smaller, more streamlined major purchasing activities located in key cities throughout the United States. Predominant among these field activities are the Supply Demand Control Points such as the Aviation Supply Office at Philadelphia, the Electronics Supply Office at Chicago, the Yards and Docks Supply Office in Port Hueneme, the Ships Parts Control Center at Mechanicsburg, and the Navy Purchasing Offices in New York, Norfolk, San Francisco and Los Angeles.

To representatives of industry this dispersal of purchase functions means a better definition of broad commodity procurement points. It means less red tape, easier access to key contracting and technical personnel and better contractual relations with the Navy in general. Most important of all, it means the elimination of the bottleneck of a single, all-embracing purchasing establishment in the event of a national emergency with all its attendant confusion and expansion.

The Navy Purchasing Offices, which accounted for over \$240 million of the total spent under the Bureau's administration last year, will continue to function generally as regional procurement offices to serve other satellite naval activities on both coasts. These offices handle contracts for stevedoring services in our key ports, household effects moving and storage services, general supply

Rear Adm. Fox

items, and miscellaneous technical requirements for surrounding naval installations.

The Supply Demand Control Points, which handled over \$280 million in contracts last year, will continue to purchase the technical items which flow into their respective supply systems. Last year the Aviation Supply Office purchased over \$238 million worth of aviation components and supplies. The Ships Parts Control Center handled over \$22½ million in parts and assemblies for fleet units. The Electronics Supply Office, whose purchase operation has only recently gotten into full swing, is expected this year to treble its million-and-a-half dollars worth of highly technical electronic equipment for Navy use. The Yards and Docks Supply Office, responsible primarily for construction and mining equipment, public works machinery and automotive supplies, handled over \$7½ million worth of contracts during the past year.

These figures for last year's procurement volume under the control of the Bureau of Supplies and Accounts are indicative of the trend toward a greater allocation of technical purchasing functions to field activities. Taken as a whole, BuSanda's participation in purchase constituted almost one-half the total of Navy purchases for the past year, indicating that this Bureau is being assigned an ever increasing share of the purchase responsibility for the highly technical materials used throughout the fleets and the naval establishment.

With these tremendous responsibilities in the management and operation of the Navy's Supply System, it is incumbent upon the Bureau of Supplies and Accounts to keep abreast of the fast-changing techniques and tools of naval warfare by maintaining a nucleus of trained purchasing experts who can be responsive to the requirements of the fleets and who at the same time understand the impact of these requirements upon industry. By following a policy of decentralization, in keeping with current security plans, the Bureau is spreading its purchase workload over a wider base, is gaining in contracting experience, and is providing for greater protection of that vital link which connects our naval forces with the industrial might of the nation. By "farming out" its major purchase functions to the field, the Bureau has provided that, should a catastrophe befall the Washington area in any sudden attack from foreign quarters, the basic operations of supply and procurement may continue uninterrupted by the losses sustained in headquarters.

### DERIVATION OF "CHEVRON"

The word "chevron" comes from the French word meaning "roof-rafter."

# U. S. NAVY & MARINE CORPS

## Pick Reserves for Captain

Twenty-nine Naval Reserve Commanders have been picked by a Navy selection board for promotion to the grade of Captain.

The board, convened on 5 June, was the first commander-to-captain board for Naval Reserve Officers since the end of World War II. Rear Adm. Kenmore M. McManes headed the board.

Among those recommended for promotion were Capt. Harry Sartoris (AV), now on active duty in the Office of the Chief of Naval Operations.

Three other aviators, also on active duty, who were selected by the board were Capt. Granville G. Briant, Executive Officer of the Akron, Ohio, Naval Air Station; Capt. Leif S. Melsom, Commanding Officer of the Lincoln, Neb., Naval Air Station; and Capt. Norman O. Anderson, Executive Officer of the Grosse Ile, Mich., Naval Air Station.

The only other officer selected who is on active duty was Comdr. Thomas H. Mitchell, Naval Reserve Intelligence Program Officer, First Naval District, Boston.

Others recommended were: Leroy J. Alexanderson, Executive Officer, SS America, United States Lines.

James I. MacPherson, Master, United States Line Vessels.

John G. Hart, Babylon, Master, United States Line Vessels.

Fred E. Angrick, Master Mariner, American President Lines Vessels.

Alexander C. Kopper, Master of American Export Line Vessels.

Robert L. Burley, Chief Engineer, Socony-Vacuum Oil Co. Tankers.

Earl Trosino, Marine Chief Engineer, Sun Oil Co. Vessels.

Hedley G. Hansen, Master of American-Pacific Steamship Tanker.

Cyril B. Hamblett, Master, Moore and McCormack Lines Vessels.

Robert C. Corley, Vice President, Corley Printing Co., St. Louis, Mo.

Wharton E. Larned, Superintendent of Flying, United Air Lines.

Louis A. Gillies.

Lell L. Young, Supervising Principal, Board of Education, San Mateo, Calif.

Maurice E. Paradise, President, National Fabricated Products, Inc., Chicago.

William F. Minners, Chief, Systems-Facilities Branch, Federal Communications Commission.

Howard B. Abrahamson, St. Paul, Minnesota.

John H. Moore, General Plant Superintendent, Otter Tail Power Co., Fergus Falls, Minn.

Ray H. Parker, Plant Training Supervisor, The Pacific Telephone & Telegraph Co., S.E.

Edward B. Flaherty, Principal of the Boston Evening Trade School, Boston.

Samford D. Fulton, Professional Engineer (Mechanical), Pa.

Samuel J. Singer, Lawyer, Firm of Singer and Berlinger, New York, N. Y.

Joseph A. d'Avi, Vice President, The Hills Brothers Co., N. Y.

William T. Alexander, Dean of Engineering, Northeastern University, Boston, Mass.

Ralph A. Sawyer, Dean of Horace A. Rockham School of Grad. Studies, Univ. of Michigan, Ann Arbor.

## INFANTRY DIVISION EQUIPMENT

An Army Infantry division requires more than 20,000 weapons of all types, more than 2,000 radios and over 4,000 vehicles.

## Marines End Track-Field

The Marine Corps ended its third annual Track and Field championships at Quantico, Va., last week-end, after establishing five new Marine records.

Bill Jesse, member of the Quantico football squad, and Dave Davidson of Camp Lejeune, N. C., established new records in the javelin throw and high jump, respectively. Jesse threw the javelin 200 feet 8½ inches, to break the former 198 feet 2 inch record set by Quantico's Bill Patton in 1948. Davidson scaled 6 feet 2½ inches on the high jump, one inch greater than the record previously set by Quantico's basketball star Cy Waldrop.

Others who established new records were Camp Lejeune's Dan Green (half mile in two minutes); Camp Pendleton's Eugene Holehan (quarter mile in 50.7 seconds); and Camp Lejeune's relay team, Hewitt, McSherry, Bertholf and Green (3:29.5).

Results in the events were as follows: 100-Yard Dash—1, Swinden (El Toro); 2, Walker (Pendleton); 3, Ambrogli (Parris Island). Time, 0:10.3.

220-Yard Dash—1, Carter (Lejeune); 2, Walker (Pendleton); 3, Williamson (Cherry Point). Time, 0:23.3.

440-Yard Run—1, Holehan (Pendleton); 2, Halliday (Pendleton); 3, Hewitt (Lejeune). Time, 0:50.7.

880-Yard Run—1, Green (Lejeune); 2, Knuppel (Pendleton); 3, McCorville (Dept. of Pac.). Time, 2:00.

One Mile—1, Hart (Quantico); 2, Said (El Toro); 3, Vialpando (Pendleton). Time, 4:33.5.

High Jump—1, Davidson (Lejeune); 2, Brannon (Quantico); 3, Tyson (Quantico). Height, 6ft. 2½ in.

Javelin—1, Jesse (Quantico); 2, Patton (Lejeune); 3, Litner (Lejeune). Distance, 200 ft. 8½ in.

Mile Relay—1, Camp Lejeune (Hewitt, McSherry, Bertholf, Green); 2, Pendleton; 3, El Toro. Time, 3:29.5.

Discus—1, Schargus (Quantico); 2, Morris (Quantico); 3, tied between Boeler (Lejeune) and York (Quantico). Distance, 141 ft. ½ in.

Sprint Medley Relay—1, Quantico (Hart, Gordon, Schaeffer, Aloy); 2, Camp Lejeune; 3, El Toro. Time, 3:38.4.

## Star for Col. Maas

Col. Melvin A. Maas, national president of the Marine Corps Reserve Officers Association, has been selected for promotion to the rank of brigadier general in the Marine Reserve.

A former Congressman, General Maas is a member of the Department of Defense Civilian Components Policy Board.

## Joins Aviation Firm

Capt. H. T. Orville, USN, will retire next week after 29 years of Naval Service to join the Bendix Aviation Corporation, as Director of the Friez Instrument Division in Baltimore, Md.

During World War II, Captain Orville helped to develop the Navy's wartime aerological organization, aircraft tracking of typhoons and hurricanes, and set up weather station networks in China and stations in Eastern Siberia under the Potsdam agreement.

He was advisor to the Secretary of the Navy, the Commander in Chief, United States Fleet and the Chief of Naval Operations on all technical and operational weather matters. He was the only active Naval Officer ever to be elected President of the American Meteorological Society.

## Scholarships to Navy Sons

The Admiral Farragut Academies have made available to sons of regular officers of the Navy, Marine Corps and Coast Guard (active, retired or deceased) three two-year scholarships, two in their New Jersey school, and one in their Florida school, with a total value of \$800 each (\$400 per year), commencing September 1950. These scholarships are limited to the junior and senior years' work and applicants must enroll for two full years.

Applications for these scholarships should be received in the Bureau of Naval Personnel not later than 25 July 1950. Applications should include a small photograph, a statement of the financial status of the parents, transcript of high school record, a letter from the high school principal or secondary school headmaster, and two letters of recommendation from adult friends of the applicant who have known him and watched his development over a period of years.

San Antonio, Texas

Lt. Gen. Lemuel C. Shepherd, Jr., received his "3d star" 16 June from General Clifton B. Cates, Commandant of the Marine Corps, and Mrs. Lemuel C. Shepherd, Jr., during a military tribute to the General's last day as Commandant of the Marine Corps Schools, Quantico. The General will assume command of the Fleet Marine Force, Pacific, next month.

### Marine Corps Procurement

In operating its highly centralized supply system, the functions of procurement planning and the resulting procurement of all types of supplies and material for the Marine Corps use are performed under the direction of the Commandant of the Marine Corps, General Clifton B. Cates, and under the immediate control of the Quartermaster General, Maj. Gen. William P. T. Hill.

Maj. Gen. Hill

An active and effective procurement organization, capable of expansion in time of emergency, is maintained in Washington. This procurement organization is necessary to procure all items which have not proven susceptible to single service procurement assignment and to process procurement during peacetime through single service procurement channels. It is essential to provide the nucleus of an expanded organization capable of absorbing the sudden impact in the event single service procurement encounters forced decentralization in an emergency.

The importance of continuous and flexible procurement planning and programming cannot be stressed too strongly. Procurement lead time, particularly in the case of complicated items having no civilian-type counterpart, will not be available for use for within one to three years, freezing utilization of equipment during that period. Price spirals, not limited to commercial production sources, have required constant review of procurement plans in the past. Although the Fiscal Year 1951 begins within two weeks (at this writing), funds for the procurement of material during the Fiscal Year 1951 have not been appropriated, and, of course, allocations of funds from the Office of the Secretary of the Navy to the Marine Corps cannot be made. While firm procurement plans are impossible under these circumstances, tentative procurement plans have been drawn up, awaiting the approval of the funds necessary to place them into effect.

Briefly, it is planned that at least 65% of all material used by the Marine Corps will be procured from other Government Services during the Fiscal Year 1951. This material falls generally within the category of military type equipment and is procured under single service procurement assignment. Approximately 35% of the material used will be procured commercially or manufactured by Marine Corps facilities.

Funds provided in Fiscal Year 1951 for the procurement of "things" as distinguished from "services" are expected to be less than those provided in Fiscal Years 1949 and 1950. Eliminating such charges as subsistence and clothing, the reduction is expected to be quite significant.

The task of maintaining the Fleet Marine Force in its traditional high state of readiness for emergency employment has received highest priority in procurement planning. The comparatively large sums required to reequip this force with newly developed weapons and collateral equipment will not be available. Therefore, the larger portion of the funds to be allocated must be spent on the upkeep and repair of World War II material now in the hands of the troops. Only a token number of newly developed items of equipment can be procured during Fiscal Year 1951.

Ranking closely with the maintenance of the Fleet Marine Force in being, is the service-testing and evaluation of proposed items of equipment within the sphere of tactics, techniques, and equipment of landing forces in amphibious operations.

Present plans call for Marine Corps procurement of certain items of equipment developed by various research and development agencies of the Department of Defense, such equipment to be service tested by the Marine Corps to determine suitability of the equipment for amphibious force use. Usually such equipment procured for test purposes by the Marine Corps will satisfy the rigid amphibious force equipment requirements. However, more generally, equipment developed to meet the needs of other services requires modification in order to make the equipment suitable for amphibious force use. The suitability of new equipment for amphibious force use can only be determined by comprehensive service tests. Therefore, the Marine Corps procures many items of equipment developed by other research and development agencies of the Department of Defense for amphibious test purposes. These items of equipment which are procured for amphibious test purposes are tested by the Marine Corps Equipment Board, Quantico, Virginia, and by the Fleet Marine Force on amphibious maneuvers. The Marine Corps does not maintain a Research and Development Organization of its own.

Budget ceilings again limit procurement in this area to a minimum number of prototype equipments which have been developed to the point where service testing can be accomplished.

The supporting establishment, including the depot supply system and its accompanying stocks of supplies in direct support of the Fleet Marine Force, receives last priority in Procurement Planning. It has been reduced to the minimum consistent with its logistical responsibilities. Funds released by this reduction will be applied to first priority programs.

Although procurement programming for Fiscal Year 1951 cannot be considered firm at this time, it appears that the Marine Corps will procure appreciably smaller quantities of practically all items of supply during 1951 than it has in any year since 1940. Funds that are made available for procurement purposes during the Fiscal Year 1951 will be concentrated on detailed procurement objectives, and those only that affect the vital interests of the Corps in extracting the utmost in balanced combat efficiency from the dollars allocated.

### Navy Medals Legend

The Navy has advised all ships and stations of an addendum to the Register of Commissioned and Warrant Officers of the U. S. Navy and Marine Corps, dated 1 Jan. 1950.

Column seven of the active list of the Register contains an encoded indication of the highest award of certain medals and decorations to Navy officers, but the legend was inadvertently omitted.

The legend which should have been included in the Register is:

- 1—Medal of Honor
- 2—Navy Cross
- 3—Distinguished Service Medal
- 4—Silver Star Medal
- 5—Legion of Merit
- 6—Distinguished Flying Cross
- 7—Navy and Marine Corps Medal
- 8—Bronze Star Medal
- 9—Air Medal

### AF Housing OK'd

The Air Force has approved plans for construction of housing at five bases in the United States as follows:

At Lowry AFB, Colo., 384 units will be built at an average monthly rental of \$73.83. Airmen will pay \$52 a month for 40 one-bedroom units; \$60 for 56 two-bedroom quarters; and \$70 for 96 three-bedroom units. Officers will pay \$60, \$80 and \$97, respectively, for 40 one-bedroom, 56 two-bedroom and 96 three-bedroom units.

At Rapid City AFB, S. D., 401 units will be built at an average rental of \$86.56. Airmen will be allocated 54 one-bedroom, 160 two-bedroom, and 52 three-bedroom units to rent for \$50, \$60 and \$70 monthly. Officers are to receive 26 one-bedroom, 80 two-bedroom, and 28 three-bedroom units, plus one four-bedroom single-type unit to rent, respectively, for \$65, \$80, \$95 and \$120.

At Keeler AFB, Miss., 580 units are to be constructed at an average rental of \$67.10. Airmen are to receive 88 one-bedroom units at \$45; 158 two-bedroom quarters at \$56.50, and 90 three-bedroom units at \$68. For officers, six one-bedroom units will cost \$58; 84 two-bedroom units, \$68.50, and six three-bedroom units, \$79; plus 54 three-bedroom single units, \$95, and six four-bedroom single units, \$120.

At Randolph AFB, Tex., 600 units—588 multifamily and 12 single quarters—will rent for an average monthly payment of \$70.42. Airmen will receive 18 one-bedroom, 236 two-bedroom, and 106 three-bedroom units at \$52.50, \$62.50 and \$72.50, respectively. For officers 156 two-bedroom units will cost \$72.50; 72 three-bedroom units, \$87.50, while the 12 four-bedroom singles will rent for \$105.

At the Long Range Proving Ground, Cocoa, Fla., 180 units—156 of them singles—will rent for an average of \$65.50. Airmen will receive 24 one-bedroom, 72 two-bedroom singles, and 48 three-bedroom singles at costs of \$50, \$60 and \$70, respectively. For officers, 19 two-bedroom singles will cost \$75; 14 three-bedroom singles, \$85; two three-bedroom singles, \$95, and one three-bedroom single, \$105.

### AF School Contracts

The Air Force has forwarded contracts totalling \$592,500 to the Spartan School of Aeronautics, Tulsa, Okla., and Aero Technical Institute, Glendale, Calif., for training approximately 550 airplane and engine mechanics beginning 1 Aug. 1950 and ending 30 June 1951.

The program will test the practicability of technical training at civilian facilities.

#### Regulation

## SUMMER UNIFORMS

for ARMY & AIR FORCE  
Officers, Enlisted Personnel

All uniforms and equipment are guaranteed to be in strict accordance with latest regulations. Quality first. Money back guarantee unless you are satisfied.

### Reassign Air Generals

The U. S. Air Force has announced the reassignment of three general officers.

Maj. Gen. Bryant L. Boatner, Assistant Deputy Chief of Staff, Comptroller, will become Commanding General of the Air Proving Ground, Eglin AFB, Fla., replacing Lt. Col. William E. Kepner, who was named Commander in Chief, Alaskan Command, 14 June. General Boatner's transfer is effective 25 July.

Maj. Gen. Edward W. Anderson, Chief of Staff, Third Air Division, Middlesex, England, will replace General Boatner as Assistant Deputy Chief of Staff, Comptroller, effective 24 July.

Brig. Gen. J. P. McConnell, Deputy Special Assistant to the Chief of Staff for Reserve Forces, will replace General Anderson as Chief of Staff, Third Air Division, effective 24 July. No replacement for General McConnell has been announced.

### Graduate AF Course

Twenty-eight graduates of the first five-month course of the Air Installations Special Staff Officer's Course, USAF Institute of Technology, were awarded diplomas in graduation ceremonies this week at Wright-Patterson AFB, Ohio.

Graduates were: Majors John F. Aselta, Colin F. Burch, Carl G. Coats, John M. Etter, Edward Gastreich, Roscoe G. Rector, Harry J. Sessums, Norman P. Tucker; Captains Nestor W. Coll, Robert J. Downey, Jacob F. Fullilove, Willard C. Haynes, Allan D. Howser, Charles V. Liebscher, Francis A. Maloney, Richard G. Miller, Robert C. Rainier, Kenneth L. Rhodes, Raymond S. Rollings, William B. Shortley, Sidney Smith, John B. Trumble, Fielding F. West; Lieutenants Harold Hendler, Alfred S. James, Frank E. John, Carl P. Maas, and Paul E. Price.

### Test B-45 Turbojets

The Air Force has announced that flight operations soon will begin with a B-45 four-jet bomber in an accelerated program to test G-E turbojet engines for USAF planes.

At Dayton, Ohio, the chief of the American Materiel Command's Power Plant Laboratory, Col. M. C. Demler, said the intensive flight operations will provide invaluable data on service life of the engines, overhaul intervals and modifications necessary.

The bomber, now based at the company's Flight Test Center in Schenectady, N. Y., where the tests will be held, will be manned by a G-E flight crew.

### Promoted to Colonels

The Air Force yesterday, 23 June, released the names of 96 lieutenant colonels promoted to the temporary rank of colonel and the names of 112 other lieutenant colonels who will receive similar temporary promotions as vacancies occur.

The 96 officers promoted immediately will hold rank from 22 June, the date of their order, except for a few officers whose date of rank will be earlier, as indicated below.

This marks the second group of temporary promotions under the new Air Force policy to make temporary advancements as vacancies occur. Earlier this month, the names of officers promoted and selected for future temporary promotions to the rank of lieutenant colonel were released.

The names of the officers listed in the order in which they will be promoted on the various promotion lists are as follows:

#### Regular Officers

### Deliver Lockheed Fighters

The Air Force accepted delivery of the first two Lockheed F-94 Interceptor jet fighters at San Fernando Airport, Van Nuys, Calif., on 16 June and the aircraft were flown immediately to Larson AFB, Moses Lake, Wash.

In accepting the planes, designed to track and destroy fast, high-flying enemy bombers during both daylight and darkness and under all weather conditions, Brig. Gen. William M. Morgan, vice commander of the Western Air Defense Force, said:

"Today's occasion is especially important to those of us who are concerned with the air defense of the United States, as the F-94 is the first jet-powered all-weather fighter-interceptor to be delivered to an operational unit of the Air Force."

"It represents a decided step forward," said General Morgan, "in the effort to develop an air defense system for the protection of important population and industrial centers here in the west, such as Los Angeles and San Francisco. The F-94 is the product of an extensive research and development program for all-weather fighter aircraft and is indicative of the very valuable results which can be achieved through the joint efforts of the Air Force and aircraft manufacturers."

Built by the Lockheed Aircraft Corporation of Burbank, Calif., the F-94 is a two-place interceptor version of the F-80 "Shooting Star." It is designed for high-altitude, radar-controlled interception of enemy aircraft. Modern electronic approach and landing aids are incorporated in the F-94 design to give it all-weather capabilities.

The F-94 is powered by an Allison J-35 turbo-jet engine rated at 5,200 pounds of thrust on take-off, plus afterburning. Afterburning consists of spraying fuel directly into the jet exhaust behind the turbine wheel. It provides the additional power necessary for the F-94 to climb rapidly to extreme altitudes on interceptor missions.

The USAF has ordered a "substantial production quantity" of F-94 aircraft from Fiscal Year 1949 and 1950 aircraft procurement funds.

### Stratofreighters Assigned

The Military Aid Transport Service has announced the arrival of the first three of nine new Boeing C-97A Stratofreighters to be assigned to MATS Atlantic Division at Westover AFB, Mass.

These giant, double-decked transport and a nucleus of 21 trained men are the basis for the formation of the new 125th Air Transport Squadron at Westover, which is headed by Lt. Col. Lopez J. Montoux and which will be complemented in the near future with the balance of the aircraft and additional personnel.

### Permanent Colonels

Release of the list of officers selected for promotion to the permanent rank of colonel in the Air Force is expected this month or early in July.

Officers selected will be on five lists, as follows: USAF, Medical (Doctors), Dental, Medical Service and Chaplains.

## Would Shift USAF Services

(Continued from First Page)

other rights, benefits or privileges. "The names of personnel transferred from the United States Air Force to the Regular Army shall be inserted on the applicable Army promotion list according to the seniority in grade held at the time of transfer under such regulations as the Secretary of Defense may prescribe," the legislation provides.

That the Air Force will offer forceful arguments in support of recently created separate Medical Service, Chaplains and Judge Advocate General's divisions is certain. Its officials have contended that the specialized requirements of the Air Force require such separation.

At the present time, a major general of the Air Force heads each of these functions.

If Chairman Vinson's viewpoint should prevail during the lengthy hearings which are anticipated on Capitol Hill, thousands of officer and enlisted personnel would be transferred from the Air Force. Army responsibilities would be increased considerably.

Likewise, it is apparent that Mr. Vinson desires that the Army perform for the Air Force as much quartermaster and engineer work as possible. Presumably, this would mean the transfer of other hundreds of officers and airmen to the Army.

The bill stipulates that all such transfers are to be made no later than one year after date of enactment of legislation.

The surprise occasioned by introduction of the measure this week stems from the fact that Air Force officials had told Mr. Vinson earlier this month that they were nearing completion of the final draft of an organizational law. It was assumed he would wait for the Air Force to send its bill to Capitol Hill before initiating action.

The fact that the Air Force is operating without the restrictions of organizational legislation came to the fore during the recent hearings on the Army Organization Bill. Repeatedly during the hearings, Army witnesses, arguing against imposition of one or another Congressional restriction, pointed out that the Air Force had no such limitation.

Time and again, Mr. Vinson, who attended almost all these hearings, indicated that he was aware of this and intended to press for passage of such legislation for the Air Force. The issue immediately came to further prominence during the hearings on the Air Force request for an increase in the number of generals and lieutenant generals. Mr. Vinson said the moment was opportune then to tie the increase in top-ranking officers to formal organization legislation. He told the Air Force to bring in such a bill.

In addition to the features of the measure affecting medical officers, chaplains, judge advocates general and quartermaster and engineer personnel, there were these other highlights of Chairman Vinson's organization bill:

1. The duties of the Secretary of the Air Force are prescribed in detail for the first time.

2. The Air Force staff is set up to include a Chief of Staff, Vice Chief of Staff, and a maximum of five Deputy Chiefs of Staff, plus their deputies and assistants whose tour on the Air Force Staff would be limited normally to four years, with field duty required for at least two years after that assignment.

3. Except in time of war or national emergency declared by Congress, not more than 2300 officers can be detailed or assigned to the Department of the Air Force.

4. Provision is made for an Air Adjutant General, who would have the rank of major general.

5. Similarly, an Inspector General is to be appointed with the rank of major general. (At present, the Air Force Inspector General is a lieutenant general.)

6. Under the Inspector General, there is to be a Provost Marshal General and a Director of the Office of Special Investigations with the rank of brigadier general.

7. Five major commands would be created, each to be headed by a commanding general with the grade of general: Continental Air Command, Strategic Air Command, Tactical Air Command, Air Materiel Command and European Support Command.

8. Provision is made for the duration of

any war or national emergency for the Secretary of the Air Force to establish new major commands or discontinue or consolidate the major air commands cited above.

## Air Force Plane Purchases

The recent release by a Senate appropriations subcommittee of Air Force testimony on the 1951 budget, which goes into effect on 1 July, shows that if the Nation wants the 70-group Air Force, urged by the President's Air Policy Commission, aircraft procurement funds would have to be increased to \$3,200,000,000 annually in fiscal years 1954, 1955 and 1956.

Air Force officials said that maintenance of a modern 48-group structure, the present defense goal, will require \$1,550,000,000 in new obligational authority for fiscal year 1951, with gradual increases to \$2,000,000,000 each year in 1955 and 1956 for aircraft procurement.

With regard to possible expansion of the Air Force to a 70-group strength, General Hoyt S. Vandenberg, USAF Chief of Staff, told the Senate group that "unless we operated under a full mobilization directive, such an expansion would take at least two years."

Asked whether he would agree with a statement that "our defenses were woefully weak," General Vandenberg said that "speaking only from the Air Force point of view, we believe that the number of groups that we have is below that minimum force that we think is the minimum required."

The Air Force's No. 1 officer said that in order to maintain a 70-group structure, the total funds allocated to the Air Force would have to be increased to a level-off figure of about \$7,500,000,000 in fiscal year 1953.

The Air Force budget for fiscal year 1951, as submitted to Congress by the President, called for \$4,433,000,000 although Secretary of Defense Louis Johnson asked later that an additional \$200,000,000 be added for aircraft procurement.

This will permit the Air Force to purchase during fiscal year 1951 a total of 1,450 aircraft at a total cost of \$1,550,000,000.

During the Senate testimony on the 1951 budget, former Secretary of the Air Force W. Stuart Symington reiterated the chief features of the 1951 fiscal year program. These he described as follows:

(1) Continued replacement of obsolescent World War II aircraft. This is a continuation of the aircraft modernization program, presented to you at various times in the past. The current status of that program will be presented during the course of these hearings.

(2) Continuance of a vigorous research and development program. Air Force research and development is being coordinated with the other two services, in an effort to avoid unnecessary duplication. It is hoped this program will keep our country abreast or ahead in such technological developments as are required to support the Air Force of the future. More on that later.

(3) Provision for (a) an adequate domestic defense of the United States;

(b) A long-range strategic striking force, capable of instant and sustained devastating retaliatory action; and

(c) A tactical air support for both the Army and Navy.

(4) Maintenance of a military aircraft industry. The Air Force procurement program is designed toward meeting the needs of the Air Force, both in peace and in the event of mobilization. There is the obligation of assisting industry to develop its ability to mobilize and expand in the event of future emergency. Such mobilization requires that industry be able to recruit skilled manpower and expand its mechanical facilities.

(5) Continued development of our civilian components. These organizations consist of the Air National Guard, the Air Force Reserve, and the Air Force Officers' Training Corps. The importance of the civilian components to the security program of our country is recognized. The strengths of these organizations during the current year are approaching the stabilization point. It is believed that the fiscal year 1951 will see all civilian components of the Air Force operating on a level program instead of an expanding one.

## USAF Aid to Civil Air

Pointing out that "it is desirable that some military viewpoint be injected into the civil aviation programs," Secretary of Commerce Charles Sawyer this week asked Congress to enact legislation authorizing the detail of Air Force officers to duty with his Department in connection with the work of promoting civil aviation.

The proposed bill would authorize a maximum of four officers to such duty for periods not to exceed three years each. They would not lose any military pay or credits, but would be allowed to elect Department of Commerce pay in lieu of military pay if they held positions calling for higher rates. Under present law details must not exceed one year.

Secretary Sawyer submitted a supporting memorandum from the Civil Aeronautics Administration as follows:

"The major reasons why military personnel should be detailed to duties or positions in the Civil Aeronautics Administration are as follows:

"1. Experience requirements for top level CAA jobs are so specialized that there is no source of recruitment outside CAA except in the Department of Defense which is engaged in operations very similar to those of CAA. Examples may be found in the operation of airport control towers, aeronautical communications and installation maintenance and operation of aids to air navigation. An outstanding illustration of similar types of activity may be found in the case of the Berlin airlift.

"2. Both CAA and the Department of Defense are engaged in joint and parallel research and development activities to produce new and improved aids to air navigation vital to civil and military aviation. Such activity is directly aimed at the implementation of a common system of air navigation as contemplated by the SC-31 report. Joint ventures of this type can be most effectively advanced by interchange of personnel and common utilization of all available skills and talents.

"3. There is a current and continuing program of formulating joint civil and military plans for utilization of CAA facilities and personnel for military purposes in the event of war. A part of this program is military peacetime utilization of CAA's traffic control and communications systems.

"4. In considerable measure CAA programs are based on eventual national defense needs both directly and indirectly. If the possible

military needs are to be fully considered, it is desirable that some military viewpoint be injected into the civil aviation programs by the utilization of military personnel in at least a few CAA positions.

"5. During wartime, the military has need for large numbers of officers trained in the administration of technical programs. The peacetime activities of the Department of Defense do not provide sufficient scope of operations to train large enough groups of officers in the operation and management of large-scale aeronautical activities. Assignment of some commissioned personnel to CAA would afford military personnel more opportunity for acquiring such specialized experience.

"6. There is a continuing need for very close integration of civil and military programs designed to standardize airborne and ground equipment used for both programs. Interchange of personnel would facilitate such standardization activities.

"Since there is a real and continuing need for the detail of military personnel to the Civil Aeronautics Administration, adequate statutory authority is necessary to permit such personnel transfers. It is our opinion that the general authority to accomplish such transfers here proposed is the most practical method. The introduction of individual bills for each appointment would be impracticable, time-consuming, and an unnecessary burden on the Congress. It is therefore recommended by the Department of Commerce that the scope of the existing statute be extended and that the subject proposal be considered and enacted at an early date."

## Air Officer Losses

Maj. Gen. D. C. Strother, USAF, Director of Military Personnel, has reported that the Air Force expects to lose about 6000 officers during the fiscal year 1951 due to normal attrition and relief from active duty.

He said these will be replaced by graduates of flying training schools, officer candidate school, Service academies, Air ROTC and by persons entering the Air Force from civilian life.

General Strother told a Senate appropriations subcommittee that during 1951 approximately 121,000 airmen will be eligible for separation. He said it is expected that 54,000 will reenlist.

SATURDAY, 24 JUNE 1950

"Two World Wars and recent scientific developments in the art of warfare have clearly demonstrated the need for peacetime planning for war mobilization and for peacetime operation to develop and maintain a high level of industrial preparedness for war production."—HUBERT E. HOWARD, CHAIRMAN, MUNITIONS BOARD.

## OUR PRIORITY LIST

1. Early construction of adequate Government quarters for commissioned and enlisted personnel at all permanent stations, supplemented by satisfactory legislation to encourage private building of dwelling units near Service establishments.
2. Improved retirement pay for wounded and disabled personnel.
3. Continuance and extension of medical and dental care for families of Service personnel; provision for education at Government expense of children of Service personnel on duty at stations where suitable free schools are not available; and survivor benefits for dependents.
4. Restoration of military exemptions from Federal income tax, broadened to include all retired pay from taxation.
5. Early attainment and continued maintenance of a fully-manned 70-group Air Force.
6. Prompt construction of a radar fence and air warning net to cover all avenues of hostile air approach.
7. Rapid expansion of our submarine fleet and accelerated development of anti-submarine vessels and equipment, with continued experimentation and construction of new types.
8. Organization and training of a balanced Mobile Ground Force, including air-borne and amphibious troops, of sufficient strength and ready, with complete and modern equipment, for immediate action in an emergency.
9. Development and improvement of the organization and training of the National Guard, Organized Reserves and other civilian components of the Armed Forces, with appropriate training facilities, and restoration of inactive training pay for all elements.
10. Continued scientific research and development in all new and unconventional devices and methods of warfare based by industry and labor kept constantly ready and trained through production and educational orders.
11. Close supervision and constant restudy of Service promotion and elimination policies and procedures, to insure the prevention or prompt correction of injustices and inequities.

IN his recent testimony before the Senate Appropriations Committee General Omar N. Bradley, Chairman of the Joint Chiefs of Staff, said that in any future war an important reliance for victory would be the tremendous power of our industrial potential. This great American asset was a spectacular factor in winning World Wars I and II. With the dramatic advances that have been made in weapons, ammunition, equipment and the entire varied inventory of implements of modern warfare the role of industry in any possible future conflict is certain to be much more vital than ever before. This responsibility is realized and accepted by leaders of all branches of industry. American industrialists are prepared to convert their plants to war production whenever called upon to do so. Our military leaders are glad to have industry as a full partner in National Security. In this issue there is published a comprehensive list of manufacturers and distributors of a wide array of items required by the Armed Forces in peace and war. This list constitutes a roster of firms ready to serve the Military Establishment at all times. The utilization of their products in peace will increase their readiness to expand to meet the national requirements in war. We suggest that purchasing officers use this list in inviting proposals covering Government purchases. The range of products represented covers practically all of the needs of the Services. Closer daily contact between the military and the representatives of industry will develop that cooperation so essential to the defense of the country.

RECENT technical developments indicate that in the ever-moving cycle of warfare the power of the defense is again swinging upward. In World War II offensive weapons, including especially the atom bomb, demonstrated a marked superiority over the means of defense. However, subsequent to the war experts have devoted much research to mechanisms that could be used, to some extent at least, in countering the distinct advantage heretofore possessed by a powerful assailant. The results are now becoming evident in promising progress in greatly improved anti-aircraft and anti-tank weapons, in the probable use of atomic artillery, in the remarkable power of new types of ammunition, and in the amazing advances in radar, which make possible the instant assembly and automatic utilization of complicated firing data. While these developments are not without value to the offense, they appear to offer a greater advantage to the defense. A conventional modern attack on a grand scale is usually on a relatively narrow front, with a heavy concentration of tanks and extensive air cover. This means an enormous massing of troops, weapons and vehicles in a relatively small area, providing a target of great value to defenders, utilizing the new weapons and ammunition, now in the process of development. Anti-aircraft and anti-tank weapons, firing with deadly accuracy, when fully developed, may be counted upon to blunt the power of an assault, despite numerical superiority of the assailant. The probable availability of new and improved weapons, powerful ammunition, and range-finding equipment, within the next few years, should give renewed confidence to western democracies, menaced by the constant fear of aggression. American scientists, whose work shows such promise, have rendered a great contribution to international security and world peace.

THE National Association of Retired Civil Employees of the Government at a meeting in Washington this week adopted a resolution urging that the retired compensation of civilian employees be exempt from Federal income tax. A strong case can be made for such a proposal. Retirement benefits of employees of private industry under the Social Security System are not subject to income tax. Clearly employees of the Government should not be discriminated against in this respect. Similarly an equally strong case could be made to relieve military personnel from payment of Federal income tax on retired compensation. In retirements for disability that portion of retired pay represented by the percentage of disability is tax-free. However, compensation of those retired for age or length of service remains subject to income tax levies. While at present the military retirement system is non-contributory, the eligibility of military personnel for retirement benefits was definitely considered by the Congress in fixing active duty pay. Therefore, retired compensation should be construed as deferred pay received as annuities after retirement. Under the circumstances any proposal to exempt retirement pay of civilian employees from Federal income tax should be broadened to apply to compensation of retired military personnel.

## Letters to the Editor

Letters expressing individual views and intended for publication should be accompanied by the name and address of the writer, not necessarily for publication, but as evidence of good faith. If the writer desires to omit his name when the letter is published, he should so state. THE JOURNAL may find it necessary to use only extracts from longer letters so that more viewpoints may be represented.

## Enlisted Retirements

Editor, THE JOURNAL:

Prior to the passage of the Career Compensation Act in Oct. 1949, enlisted men who became disabled and had less than 20 years of service were discharged for disability. Many career enlisted men with upwards of 19 years' service were so discharged and receive no retirement credit for their long years of service.

The present disability retirement law discriminates against this group of disabled career enlisted men insofar that it does not grant them an election to change from VA compensation to disability retirement if they so elect.

It is my sincere contention that the present disability retirement law should be amended to correct this injustice against career enlisted men who were discharged for service-connected disability prior to passage of the Career Compensation Act in Oct. 1949.

James A. Ervin

## Colonels' Retirements

Editor, THE JOURNAL:

As I understand it, the real reason for the contemplated forced retirement after June 1953 of all permanent regular Army colonels who have served 5 years in grade was in an endeavor to speed up promotion.

While it is desirable to have a steady promotion rate, such a result should not be accomplished by the Government discarding the very valuable asset which it has in the large majority of these officers. There is no question but that there are advantages in accelerated promotion, so that younger officers will have the opportunity of serving in peacetime in grades somewhat analogous to those they will initially occupy in time of war. However, it is very questionable if the best interest of the Armed Forces would be served by such wholesale retirement of so many outstanding officers, the majority of whom I hazard are in excellent physical and mental condition. One simply cannot substitute youth for experience.

All this talk about accelerated promotion makes many of us smile. My class at West Point, as well as others, were not promoted to captains until we had had 15 or more years' commissioned service. What is it now—7 years? You can understand why we smile, although I must admit that the smile in many cases is somewhat bitter.

When we entered the Army we were informed and it was the law that we could anticipate retirement at age 64 unless physical retirement caught up with us. We predicated our financial planning on this implied contract. Many of us think that retirement at age 60 for these colonels is the solution which will be to the best interest of the Government as well as to the individual. However, if fate decrees otherwise and we go out in 1953, I am sure that we are all grateful to have had the privilege of serving our country for so many years on active duty and that we will continue to do our duty with honor to our country as retired officers.

Colonel, Cav.

## Military Procurement

(Continued from First Page)

staffed and financed procurement activities purchase supplies or services for all departments. Under this type activity fall the purchase of petroleum and medical supplies.

3. Plant cognizance, limited so far to the aircraft industries, exists where one department, for instance, the Navy or Air Force, is assigned the responsibility for purchasing airframes, aircraft engines or propellers for all departments from a particular aviation plant.

4. The fourth method of coordinated procurement, referred to as collaborative purchase, is sparingly used since it is recognized as not being fully responsive to the requirements of the law. It is being used in the textile field where the purchasing officers of the Army and Navy are located in the same building, making possible the interchange of purchase information and the minimizing of inter-service competition in the textile market.

Subsequent to World War II, the Procurement Act of 1947 became law. Under this Act, the Army, Navy and Air Force for the first time in history are on the same peacetime statutory procurement basis. The statute, while specifying that the competitive bid system constitutes the normal method of purchasing, authorized negotiation in 17 separate situations. This resulted in the preservation of the war developed systems of negotiation. The enactment of this statute together with the desire of the Military Departments to coordinate the procurement methods facilitated the development of unified and common procurement policies, procedures and practices. These are embodied in the Armed Services Procurement Regulation covering such matters as contract forms and clauses; patents; inventions and copyrights; bonds and insurance; taxes; labor and contract cost principles. Most of the Sections of the Regulation have been published. The project is more than 75% complete.

It is believed that the success of this effort will not only improve military contractor relationships but will facilitate to a considerable extent, mobilization for a future eventuality.

The capacity of American small business to supply goods for both peace and war must be recognized as an integral part of the total industrial resources of the United States. The good health of small business is essential to a stable business economy and vital to the maintenance of this country's war production potential, both of which are necessary to the national security.

The Department of Defense has taken definite steps to insure the participation of the small businessman in the military procurement program.

First, the Secretary of Defense established in the Munitions Board a Central Military Procurement Information Office. This office is designed to function as a central directing service to guide businessmen to the persons whom they should see in Washington and in the military field offices concerning the sale of their products. The office, however, does not assist in obtaining contracts nor does it provide technical or other information concerning contractual matters which is properly in the sphere of the procurement branches of the military services. Some idea of the volume of business handled by this office is illustrated by the fact that since its establishment in August of last year, the staff has personally interviewed and assisted 2,200 businessmen, has furnished information through correspondence to 4,700 businessmen and has handled more than 13,000 telephone inquiries.

The Army, Navy and Air Force have also appointed a small business liaison official in each of their technical services and bureaus and in all procurement offices to serve as a point of contact for small businessmen who cannot visit Washington and are interested in doing business with a selected military activity.

In January of this year there was also established in the Department of Defense the Munitions Board Small Business Office to serve as a point of contact for

small businessmen interested in discussing problems relating to their dealings with the Department of Defense and to place military procurement information directly in the hands of those who were seeking it.

Under a current arrangement with the Department of Commerce, each of the 55 major Army, Navy and Air Force procurement agencies, daily prepare a synopsis of the invitations for bid that are approved that day. This information is airmailed directly to the Department of Commerce Administrative Office in Chicago and to the Small Business Division of the Department of Commerce in Washington. At Chicago the information received is consolidated, reproduced and distributed to more than 1,000 separate geographical locations where it is available to all businessmen.

The next desirable step was to tell business what contracts had been awarded by the military departments. Again, with the cooperation of the Department of Commerce, the Munitions Board arranged for the dissemination of this type of information. The program will be effective 1 July, 1950. Each synopsis will provide the name of the purchasing office, the name and address of the contractor, a brief description of the commodity or service, the quantity and the total dollar value of the award.

The primary purpose of military procurement is to get materials required for defense, efficiently. There should be no exceptions to the rule that the government be assured that the goods it buys are of right quality and are bought at the right time, from dependable suppliers and at the best price obtainable.

## Foreign Aid and Industry

Hailing the success of the Mutual Defense Assistance Program as "one of the greatest measures this nation has taken to promote peace and stability," Maj. Gen. Lyman L. Lemnitzer, USA, emphasized this week that almost 90 per cent of the funds for this foreign aid will go to American labor and industry.

General Lemnitzer, Director of Military Assistance in the Office of Secretary of Defense Louis Johnson, said that equipment taken from the United States reserve must be placed in first-class condition before shipment. The labor consideration for this work was described as "considerable."

Secondly, said General Lemnitzer, in a radio interview with Mr. Bert Andrews of the *New York Herald Tribune*, the equipment must be replaced. "This replacement," he explained, "together with the new equipment which will be sent directly to the nations concerned, involves a vast amount of new production by American industry."

"In addition to this obvious benefit to industry," he continued, "is the indirect effect which the Program has in broadening the base of our own industrial mobilization."

## Military Contract Data

Effective in mid-July, Department of Commerce field offices and other locations currently serving as outlets for procurement information will make available weekly the names of all contractors awarded Army, Navy, and Air Force contracts of \$25,000 or higher.

The synopses of military contract awards will be consolidated in the Chicago Office of the Department of Commerce from whence they will be distributed to more than 1200 information outlets.

The new plan is part of a continuing program to make military procurement information more easily accessible to businessmen.

## Civilian Components Cost

The Armed Forces will spend \$757,300,000 during the fiscal year beginning 1 July for its Civilian Components.

This includes \$328,400,000 for personnel costs—largely pay for drill periods and field training—and \$367,200,000 for maintenance and operation.

To provide Reserve forces with modern equipment, the Services plan expenditures of \$40,700,000, exclusive of money to be used for aircraft. Public works construction for Civilian Components will reach \$21,000,000.

## "Productive Might" Vital

The Nation's top military industrial planner, Chairman Hubert E. Howard of the Munitions Board, has told Congress that in the face of Russia's great manpower and superior natural resources, the United States must do everything possible to enhance its "productive might."

Mr. Howard warned a Senate Appropriations subcommittee that we must not become overconfident of our ability to supply the needs of war upon short notice. He emphasized the urgency of adequate peacetime planning for emergencies.

"The one potential enemy of the United States," said the Munitions Board Chairman, "surpasses us in manpower and natural resources and has the advantage of geography and terrain. Our only advantage is in the productive might of this Nation."

"It should be clear," he continued, "that our military power is directly dependent upon our ability to marshal, promptly and effectively, our economic resources, manufacturing processes, industrial organization and the productive skills of our people."

Given time to "brace itself," said Mr. Howard, "American industry could carry the enormous production load that any major war effort would impose." However, American industry, he cautioned, "will not have adequate time to accomplish the required conversion of war production, unless in peacetime the following five points are accomplished:

- (1) The detailed planning for mobilization, protection, and servicing of war industry;
- (2) The building of essential reserves of materials, facilities, and equipment for military production;
- (3) The fostering of essential military production capacity that would not otherwise exist or develop in our competitive peacetime economy;
- (4) The education of production and distribution managements, and their personnel, into the needs and problems of military production; and
- (5) The development and establishment of the most efficient and effective mechanisms for procurement and supply management.

Mr. Howard added:

"If recent war experience has taught us anything, it is that national security would be seriously endangered were we to become overconfident of our ability to supply the needs of war upon short notice. The things we make for war are quite different in character than the things we make for peace. The huge and complex American industrial machine ordinarily pours out hundreds of thousands of items contributing to our high peacetime standard of living. It cannot easily or quickly be converted to the making of weapons and supplies needed for war. After the first surprise attack that may initiate the next war, it is certain that we will not have the two years afforded us before Pearl Harbor to get into full-scale war production."

"Even if the dictates of sheer military necessity were considered to be insufficient grounds for preparing, in peacetime, for the rapid shifting of industrial production to a vastly accelerated flow of war matériel, we must still reckon with the problem of providing means to accomplish the transition from peace to war without so seriously disrupting the national economy, or so seriously harming civilian morale, as to prolong the conflict and thereby increase its crushing burdens and intensify the destructive aftermath of war."

"We must, of course, be prepared to defend ourselves against an aggressor; we cannot depend solely upon economic and political diplomacy to maintain the national security. We cannot, with our democratic system and full economy, prepare for defense by producing, during peacetime, sufficient reserves of war goods to match the quantities being produced by a potential enemy that is of totalitarian persuasion. We must, therefore, rely upon the relatively inexpensive methods of industrial preparedness that are proposed in those Department of Defense programs sponsored by the Munitions Board."

"These programs have been carefully considered and are the minimum that can be economically and effectively undertaken to deter attack by an aggressor or to meet such an emergency if it occurs."

"Before the detailed explanation of these programs is undertaken, it should be emphasized that the budget requests of the three

Mr. Howard

military departments for industrial mobilization activities were screened by the Munitions Board. As presented those requests will be substantially less than those originally submitted to the Munitions Board. They have been trimmed down to provide for a minimum program.

"This trimming was done from two standpoints: (1) To assure that the program was tightly constructed, and could be effectively and economically carried out by the respective departments—in other words, to assure optimum return for the dollars to be spent; (2) to achieve, within the limits of total funds for the Department of Defense, a level of program activity that will take us toward industrial preparedness at the progressive rate required by the estimates of possible future emergency—in other words, a program level that takes the calculated risk that we still have some time to get ready before an aggressor actually strikes."

## Reorganize Munitions Board

Reorganization of the Munitions Board to provide closer grouping of offices having related functions was announced recently by Hubert E. Howard, Chairman of the Board. The new plan, which was developed in cooperation with the Department of Defense Management Committee, is designed to meet special needs of the Board and to provide it with a more effective working line-up, Mr. Howard said.

The main effect of the reorganization plan is to regroup all functions having primarily industrial aspects under a Director of Production Management, and all functions concerned with procurement and distribution under a Director of Supply Management.

Maj. Gen. A. B. Quinton, jr., USA, formerly Acting Director of Industrial Programs, becomes Acting Director of Production Management, with the discontinuance of the former title. The plan calls for eventually filling the permanent post of director with a civilian with wide industrial experience. The acting director then would become military advisor so as to provide a balance between civilian and military experience in the industrial programs of the Board.

Under the new Production Management Directorate will come the Offices of Production Planning, Materials Resources, Construction, and Manpower. In addition the former permanent secretariats of the Munitions Board Committees on Aircraft, Petroleum, and Electronics are given status as Divisions and placed under the Director of Production Management.

The post of Director for Military Supply is abolished and Rear Adm. Morton L. Ring, USN, who has been director, changes over to Director of Supply Management, with his present additional duty as Deputy Director of the Staff. In the new post he will continue to supervise offices concerned with procurement and distribution. These include the Office of Procurement Methods, the Office of Distribution Methods, and the Standards, Materials Inspection, and Cataloging Agencies.

The former Directorate of Military Programs is dropped and its offices are placed elsewhere in the organization.

The names of the former Program Coordination Office and the Requirement Coordination Office are changed to the Office of Programs and Plans, and the Office of Requirements and Controls. These together with the Office of International Programs, all of a staff nature, are placed directly under the Director of the Staff. They were formerly under Military Programs.

Brig. Gen. E. C. Langmead, USA, formerly Director for Military Programs becomes Assistant Director of the Staff and will generally assist the Director of the Staff in the coordination of Munitions Board programs.

Advisors to the Munitions Board, who were formerly under the Director of the Staff, are placed directly under the Chairman.

## Engineer Contracts

Contracts involving an estimated expenditure of more than \$700,000 will let by the District Engineer, Seattle District Corps of Engineers, for the rehabilitation of Piers 36 and 37 at the Seattle Port of Embarkation, it is announced. Brig. Gen. Fenton S. Jacobs, Port Commander.

## FOR THE ATTENTION OF PURCHASING OFFICERS OF THE SERVICES

The Firms listed below, were carefully selected, have high standing in their respective lines, and deserve consideration. All purchasing officers are respectfully urged to take advantage of the opportunity business with them would offer for the Government.

### ARMY QUARTERMASTER, NAVAL AND AIR FORCE GENERAL SUPPLIES, FOOD, FUEL, CLOTHING, RECREA- TIONAL EQUIPMENT, ETC.

**Aerosol Automatic Atomizer; Jet Pow-  
er Insect Killer; Aerosol Air Deodor-  
izer; AiroKill Liquid Bug Killer.**

Pine; Douglas Fir; White Fir; Cedar.**

**FEATHER RIVER PINE MILLS INC.**  
Feather Falls, Calif.

**Fire Alarm Systems, Manual; Police  
Signaling Systems; Automatic Fire  
Detection Systems; Air Raid Alarm  
Systems; Emergency Signaling Sys-  
tems—Special.**

**THE GAMEWELL COMPANY**  
1239 Chestnut St., Newton Upper Falls 64, Mass.

**Oil Burners; Oil Fired Furnaces; Gas  
Burners; Gas Fired Furnaces; Water  
Heaters, Automatic.**

**GENERAL AUTOMATIC PRODUCTS  
CORPORATION**  
2300 Sinclair Lane, Baltimore 13, Maryland

**Concrete Mixers; Mortar Mixers;  
Hammermill Pulverizer; Hammermill  
Crushers; Pumps.**

**GILSON BROTHERS CO.**  
P. O. Box 315 A, Fredonia, Wisconsin

**Capacitors, Radio and Radar; Recti-  
fiers, AC to DC, all sizes.**

**GOODALL ELECTRIC MFG. CO.**  
Ogallala, Nebraska

**Micro Wave Guide Assemblies; Bronze  
and non-ferrous metal castings; Fabri-  
cated Bronze Work; Bronze Tablets;  
Bronze Statuary and Memorials.**

**THE GORHAM COMPANY Bronze Division**  
333 Adelaide Avenue, Providence 7, R. I.

**Candy; Cookies; Crackers; Preserves;  
Peanut Butter.**

**GRIGGS, COOPER & CO.**  
1821 University Ave., St. Paul 4, Minn.

**SEWING THREAD.**

**GROVES THREAD CO. INC.**  
Box 671, Gastonia, N. C.

**Hamm's Preferred Beer. Nationally  
distributed, premium quality beer  
available in bottles or cans.**

**THEO. HAMM BREWING CO.**  
720 Payne Ave., St. Paul, Minn.

**Glue—liquid—vegetable; Case Sealing  
Glue (regular); Tin Label Paste;  
Label Glue (Water resistant); Case  
Sealing Glue (Water Proof).**

**INDUSTRIAL ADHESIVE CO.**  
Plant #1—707 W. Davis St., Dallas, Texas  
Plant #2—748 Orange St., New Orleans, La.

**Payroll Denominating Machines.**

**INTERNATIONAL PAYROLL MACHINE  
CO.**  
P. O. Box 292, Reading, Pa.

**Wood Office Desks; Wood Office  
Tables; Wood Bookcases; Wood Cos-  
tumers.**

13th & Vine Street, Jasper, Indiana

**Flat and Molded Hardwood Plywood.  
Plant #1, Jasper, Indiana  
Plant #2, Watsontown, Pa.**

**JASPER WOOD PRODUCTS CO.**  
Jasper, Indiana

**Malleable Iron Ground Joint Unions,  
Union Elbows and Union Tees and  
Flange Unions.**

**JEFFERSON UNION COMPANY, INC.**  
601 West 26th Street, New York 1, N. Y.

**Padded Shipping Bags; Insulated Paper  
Bags; Macerated Paper Packing Pads;  
Furniture Packing Blankets; Cushion-  
ing Materials.**

**JEFFY MANUFACTURING CO.**  
360 Florence Ave., Hillside, N. J.

**Sawmills; Concrete Block Machinery;  
General Machine Jobbing; Machine  
Tools (Bolt Threaders, Screw Slotters,  
etc.).**

**THE KENT MACHINE COMPANY**  
113 E. Portage Trail, Cuyahoga Falls, Ohio

**Keystone Fancy Button Mushrooms;  
Keystone Fancy Sliced Mushrooms;  
Keystone Stems & Pieces Mushrooms;  
Keystone Mushroom Soups; Keystone  
Creamed Sliced Mushrooms.**

**KEYSTONE MUSHROOM CO., INC.**  
P. O. Box 870, Coatesville, Pa.

**Kingsbury Pale Beer in Bottles; Kings-  
bury Aristocrat of Beer in Bottles or  
Cans.**

**KINGSBURY BREWERIES CO.**  
901 Marshall St., Manitowoc, Wis.

**Fishing Reels; Fishing Rods; Ma-  
chined Parts (Aircraft); Control Units  
and Actuators; Aircraft Fabric Testers.**

**LANGLEY CORPORATION**  
660 2nd Avenue, San Diego 1, California

**LEAHY Oil Burners; LEAHY Gas  
Burners; LEAHY Comb. Gas & Oil  
Burners; LEAHY Combustion Con-  
trols; LEAHY Pump Sets (Fuel Oil).**

**LEAHY MANUFACTURING CO.**

Box 2459, Roanoke 10, Virginia

**Genuine Wrought Iron Pipe.**

**A. M. BYERS CO.**  
Pittsburgh 30, Pa.

**Weather Strips; Window, Door and Porch Screens; Combination Storm Sash and Screens; Psychiatric Detention Screens; Caulking (installed).**

**CHAMBERLIN COMPANY OF AMERICA**  
1254 LaBrosse Street, Detroit 32, Michigan

**Air Compressors; Spray Guns; Spray Booths; Pressure Tanks and Hose; Air Filters and Gauges.**

**CHICAGO "G. M. MFG." CO.**  
546 W. Lake St., Chicago 6, Ill.

**Steel, Stainless; Steel, High Speed; Steel, Tool; Steel, Alloy and Machinery; Steel, Special Purpose.**

**CRUCIBLE STEEL COMPANY OF AMERICA**  
405 Lexington Avenue, New York 17, N. Y.  
Branches, Warehouses and Distributors in Principal Cities. Consult your telephone or Thomas' Register for nearest office.

**Air Cooled Slag; River Sand; Gravel; Granulated Slag; Cinders.**

**DUQUESNE SLAG PRODUCTS CO.**  
809 Bingham Street, SS., Pittsburgh 3, Pa.

**Insulated presealed pipe conduit for underground and overhead transmission of steam, hot water and refrigerants.**

**DURANT INSULATED PIPE CO.**  
P. O. Box 88, Palo Alto, California

**Load Binders; Wire Stretchers; Grab and Slip Hooks; Winches; Hoists — Chain.**

**DURBIN-DURCO, INC.**  
6409 Olive St. Road, St. Louis 5, Missouri

**Elastic Stop Nuts (self-locking nuts manufactured to Spec. AN362-363-364-365-366-367 and Special parts); Rollpins.**

**ELASTIC STOP NUT CORP. OF AMERICA**  
2330 Vauxhall Road, Union, New Jersey

**LUMBER — Sugar Pine; Ponderosa Pine; Douglas Fir; White Fir; Cedar.**

**FEATHER RIVER PINE MILLS INC.**  
Feather Falls, Calif.

**Malleable Iron Castings.**

**FEDERAL MALLEABLE IRON COMPANY**  
805 South 72nd Street, Milwaukee 14, Wisconsin

**Sewer Cleaning Tools; Water Main Cleaning Tools; Conduit Rodding Equipment; Sewer Cleaning Contracting; Water Pipe Cleaning Contracting.**

**FLEXIBLE SEWER ROD EQUIPMENT CO.**  
9059 Venice Blvd., Los Angeles, Calif.

**Airplane Hangar Doors; Steel Doors — Industrial Types; Steel Windows — Industrial Types; Steel Windows — Residential Types; Aluminum Windows.**

**MICHAEL FLYNN MFG. CO.**  
Dept. A, 700 East Godfrey Avenue, Philadelphia 24, Pa.

**Compressors and Vacuum Pumps; Pneumatic Conveyors; Unloaders for Bulk Portland Cement.**

**FULLER COMPANY**  
Fuller Building, Catasauqua, Pennsylvania

**Fire Alarm Systems, Manual; Police Signaling Systems; Automatic Fire Detection Systems; Air Raid Alarm Systems; Emergency Signaling Systems—Special.**

**THE GAWELL COMPANY**  
1238 Chestnut St., Newton Upper Falls 64, Mass.

**Concrete Mixers; Mortar Mixers; Hammermill Pulverizer; Hammermill Crushers; Pumps.**

**GILSON BROTHERS CO.**  
P. O. Box 315 A, Fredonia, Wisconsin

**ELECTRIC METERS—Used Watt-hour, Cleaned, Repainted, Dials Set Back, Re-Calibrated, Guaranteed — Single Phase or Poly Phase—Any Amperage, Voltage or Make. Other Electric Equipment used and new; COIN METERS—All New—All Types.**

**HALL'S ELECTRIC METERS**  
116 W. Columbia, Wilmar, Calif.

**Gold Medal High Explosives (Dynamite); Blasting Caps; Safety Fuse; Blasting Accessories.**

**ILLINOIS POWDER MFG. CO.**  
730 Pierce Bldg., St. Louis, Missouri

**Thermocouples; Thermocouple Wire; Pyrometers; Temperature Controls; Pyrometer Charts.**

**INSTRUMENT SERVICE & EQUIPMENT INC.**  
3519 W. 117th Street, Cleveland 11, Ohio

**Concrete Forms, Steel.**

**IRVINGTON FORM & TANK CORP.**  
20 Vesey Street, New York 7, N. Y.

**Malleable Iron Ground Joint Unions, Union Elbows and Union Tees and Flange Unions.**

**JEFFERSON UNION COMPANY, INC.**  
601 West 26th Street, New York 1, N. Y.

**Sawmills; Concrete Block Machinery; General Machine Jobbing; Machine Tools (Bolt Threaders, Screw Slotters, etc.).**

**THE KENT MACHINE COMPANY**  
113 E. Portage Trail, Cuyahoga Falls, Ohio

**Paper, Blue Print, Sensitized; Paper, Brown Print; Cloth, Blue Print, Sensitized; Blue and Brown Printing; Direct Process Printing (Ozalid, BW, etc.).**

**KEYSTONE BLUE PAPER CO.**  
51 North 13th Street, Philadelphia 7, Pa.

**Open Steel and Aluminum Grating; Open Steel & Aluminum Bridge Decking; HEXTEEL Heavy Duty Steel Mesh Landing Mats; FLOORSTEEL Armor Mesh for bridges, docks and heavy floors; FLEXTEEL Open Steel Mesh Conveyor Belt.**

**WILLIAM F. KLEMP CO.**  
6801 S. Melvina Ave., Chicago 38, Illinois

**Gray Iron Castings; Malleable Iron Castings; Malleable Iron Construction; Washers and Concrete Inserts.**

**LAKEVIEW MALLEABLE CASTINGS CO.**  
Racine, Wisconsin

**LEAHY Oil Burners; LEAHY Gas Burners; LEAHY Comb. Gas & Oil Burners; LEAHY Combustion Controls; LEAHY Pump Sets (Fuel Oil).**

**LEAHY MANUFACTURING CO.**  
1804 East 8th St., Los Angeles 21, Calif.

**THE LUG-ALL COMPANY**  
Wynnewood 5, Pennsylvania

Lumite Saran Screening; Lumite Woven Saran Fabric; Lumite Synthetic Fabrics; Lumite Synthetic Industrial Fabrics.

**LUMITE DIVISION—CHICOPEE MFG. CORP. OF GEORGIA**  
40 Worth Street, New York 13, N. Y.

Hangars; Warehouses; Utility Buildings, Steel and Aluminum.

**MACOMBER INCORPORATED**  
Canton 1, Ohio

Turnbuckles; Babbitt Ladles; Load Binders; Upset Forgings; Screw Machine Products.

**NORRIS BROTHERS INC.**  
208 E. Poplar St., Robinson, Ill.

Granite; Building Granite; Dry Dock Granite; Bridge Granite; Riprap.

**THE NORTH CAROLINA GRANITE CORP.**  
Mount Airy, North Carolina

Liquefied Petroleum Gas Plants; Prefabricated Sectional Steel Houses; Heat Exchangers; Anhydrous Ammonia Plants; Geophysical Equipment.

**PETROLEUM ENGINEERING CORP.**  
122 So. Michigan Avenue, Chicago 3, Illinois

ROL-TOE Hydraulic Jacks (10 & 25 Ton); Safety Latch Aero Hyd. Jacks; Power and Manually operated Hyd. Jacks to Specifications.

**WILLIAM S. PINE**  
1635 East 22nd Street, Los Angeles 11, California

Marine Plywood; Aviation Plywood; Container Plywood; Hollow Core Flush Veneered Doors; Solid Core Flush Veneered Doors.

**PLYWOODS-PLASTICS CORP.**  
Hampton, South Carolina

Price Tickets—Celluloid; Steel Shelf Moulding; Changeable Signs; Menu Covers; Price Ticket Holders.

**PRICING PRESS**  
103 Lafayette Street, New York 13, N. Y.

Scales—Automatic Coal; Scales—Automatic Hopper; Bins—Storage; Conveyors—Belt; Packers—Feed and Flour.

**RICHARDSON SCALE CO.**  
448 Van Houten Ave., Clifton, N. J.

Chain Link Fencing; Modern Chain Link (no rail); Gates; Non-Climbable Fence; Woven Wire Fence.

**ROBERTSON FENCE CO.**  
4026 34th Avenue, Cincinnati 9, Ohio

Electric Operators—Sliding Doors; Electric Operators—Swinging Doors; Electric Operators—Overhead Doors; Electric Operators—Sliding Gates; Electric Operators—Swinging Gates.

**ROBOT APPLIANCES, INC.**  
13165 Prospect Avenue, Dearborn, Michigan

Crawler Track Presses; Portable Universal Presses; Army Wheel Presses; Shop Presses; Forcing Presses.

**RODGERS HYDRAULIC, INC.**  
7401 Walker Street, Minneapolis 16, Minnesota

#### Sheet Glass.

**ROLLAND GLASS COMPANY**  
1200 N. 25th Street, Clarksburg, W. Va.

Compressed air measuring and dispensing apparatus; Hose Reels—Air—Water—Grease; Couplings—Hose—Kwik Konnect; Accurate job machining to Blue Print; Guns—Air—Blow.

**ROMORT MFG. CO.**  
227 N. Main St., Oakfield, Wis.

Lifting magnets; Magnetic Sweepers; Plate and Pipe Handling Magnets; Magnetic Retrievers; Special Magnets (Electro and Permanent).

**F. W. SHRADER COMPANY**  
5788 Washington Blvd., Culver City, Calif.

TOOLS for Plumbing and Heating; Rotary Pipe-Hole Saws; Tubing-Hole Extension Drills; Soil Pipe Vise; Special Wrenches.

**R. M. STARBUCK & SONS, INC.**  
P. O. Box 1318, 42 Allyn Street, Hartford 1, Conn.

Electric motor-driven Siren and Siren-lite (6 or 12 volts DC) for all types of motor-operated vehicles; Hand-operated Sirens; Sirens—¼ hp. to 5 hp. electric motor-driven—stationary type, for fire and emergency alarms.

**STERLING SIREN FIRE ALARM CO., INC.**  
56 Allen Street, Rochester 6, N. Y.

Danger Steel Signs; Safety Steel Signs; Notice Steel Signs; Direction Steel Signs; General Steel Signs.

**STONEHOUSE SIGNS, INC.**  
842 Larimer St., Denver 4, Colo.

Paper, Wax Coated, used for Stylus Recording, furnished in Rolls, Sheets and Printed Charts, also used for Teletype Rolls (Auto-Copy), one to nine copies. Our Teletype Rolls are designated in the Federal Standard Stock Catalog UU-P-547c, as B1, Type 1, Class C.

**THE STYLOGRAPH CORPORATION**  
205 W. Main Street, Rochester 14, N. Y.

Conveyors; Bins; Silos; Weighing; Distribution.

**SY-CO CORPORATION**  
39 Broadway, New York 6, N. Y.

Dial and Strip Charts and Business Forms.

**TECHNICAL CHARTS INCORPORATED**  
188 Van Rensselaer St., Buffalo, New York

Electric Switches; Duplex "T" Recepticals; Conduit Fittings; Outlet Boxes; Wall Plates.

**TITECO INDUSTRIES**  
910 Third Street, Davis, California

Corrugated Metal Pipe; Sectional Plate Pipe and Arch; Corrugated Metal Underdrain Pipe; (Names of Member Companies on Request).

**TONCAN CULVERT MFGRS. ASSOC., INC.**  
1151 Terminal Tower, Cleveland 13, Ohio

Paint Grinders and Mills; Homogenizers; Pigment Grinders; Food Processing Machinery; Chemical Machinery.

**TRI-HOMO CORPORATION**  
Rear 90 Highland Ave., Salem, Mass.

Tufcrete Floor RESURFACER: TUF-TITE Concrete Waterproofing; TUF-SEAL Concrete Waterproofing; TUF-DENSE Concrete Hardener; TUF-TOP Concrete Surface Treatment.

**TUFCRETE CO. INC.**  
506 Teachout Bldg., Des Moines 9, Iowa

Valves for Gasoline Distribution; Truck Fill Stands; Airport Refueling System; Truck Tank Valves.

**WHEATON BRASS WORKS**  
110 Walnut Street, Newark 5, N. J.

**WILKINSON LINE LOCATOR.** An electronic instrument for locating, tracing and determining depth of underground pipes and cables.

**WILKINSON PRODUCTS CO.**  
P. O. Box 1774 Wilshire-LaBrea Sta. Los Angeles 36, Calif.

Hypo-Chlorinators; Water Purification Equipment.

**WILSON CHEMICAL FEEDERS, INC.**  
P. O. Box 998, Buffalo 5, N. Y.

### ORDNANCE, WEAPONS, MACHINERY, AUTOMOBILES, TRUCKS, ACCESSORIES AND SUPPLIES

Ammunition handling mechanisms—automatic; Machine gun parts and assemblies; Fire Control mechanisms; Process machinery; Radar antennae and pedestals; mechanisms.

**AMERICAN MACHINE & FOUNDRY CO.**  
511 Fifth Avenue, New York 17, N. Y.

Straight spur and helical gears, 64P to 2P—60" maximum pitch diameter; Straight bevel gears, 64P to 1P—60" maximum pitch diameter; Spiral bevel gears, 32P to 3P—18" maximum pitch diameter; Worms and Worm gears, 48P to 1½P—30" maximum center distance; Ground tooth spur gears, 10" maximum diameter by 10" maximum face; Spur and helical generated racks, 32P to 4P; Complete transmission assemblies.

**AMGEARS, INC.**  
6633 West 65th Street, Chicago 38, Illinois

Industrial Explosives; Detonation Devices; Acids; Ammonium Nitrate.

**ATLAS POWDER COMPANY**  
Wilmington, Delaware

Flame Arrestors; Control Valves; Safety Heads; Dehydrators (Glycol type and Dry Desiccant type).

**BLACK, SIVALLS & BRYSON, INC.**  
718 Delaware, Kansas City 6, Missouri

Clocks—Jeweled, Manual and Electric; Timers—Interval and Elapsed Time; Fuses—Mechanical; X-Ray—All sizes and types; Fabrics—Pile of natural and Synthetic material.

**THE GEORGE W. BORG CORP.**  
902 Wisconsin Street, Delavan, Wisconsin

"SAUTER" Time Switches, Parts and Repair.

**BROWN BOVERI CORPORATION**  
210 Spring Street, New York, N. Y.

Valve Facing Machines; Valve Seat Grinders; Valve Seat Insert Tools; Cylinder Boring Machines; Line Boring Machines; Piston Grinders.

**CEDAR RAPIDS ENGINEERING CO.**  
902 17th St., N.E., Cedar Rapids, Iowa

Fork Lift Trucks, Gas and Electric; Towing Tractors, Industrial.

**CLARK EQUIPMENT CO.**  
1000 Vermont Avenue, Washington, D. C.

Mechanical Presses; Hydraulic Presses; Custom Built Machinery; Pneumatic and Hydraulic Cushions.

**CLEARING MACHINE CORPORATION**  
6499 West 65th Street, Chicago 38, Illinois

"STAG" Steel Belt Lacing; "TWIN-STAG" Steel Flexible Lacing; "COLUMBIA" Round Belt, Belt Hooks; "DIXIE" Belt Staples; "STAR" Tumbling and de-burring Barrels.

**COLUMBIA BELT HOOK & MFG. CO.**  
8850-60 Avalon Blvd., Los Angeles 3, California

Heat Treatment of all Steels; Controlled Atmosphere Furnaces; Salt Baths for Hi-Speed Steels; Precision Hardness Inspection; Liquid Honing and Sandblasting.

**COOK HEAT TREATING CORP.**  
5934 Alcoa Avenue, Los Angeles 58, California

Split Rivets; Tubular Rivets; Special Solid Rivets; Brake Lining Rivets; Special Heated Products.

**J. W. COOMBS MFG. CO.**  
Fort Washington, Pa.

Steel, Stainless; Steel, High Speed; Steel, Tool; Steel, Alloy and Machinery; Steel, Special Purpose.

**CRUCIBLE STEEL COMPANY OF AMERICA**

405 Lexington Avenue, New York 17, N. Y. Branches, Warehouses and Distributors in Principal Cities. Consult your telephone or Thomas' Register for nearest office.

Cushman Motor Scooters; Cushman Motor Scooter Parts; Cushman Gasoline Engines; Two Horsepower to Five Horsepower; Link-Belt and Baldwin-Duckworth #40 Roller Chain @ 0.42 per foot.

**CUSHMAN MOTOR WORKS, INC.**  
P. O. Box 1353, Lincoln 1, Nebraska

Pasteurizers; Stainless Steel Vats; Truck Tanks; Storage Tanks; Equipment for Dairy and Food Processing Industries.

**DAMROW BROTHERS' COMPANY**  
196 Western Avenue, Fond du Lac, Wis.

Special Screw Machine Products; Special Tools, Dies, Fixtures and Gages; Stampings, Medium Size and Gage Assemblies, Involving Stampings, Spot Welding.

**DEERFIELD MFG. COMPANY**  
Fourth Avenue, Mason, Ohio

**MACHINERY GUARDS** (trade name) Magnetic Grip-Shields.

**THE DILLEY MFG. CO.**  
1656 Ansel Rd., Cleveland 6, Ohio

Clutch Parts; Bolts and Nuts; Fuel Lines; Expansion Plugs; Springs.

**DORMAN PRODUCTS**  
1004 Sycamore St., Cincinnati 2, Ohio

## FOR THE ATTENTION OF PURCHASING OFFICERS OF THE SERVICES

The Firms listed below, were carefully selected, have high standing in their respective lines, and deserve consideration. All purchasing officers are respectfully urged to take advantage of the opportunity business with them would offer for the Government.

### Ordnance, Weapons, Machinery, Automobiles, Trucks, Accessories and Supplies (Continued)

**DC 4, Silicone Compound** for sealing ignition systems and disconnectable junctions, meets ANC Spec. 128A; **DC Silicone Greases** for ball bearings operating at abnormally high and low temperatures; **DC Silicone Electrical Insulation** for increased life and power per pound ratio in electrical equipment; **Silastic, Dow Corning Silicone Rubber** useful at -100° to 500° F; **Sight Savers, Dow Corning Silicone** treated lens tissues available under Fed. Spec. UU-P313B, Type III.

1740 Broadway, New York 19, N. Y.

*TV-FM Receiving Antennas; Transmitting Arrays; Mobile Antennas; Antenna Accessory Equipment; D.F. and Navigational Equipment.*

**TELREX, INC.**  
Neptune Highway, Asbury Park, N. J.

*Paint Grinders and Mills; Homogenizers; Pigment Grinders; Food Processing Machinery; Chemical Machinery.*

**TRI-HOMO CORPORATION**  
Rear 90 Highland Ave., Salem, Mass.

*WILKINSON LINE LOCATOR. An electronic instrument for locating, tracing and determining depth of underground pipes and cables.*

**WILKINSON PRODUCTS CO.**  
P. O. Box 1774 Wilshire-LaBrea Sta. Los Angeles 36, Calif.

*Boxes, Wood Wirebound; Crates, Wood Wirebound; Shipping Containers, Wood Wirebound.*

**WIREBOUND BOX MANUFACTURERS ASSOCIATION, INC.**  
327 S. LaSalle Street, Chicago 4, Illinois

## Name 950 Army Warrants

The Army this week added 950 warrant officers, junior grade, to its total warrant officer strength of 4,256, of whom 2,110 are Regulars.

The 950 appointments were made as a result of examinations given in 1949. Those named to be temporary warrant officers, junior grade, will not affect the warrant officer distribution program under provisions of the Career Compensation Act, Army officials reported.

The names of the 950 temporary warrant officers, junior grade, raised from master sergeant, are as follows:

### Unit Administrator

Allen, Murray H  
Allison, James G, jr  
Anderson, George R

## SERVICE NEWS AND GOSSIP

**Armed Forces Strength**—At the beginning of June the Armed Forces had a total strength of 1,466,500, a decrease of 8,100 from 1 May and about 48,600 less than the 1,517,000 sought for fiscal year 1951, which begins 1 July.

Statistical data released by the Department of Defense this week showed the Armed Services to have the following manpower on active duty as of 31 May. Figures given in parentheses are those asked for the next fiscal year.

Army: 596,000, compared with 599,300 on 30 April (630,000).

Navy: 379,000, compared with 381,300 on 30 April.

Marine Corps: 74,500, compared with 75,700 (Navy and Marine Corps 1951 strength is to be 461,000).

Air Force: 408,000, compared with 410,200 on 30 April (416,000).

**Inter-Service Transfers**—Secretary of Defense Louis Johnson now has under study data submitted to him on the problem of inter-Service transfers. Speculation is that an Executive Order may be issued authorizing a limited number of transfers from one Service to another.

Meantime, the authorization for transfers of Army personnel to the Air Force and vice versa, originally slated to terminate 25 July 1949 but extended one year, will end next month. In this regard, commanders have been instructed to set 1 July as the final date for acceptance of requests for transfer in order that all applications can be processed before the final "cut-off" date.

The problem of inter-Service transfers has been the subject of numerous Department of Defense studies during the past two years. With the expiration of the current Army-Air Force authorization, it is believed that further authorization will be required to meet the needs of the Armed Forces. Whether this will be accomplished through Executive Order or through Congressional action is not certain.

**Marine Corps Readiness**—Recent Congressional testimony of General C. B. Cates, USMC Commandant, discloses that the Marine Corps' two divisions are at 78.6 per cent of peacetime strength and 29.6 per cent of war strength. General Cates reported that the Second Division at Camp Lejeune, New River, N. C., is at 90 per cent of peacetime strength, while the First Division at Camp Pendleton, Calif., is only at 62.5 per cent. The Second Marine Air Wing at Cherry Point, N. C., was reported to include nine tactical air squadrons, while the First Marine Air Wing at El Toro, Calif., has seven tactical air squadrons.

"Existing units," said General Cates, "while operating on reduced allowances, will have a state of readiness which will compare favorably with that of any other element of the Department of National Defense. While this readiness will be less than might be considered desirable," he added, "it will be the optimum that can be obtained under existing restrictions."

General Cates told a Senate subcommittee that he felt it his duty to point out that "progressive reduction in operating forces, together with lower operating levels of maintenance, equipment and supplies, seriously limit the Marine Corps' readiness to meet either its peacetime responsibilities or its tasks in event of an emergency."

**Service Income Tax**—Brig. Gen. Emmett J. Bean, USA, Commanding General of the Army's St. Louis, Mo., Finance Center, recently presented a check for \$50,106,736 to the St. Louis Internal Revenue Office. The huge check, written by Maj. J. F. Whitton, jr., disbursing officer for the Military Pay Division at the Center, covered tax withholdings of Army and Air Force personnel for the months of July through December 1949.

**Standardized Patrol Vehicle**—Military police, who now must use converted ambulances, carryalls, and other improvisations as "paddy wagons," may get a standardized patrol vehicle as a result of field testing which will be carried on in all continental army areas during the next six months. At the request of The Provost Marshal General, the Chief of Ordnance is now completing procurement of a limited number of ½-ton, 4-by-2 panel delivery trucks, for issue to the provost marshals of continental armies. The Army has issued instructions that these vehicles, after local modification, will be used exclusively for military police patrol purposes, as a test of their adaptability. They are equipped with high-output generators, of the split-field type, in order to handle the additional power load imposed by two-way short-wave radio.

**Army Finance Department**—Visitors in the Office Chief of Finance during the past week included: Colonel James B. Haley, FD, Ret., en route to California after spending a vacation in Nova Scotia; Lt. Col. Nelson B. Hill, FD, formerly Finance Officer, Lima Finance Office, Peru, en route to his new assignment at the Boston Finance Office; Maj. William R. Hickman, formerly assigned to the Lima Finance Office, en route to his new assignment at Aberdeen Proving Grounds, Md.

Maj. Gen. Eugene M. Foster, USA, the Army Chief of Finance announced this week that Maj. Viron E. Bird, GSC, currently assigned as Executive Officer, Army Audit Agency and Maj. Charles W. Schudt, FD, currently assigned to the U. S. Army Pacific have been selected to attend the Graduate School of Business, Leland Stanford University, Palo Alto, Calif., for the purpose of pursuing the two year course in business administration, commencing in September 1950.

**Reverse Arctic Maneuver**—Mosquitoes and mire instead of sleet and snow will be primary problems during new exercises at the Army's Arctic Indoctrination School at Big Delta, Alaska.

A four-week instructor's training course has been inaugurated to teach three officers and 44 enlisted men how to train their units in summer Arctic operations. Emphasis will be on inland waterways training and military mountaineering, according to Lt. Col. Donald J. Wooley, school commandant.

The distinguished Swiss mountaineer, Mr. Peter Gabriel, wartime member of the 10th Mountain Division, will serve as a technical adviser for the unique summer-time Alaskan exercises.

The course marks the first training of its kind in summer Arctic warfare, according to an announcement from Big Delta.

**Foreign Affairs**—The question of possible American military assistance to the Chinese nationalist forces on Formosa may be determined next week, following a report to the President by Secretary of Defense Louis Johnson of the results of his conferences in Japan with General of the Army Douglas MacArthur.

Secretary Johnson and General Omar N. Bradley, Chairman of the Joint Chiefs of Staff, are expected to reach Washington late today, after a week in Japan, inspecting American troops and defense installations, and conferring with top military leaders on the menace of the advance of Communism in Asia.

General MacArthur and his advisers are represented as being gravely concerned over the threat to our Far Eastern outposts and lines of communication from the Red conquest of the Chinese mainland. However, they are reported to believe that Formosa and Southeast Asia can be held by anti-Communist forces, provided that prompt assistance in military equipment is supplied by the United States.

The Secretary and General Bradley also discussed with General MacArthur the military aspects of the proposed peace treaty with Japan. They were particularly interested in the suggestion that American Naval and Air bases be retained through long-term leases from the Japanese government. While Mr. Johnson and General Bradley were in Japan Mr. John Foster Dulles, special consultant to the Secretary of State, arrived from Korea to confer with General MacArthur on the political features of the projected peace treaty.

The determination of the American attitude concerning the defense of Formosa is a matter of considerable urgency, since it is regarded as probable that any Red attack on the island is likely to come within the next sixty days. Subsequent to that time adverse weather conditions would jeopardize the success of any attack during a period of several months.

In the past the State Department has indicated that it has written off Formosa as almost certain to be lost to the Communists. However, the views of Secretary Johnson, General Bradley and General MacArthur, as expressed in the forthcoming report of the Defense Secretary to the President may cause a reversal of this position.

The foreign policy of the United States occupied an important place on the agenda of the Governors' Conference this week at White Sulphur Springs, W. Va. Secretary of State Dean Acheson in a revealing off-the-record address gave the governors a detailed exposition of the current international situation and answered a large number of questions posed by the state executives. His report was favorably received, and strong nonpartisan support of our foreign policy by the governors was manifest.

The Senate Foreign Relations Committee by a unanimous vote this week reported favorably the bill to authorize \$1.2 billion for arms aid to Atlantic Pact nations and to certain other specified friendly foreign countries. The way appears to have been left open by the bill to provide similar assistance to Spain and Yugoslavia, though these countries are not mentioned in the legislation.

In Paris this week representatives of France, Belgium, Holland, Italy, Luxembourg and Western Germany met to discuss the French proposal to pool the coal and steel resources of France and Western Germany, a project which may be broadened to provide for the economic unity of Western Europe. Regret was expressed that Great Britain had declined to participate in the meeting, but hope was voiced that England would ultimately decide to join in the proposed arrangement. Winston Churchill, leader of the British Conservative party, and Liberal Leader Clement Davies urged the Labor government to participate in the European economic conference.

A regional election in the Ruhr area of Western Germany showed a significant drop in the strength of the parties of the extreme left and right. The Communist vote in the district fell from 14 per cent, registered three years ago, to only 5½ per cent, polled this week. Were it not for proportional representation, provided by West German election laws, the Communists would not have a single seat in the local legislature. Extreme nationalist parties of the right made an even poorer showing, getting only about two per cent of the total vote.

The Christian Democrats and the Social Democrats, regarded by German political standards as middle of the road, secured the bulk of the ballots, with 38 per cent and 32 per cent, respectively. The new local constitution, providing a greater degree of nationalization of industry, was adopted by a heavy vote.

Prospects appear excellent for the early release of Mr. Robert A. Vogeler, an American communications executive, who has served several months of a 15-year prison term in Hungary on charges of espionage. Hungarian authorities are said to be demanding as ransom for the American the ancient crown of King Stephen of Hungary. This relic, much revered by the people of Hungary, was seized by the Germans during the war and subsequently recovered by American troops. Heretofore our government has declined to turn the 950-year-old crown over to the Red regime of Hungary.

**Foreign Medical Officers Visit**—Maj. Gen. S. W. Lee, of the Chinese Army Medical Corps, a member of the faculty of the National Defense Medical Center, Taiwan, China, has been observing the operation of Walter Reed General Hospital, Army Medical Center, Washington, D. C., this week. Yesterday, 23 June, he began a six-day tour at Brooke Army Medical Center, Ft. Sam Houston, Tex. General Lee hopes also to visit Letterman General Hospital next Friday, if his itinerary permits.

Maj. Burgos Sayoc, of the Philippine Army Medical Corps, is observing the operation of the Eye Clinic at Walter Reed General Hospital, having arrived last week for a three-week stay.

**Corps of Military Police**—Lt. Col. Howard M. Hobson, CMP, Assistant Commandant of The Military Police School, Camp Gordon, Ga., has been chosen to attend the next course at the Army War College, Ft. Leavenworth, Kans., starting in September.

Two CMP officers now completing graduate studies in civilian universities have been ordered to Camp Gordon. Lt. Col. Ralph N. Pearson, who has been studying journalism at the University of Missouri, will be assigned to The Military Police Board, and Maj. Virgil P. Foster, jr., a graduate student in education at Columbia University, will join the Staff and Faculty of The Military Police School.

**Army Dental Corps**—Lt. Col. John S. Oartel, Assistant Director of the Dental Division, Army Medical Department Research and Graduate School, Army Medical Center, Washington, D. C., was recently elected to membership in the American Academy of Oral Pathology. Lt. Col. Jack B. Caldwell, reported recently for duty at the Army Medical Center and has been assigned to the Oral Surgery Section of the Dental Service of Walter Reed General Hospital. He has just completed a year of postgraduate training in oral surgery at the University of Pennsylvania.

**Air Force Retires Cannon; Substitutes Planes**—Used as a background prop for thousands of souvenir photographs at Lackland AFB, Tex., the base ceremonial cannon at the Air Force Indoctrination Center has been "retired" and donated to the City of San Antonio. Maj. Gen. Charles W. Lawrence, Lackland commander, made the presentation.

The famous cannon was used repeatedly in photographs taken by airmen passing through the Gateway to the Air Force because there were no aircraft or other suitable equipment for souvenir backdrops. Recently however, two planes, an F-47 and an F-82, have been procured by officials at Lackland AFB. With the cannon removed as a result of an Air Force regulation which directed that use of ceremonial artillery pieces be eliminated, airmen now are directing their camera fire at the two fighter planes.

**Army Chief Nurse**—Lt. Col. Mary Jo Miller, ANC, has been named Chief Nurse at Army and Navy General Hospital, Hot Springs National Park, Ark. A member of the ANC since 1926, Colonel Miller was Departmental Chief Nurse in Panama and later served on hospital ships during the war. Tours as Chief Nurse at the United States Military Academy, West Point, New York, and at Oliver General Hospital, Augusta, Georgia, preceded Colonel Miller's assignment to Army and Navy General Hospital.

**Medical Division Chief**—Col. Paul Hayes, MC, has arrived in the Office of the Army Surgeon General to assume his new duties as Chief of the Medical Consultants Division. Colonel Hayes' previous assignment was as surgeon, U. S. Forces in Austria. He succeeds Lt. Col. Charles H. Gingles, MC, who has been in charge of the division for over a year. Colonel Gingles remains as Assistant Chief.

**MATS Vice Commander**—Rear Adm. Robert F. Hickey, Commander, Fleet Air Wing, Atlantic Fleet, Norfolk, Va., is scheduled to assume new duties 11 Aug. as Vice Commander, Military Air Transport Service. He will replace Rear Adm. John P. Whitney who will assume duties as Commander, Carrier Division 16, Atlantic Fleet, Norfolk, Va.

Admiral Whitney has held the post of Vice Commander, MATS, since 1 June, 1948, when MATS, a consolidation of Air Transport Command and Naval Air Transport Service was established.

**Air ROTC Training**—Summer training for 6,851 Air Force Reserve Officer Training Corps students from 127 colleges and universities throughout the country and the University of Hawaii will be held at nine United States Air Force bases this year, the Continental Air Command revealed on 20 June. The Continental Air Command, with headquarters at Mitchel AFB, New York, supervises the Air Force ROTC program for the USAF.

Conducted by three major commands, the Continental Air Command, Air Training Command, and Air Materiel Command, the AF ROTC encampments this year will hold instruction courses in six specialized subjects—Administration Logistics, Air Force Comptrollership, Air Force Communications, Aircraft Maintenance Engineering, Air Force Armament and Air Installations.

**Air Training Command**—The Air Training Command commanders' conference, held at Scott AFB, Ill., 8 and 9 June, saw base commanders from 17 ATRC bases and several special units, as well as representatives from Headquarters, USAF, and other major commands in attendance. The commanders' conference, the first to be held at Scott since the move of the Headquarters there, was opened by an address of welcome from Maj. Gen. Robert W. Harper, Commanding General for ATRC. In his welcoming address General Harper said, "More hard work, better understanding, stability of requirement and cooperation at squadron, base and command levels is needed to continue the improvement of our product, the individually trained personnel of the United States Air Force."

An address of particular interest to the gathered commanders was that made by Lt. Gen. Howard A. Craig, Inspector General, USAF, who said, "I am glad to hear that the products (graduates) of Air Training Command are satisfying the customer. After all, the proof that the ATRC system of training is sound can best be measured by a check of the jobs being accomplished by graduates of the system, and by the reports rendered by superiors of these graduates."

General Craig explained the new concept of the mission of the Inspector General and outlined new methods which are being recommended to accomplish this mission. Inspection teams now are established for each major command in the USAF. These teams are made up of officers who have just completed a tour with the command, either as wing commander or as a staff officer; thus, when acting as a part of an inspection team these officers know the mission, the problems and the operations of that command and can render outstanding service, both to the command and to the Inspector General himself.

**"Grand Joint Exercise"**—The Armed Forces have mapped plans for a "grand joint exercise" to be held during fiscal year 1952. This was reported in recent Congressional testimony by Col. E. M. Starr, USA, Chief, Training Branch, Organization and Training Division, ACoF, G-3, who said a small group of Army-Navy-Air Force planners will be convened during fiscal year 1951 at Ft. Leavenworth, Kans., to develop detailed concepts for the exercise, to be prescribed by the Joint Chiefs of Staff.

**Submarine Honored by Princess Elizabeth**—An autographed photograph of Princess Elizabeth and a plaque to be presented to the submarine Grenadier was recently received by the U. S. Navy. Princess Elizabeth is a Colonel of the Grenadier Regiment. The Grenadier presently being built at the Boston Naval Shipyard will receive the gifts when she is commissioned January 1951.

Lt. Gen. Sir Frederick Browning gave the plaque and signed picture to Ambassador Lewis Douglas at the first annual dinner of the "Fellowship of the United States-British Comrades" held 19 April in London. The Ambassador presented the gifts to Admiral R. L. Conolly, USN, Commander in Chief, U. S. Naval Forces, Eastern Atlantic and Mediterranean, who accepted the presentation on behalf of the U. S. Navy.

**Veteran Skipper Retires**—Capt. Charles M. Ford, veteran British seafarer and master of the Queen Elizabeth, retired recently as Commodore of the Cunard Fleet. Captain Ford was in command of the Elizabeth and Queen Mary at varying times during the war when these ships carried thousands of troops to war service. President Truman awarded him the Legion of Merit.

## U. S. COAST GUARD

**ALTHOUGH** the President this month signed legislation (Public Law 532) authorizing 60 days' leave for graduates of Service academies, the exigencies of the Coast Guard personnel situation permitted officials to grant only 15 days' leave. No claim to leave in excess of these 15 days may be made.

### Operations

The Chincoteague is now at the Coast Guard Yard for availability. Her home station is Norfolk, Va. The International Ice Patrol ships Tampa and Achushnet have been released from ice duties and assigned to their permanent stations. Ice observations will be carried out by planes.

### Nomination

On 16 June, the President sent to the Senate the nomination of James G. Norman, USCGR, to be a lieutenant (jg) in the Coast Guard.

On 21 June the President sent to the Senate the nominations of Harold G. Bradbury and Roy L. Raney for promotion to the permanent grade of rear admiral.

### Comptroller Decision

The Comptroller General has ruled that Lt. Comdr. George M. Bishop, USCG, was entitled to reimbursement for taxicab fares paid by him for necessary travel performed within the corporate limits of his duty station during a transportation strike. However, the Comptroller said he could not collect three cents per mile for use of his auto within the corporate limits of his duty station, because he was not in a "travel status."

### Commanders

Thomas F. Epley, designated CO, ARSB, ElizCity, NC.

Joseph P. Martin, Minnetonka to HQ (CAM).

Loren H. Seeger, ARSB, ElizCity, NC, to HQ (EAE).

Irvin J. Stephens, HQ to Winnabago (CO).

### Lt Commanders

James F. Bills, AirSta, StPetersburg to AirSta, ElizCity, NC (eng).

James W. Kincaid, AirSta, Miami, Fla to AirSta, SanFrancisco.

Chester A. Richmond, jr, AirSta, SanDiego, Calif to AirSta, ElizCity, NC amended; to ARSB, ElizCity, (XO).

## Post for Col. Byroade

Secretary of State Dean Acheson this week asked Congress to enact legislation that would "authorize the President to appoint Col. Henry A. Byroade as Director of the Bureau of German Affairs, Department of State, without affecting his military status and perquisites."

In a covering letter, Secretary Acheson stated: "The Department has been unable to find an available person now in civil life who possesses the qualifications to fill this very important position. Colonel Byroade has unique qualifications as a result of his backgrounds and experience on German matters with the Department of the Army and the Department of State. He has the confidence and support of responsible officials in the Government who are concerned with the German problem."

## AF Portable Photo Darkroom

A portable photographic darkroom and briefing tent that is 80 feet long but uses nothing bulkier than columns of air for its structural members has been developed for the Air Force.

The rubberized room, developed by the B. F. Goodrich Company, can be carried in the smallest military transport plane and inflated in six minutes. The airborne "big top" can be deflated in 25 minutes merely by disconnecting the air-intake manifold. The waterproof utility tent weighs only 740 pounds and is as large as a four-room home.

### Survivors Benefits

Representative Paul J. Kilday (D-Tex.)  
is planning to call an early meeting of  
his subcommittee to consider proposed  
amendments to his bill to set up a system  
of deductions from pay to provide bene-  
fits for survivors.

Witnesses heard at the meeting 16  
June discussed the actuarial soundness  
of the plan. Included were Col. H. E.  
Bladgen, second vice president and as-  
sociate actuary of the Prudential Life  
Insurance Co.; E. E. Strok, assistant  
actuary, and Rear Adm. Gerald A. Eu-  
bank, USNR-Ret., special assistant to the  
president.

The general view seemed to be that  
those portions of the bill providing for ac-  
tive duty personnel would be actuarially  
sound in peacetime but not during war  
or intensive preparation for war. It was  
suggested that revisions be made from  
time to time to guarantee the soundness  
of the plan.

Some opinion was expressed that the  
table of deductions for flying personnel  
is too low, that further study should be  
given to determine the necessity of dis-  
continuing widows payments on remar-  
riage, and that rates should be restudied  
and revised every five years.

## SERVICE SOCIAL NEWS

**MAJ. GEN.** and Mrs. William H. Arnold will bid farewell to many friends today, Saturday, when they go for a month's leave at Macatawa Park, Mich., on their way to his new assignment in Turkey. Their son-in-law and daughter, Lt. and Mrs. James H. Dallman, have already returned home after a ten-day leave with General and Mrs. Arnold and are back at Fort Bragg. Another daughter, Mrs. Parkman Clancy, and baby Emily will make them a visit at their place in Michigan while Mr. Clancy is abroad on business. Young Howard Arnold, jr., has gone to a R.O.T.C. Camp at Fort Monmouth, N. J.

Among the many farewell parties for General and Mrs. Arnold was the buffet, hosts of which were Capt. and Mrs. Richard L. Burke of the Coast Guard, when the Commandant and Mrs. Merlin O'Neill were of the company. Some others were Rear Adm. and Mrs. Paul Morton Stewart, Rear Adm. and Mrs. Earl Rose, Maj. Gen. and Mrs. W. P. T. Hill, Maj. Gen. and Mrs. Caleb Haynes, Capt. and Mrs. George B. Gelly, Capt. and Mrs. Claudius G. Pendlill and Lt. Col. and Mrs. Charles Caffrey.

Following a cocktail party at which Maj. Gen. and Mrs. H. W. Blakeley were hosts General and Mrs. Arnold were entertained at a dinner party by Lt. Col. and Mrs. Mervyn Magee at the Army and Navy Country Club, Wednesday evening. Last night they dined with Maj. Gen. and Mrs. Lawrence C. Jaynes at their quarters at Fort Myer.

Maj. and Mrs. Russell W. Burk, in the company of His Highness the Jam Saheb, Maharajah of Jamnagar, were entertained at an informal tea given by Madame Pandit, Ambassador of India, at the Ambassador's residence in Washington on 15 June. During a tour of duty in CBI, in 1944, Major Burk, in the company of Maj. Gen. W. E. R. Covell, Commanding General of the Services of Supply, China Burma India, was a personal guest of the Maharajah at his royal palace in Jamnagar, on the west coast of India. On his current trip to Washington, His Highness, the Jam Saheb, expressed his desire to see Major Burk, and as a result the renewal of acquaintances was made through the hospitality of Her Excellency, Madame Pandit.

Lt. Col. Alvin C. Gillem, son of Lt. Gen. Gillem, will shortly be on his way to Turner Air Force Base in Georgia. He and Mrs. Gillem have recently been entertaining General Gillem, who paid them a visit before they sold their house in nearby Virginia, in anticipation of their departure the first of July. Of the many parties to bid them farewell was one by Lt. Col. Dean Vanderhoef, West Point 1940, who with Mrs. Vanderhoef has recently come to Washington from Europe and bought a small farm near Falls Church, Va. She is the daughter of Col. and Mrs. Lambert of Governor's Island.

Col. and Mrs. Cleland Sibley have returned to the Naval War College at Newport, R. I., after spending the past week at the Shoreham Hotel in Washington, D. C. They attended the graduation exercises at Georgetown University, where their son, Nathan Cleland, received a B.S. degree. He was commissioned a 2d Lt., Regular Army, on 15 June in Boston.

Members of the Class of 1935, USMA, stationed in Washington and vicinity, had an informal get-together on 17 June at Holly Oaks, Md., the country place of Mr. and Mrs. A. B. Summers, parents of Mrs. N. M. Martin. Cocktails and a buffet supper were served under the trees and later Mr. Summers presented some films of a hunting expedition in East Africa which he took on the occasion in 1947.

TRINIDAD 3363

Top row, left to right: Miss Ann Brier, daughter of Col. and Mrs. William W. Brier, USA-Ret., was married 17 June at Pemberton, N. J., to Lt. William M. Whitesel, son of Capt. and Mrs. Thomas Whitesel, USMC, (Harris and Ewing photo). Miss Myra Elizabeth Kennon, daughter of Col. and Mrs. Blaisdell C. Kennon, USA, became the bride of Mr. Delmont J. Sylvester 10 June at Medford, Mass. Miss Carolyn Molly Colby, daughter of Col. and Mrs. Franklin H. Colby, USAF, was married 17 June at San Diego, Calif., to Ens. Fred Troescher, USN, USNA '49. Miss June Lealie Haskell, daughter of Col. and Mrs. Robert K. Haskell, USA, was wed 18 June at Aberdeen Proving Ground, Md., to Mr. Thomas J. Farraby, jr. Bottom row, left to right: Miss Diane Wiggins, daughter of Maj. and Mrs. Lewis C. Wiggins, USA, was married 15 April at Arlington, Tex., to Lt. Edward J. Morgan, USA. Miss Phyllis Lowry, daughter of Col. and Mrs. J. C. Lowry, was married 6 June at Ft. Hamilton, N. Y., to Lt. Carl L. Brunson, USA, USMA '50. At the same time and place, her sister, Miss Jacqueline Lowry, was wed to Lt. Courtenay L. Barrett, jr., also a 1950 graduate of the U. S. Military Academy. The engagement of Miss Dawn Fahrney, to Lt. Sanford L. Knotts, USN, is announced by her parents, Capt. and Mrs. Delmer S. Fahrney, USN.

Present were: Lt. Col. and Mrs. Nathaniel M. Martin, Lt. Col. and Mrs. Edwin H. Ferris, who constituted the committee, and Lt. Col. and Mrs. James D. Alger, Lt. Col. and Mrs. Nassiege G. Bassitt, Lt. Col. and Mrs. John A. Beall, Lt. Col. and Mrs. Noel M. Cox, Lt. Col. and Mrs. Donald A. Elliget, Lt. Col. and Mrs. Edward M. Harris, Lt. Col. and Mrs. George P. Hill, Lt. Col. and Mrs. Charles J. Jeffus, Col. and Mrs. Downs E. Ingram, Lt. Col. and Mrs. Ralph O. Lashley, Lt. Col. and Mrs. J. L. McGehee, Lt. Col. and Mrs. Francis J. Murdoch, Col. Thomas C. Musgrave, Lt. Col. and Mrs. R. A. Pillivant, Mr. and Mrs. Franklin B. Reybold, Col. and Mrs. Jack Roberts, Col. and Mrs. J. C. Stancok, Miss Lassiter, house guest of the Martins and Mr. Robert B. Edwards.

Brig. Gen. Thomas R. Phillips, USA-Ret., and Mrs. Phillips have purchased the old Peelle home at 5900 Connecticut Avenue, Chevy Chase, Md., where they will move about the first of August. Their daughter, Mrs. Phillips Brewer and their grandson, Thomas Phillips Brewer, are at home and will move with the family.

The house is one of the four original houses in old Chevy Chase, and was until recently occupied by the Clark Chiffords. Upon retiring in April, General Phillips joined the staff of the Brookings Institution on Jackson Place. The Phillips are for the present at 5324 39th Street NW until they can move into their new home.

### Weddings and Engagements

**COL.** and Mrs. Arthur Carey Peterson of Falls Church, Va., announce the engagement of their daughter, Elinor Anne, to Lt. William M. Bradley, USAF-Ret., son of Mr. and Mrs. William F. Bradley of Arlington, Va.

Miss Peterson attends George Washington University where she is a member of Alpha Theta Nu and Pi Beta Phi Social Sorority.

Lt. Bradley, a Distinguished Military Graduate of the 1950 Class of Virginia Polytechnic Institute, is being assigned

Mr. and Mrs. Gerald J. Murphy have announced the wedding on 17 June of their daughter, Shirley Ann, to Richard Snowden Andrews Thurber, younger son of Rear Adm. and Mrs. H. R. Thurber, USN, of Washington, D. C. The ceremony was attended by the family and friends of the bride and groom at the home of the bride's parents, 5 Sandringham Road, Piedmont, Calif.

The wedding ceremony was conducted by Rev. A. J. Burr of the First Methodist Church, Berkeley. The bride was attended by her sister, Mrs. Alvin Klaus, of Honolulu, and by Miss Anne Peterson and Miss Edith Murphy, both sorority sisters at the University of California. The groom's best man was Howard E. Small, a fraternity brother and roommate of the groom at the University of California. Ushers were Kenneth A. Shultz and Harry E. Weber, also fraternity members of the groom.

The bride wore a white silk and lace dress with matching veil, a replica of her mother's wedding gown, and carried a white bridal bouquet. The matron of honor and bridesmaids carried bouquets of pink camellias and blue delphiniums. The groom was attired in his N.R.O.T.C. uniform and his attendants were in summer civilian dress.

The newly married couple left after the reception on a honeymoon at Carmel, Calif., after which they will drive east to visit with the groom's parents and family.

Mr. and Mrs. Fred G. Owles of Orlando, Fla., announce the engagement of their daughter, Nathalie Benita, to CWO Edwin H. Sandford, USAF. Miss Owles is secretary to Maj. Gen. Ralph F. Stearley, commanding general of the Fourteenth Air Force, Robins AFB, Ga.

Mr. Sandford is Director of the 769th Air Force Band, also stationed at Robins AFB.

The wedding will take place at the Robins AFB chapel, 3 July.

Col. and Mrs. Frederick Andrew Granholm announce the engagement of their daughter, Dorothy Ann, to Lt. William Brevard Hankins, jr., the son of Mrs. R. L. Rippey of Lexington, North Carolina and Mr. William B. Hankins of Lexington.

The marriage will take place on Saturday, 5 Aug., at the Main Post Chapel, Fort Bragg, N. C., with a reception im-

mediately following at the Officers' Club. Miss Granholm was a student at Stephens College in Missouri for one year, and last year attended Guilford College in Greensboro, N. C. Lt. Hankins, who is with the 82d Airborne Division, was graduated from West Point in 1945.

Capt. and Mrs. Delmer S. Fahrney of the U. S. Naval Air Missile Test Center, Point Mugu, Calif., announce the engagement of their daughter, Dawn Fahrney, to Lt. Sanford L. Knotts, USN, USNA '44.

Miss Fahrney, a graduate of the Chevy Chase Junior College, is an accomplished violinist, having studied at the Philadelphia Conservatory of Music. At the present time she is continuing her studies with Mr. Gilbert Back of the Los Angeles Philharmonic, as well as studying art with Mr. Arthur Beaumont of Los Angeles. She is a member of the Mary Washington Chapter of the D. A. R. and the Magna Charta Dames and made her debut in Washington in 1947. Dawn has two sisters, Carol and Paula, and a brother, Delmer S. Fahrney, jr.

Lt. Knotts has been stationed at the Naval Air Missile Test Center since 1949. He came from the Guided Missile School at Ft. Bliss, Texas, and prior to that time served aboard the submarines U.S.S. Trumpetfish as Executive Officer, the U.S.S. Flying Fish as Engineering Officer, and the U.S.S. Gunnel.

The wedding will take place in the near future. Among the guests present at the announcement party were: Rear Adm. G. B. H. Hall, Chief of Naval Operations for Guided Missiles; Dr. C. B. Millikan, Chairman of the Guided Missile Committee, Research and Development Board; also Director Guggenheim Aeronautical Laboratory at CalTech; Rear Adm. C. Bolster, Asst. Chief of BuAer for Research and Development; Dr. C. C. Furnas, Cornell Aeronautical Laboratory; Mr. F. A. Darwin; Maj. Gen. R. E. Duff; Brig. Gen. L. E. Simon, Member of the Guided Missile Committee, Research and Development Board; Brig. Gen. S. R. Mickelsen, member of the Guided Missile Committee, Research and Development Board; Rear Adm. and Mrs. Arthur C. Miles, BuAer General Representative, Western District; Dr. and Mrs. Royal Weller, Chief Scientist, NAMTC, Point Mugu; Col. H. N. Toftoy, Col. A. Samuels, jr., Col. M. C. Young, Col. R. H. Curtis, Col. J. L. Beam, USMC, Col. H. J. Sands, Capt. F. C. Manville, Capt. and Mrs. W. T. Hines, Capt. J. Quinn, Commanding Officer of the USS Norton Sound; Lt. Col. and Mrs. R. B. Montgomery, Mrs. E. W. Parish, jr., Comdr. and Mrs. J. G. Craig, jr., Comdr. and Mrs. L. R. Hird, Comdr. and Mrs. F. M. Ralston and Mrs. M. B. Ralston, Comdr. and Mrs. G. W. Okerson, Comdr. and Mrs. H. O. Hauck, Lt. Comdr. R. L. Holt, and Capt. and Mrs. Roger Ray.

Miss Lorraine Corinne Hickey, daughter of Mr. and Mrs. George Plowden Hickey of Washington, D. C., became the bride of Lt. Col. William Brumfield Miller, jr., son of Dr. and Mrs. William B. Miller, of Van Buren, Ark. The scene of the pretty wedding amid flowers and decorations, took place 10 June at the home of the bride's parents, 2832 28th Street, N. W. The bride was attended by Miss Helen B. Blanchard as maid of honor and the best man was Mr. Olin J. Myer of Fredericksburg, Va. Chaplain (Capt.) Norris T. Morton officiated.

The bride wore a white embroidered organdy dress and a Juliet cap of lace with seeded pearls and tulle veil and carried a white prayer book with orchids.

After their wedding trip Colonel and Mrs. Miller will be at home at Buckingham Community, 203 North Piedmont St., Arlington, Va.

The bride is a graduate of Visitation Convent and attended George Washington University. Colonel Miller is a graduate of Park College, Parkville, Mo., and did graduate work at Columbia University and served 37 months from 1945 to 1948 with the U. S. Air Force overseas. He is now serving at Headquarters U. S. Air Force in the Pentagon Building.

Col. and Mrs. George McKnight Williamson, jr., USA, Ret., of Augusta, Ga., announce the engagement of their daughter, Helen Elizabeth, to Paul Baxter Bailey, the son of Mrs. Paul Baxter Bailey and the late Mr. Bailey of Augusta.

Miss Williamson attended Cornell Uni-

(Continued on Next Page)

## Weddings and Engagements

(Continued from Preceding Page)

versity, Ithaca, N. Y., for two years and was graduated from Alabama Polytechnic Institute, Auburn, where she received a BS degree in Business Administration.

Mr. Bailey was graduated from Georgia Tech, Atlanta, where he received an Engineering degree and was a member of the ROTC. During the war he served in Europe with the 9th Infantry Division.

The wedding will take place in August at the home of Miss Williamson's grandparents, Mr. and Mrs. Elliot K. Harroun at 141 Ten Eyck Street, Watertown, N. Y.

Mrs. Alicia Ghormley Woods and Comdr. William C. F. Robards, USN, were married 19 June at the Navy Chapel, Washington, D. C., in the presence of members of their families. Capt. Ernest L. Ackiss, ChC, USN, officiated.

The bride was attended by Mrs. Doreen Millett of Washington. Comdr. Lloyd Mustin, USN, a U. S. Naval Academy Classmate of the groom, was best man.

Mrs. Robards is the daughter of Vice Adm. and Mrs. Robert Lee Ghormley. Commander Robards is the son of Mrs. Robards of Washington and the late Col. Frank Fitzhugh Robards, USMC.

Commander and Mrs. Robards left immediately after the ceremony for a brief honeymoon in New England before Commander Robards takes command of the USS Adria in July.

Miss Jane Katherine Stone, daughter of Col. John N. Stone, USAF, Ret., and Mrs. Stone of Arlington, Va., became the bride of Lt. Don Gerald Novak, USAF, son of Mr. and Mrs. Leo Novak of Cornwall-on-Hudson, N. Y., at the Post Chapel, Ft. Myer, Va., 14 June. Father James F. Murphy officiated at the ceremony.

The bride was given in marriage by her father. Miss Elizabeth Ann Dowden of Arlington, Va., was maid of honor. Capt. Jack Novak, USAF, brother of the groom, was best man and the ushers were Lt. C. F. Baish, Lt. W. E. Adams, Lt. W. D. Davis, Lt. J. F. Foshee, Lt. W. A. Wood and Lt. L. A. Reinken, all 1950 Classmates of Lt. Novak at the US Military Academy, West Point, N. Y.

Among the out of town guests were Msgr. William Hickey, Vineland, N. J., Maj. Gen. C. B. Stone III, Wright-Patterson Field, Ohio, Maj. and Mrs. Waldo F. Potter, Ft. McPherson, Ga., Maj. and Mrs. P. H. Tansley, Jr., Fort Knox, Ky., Lt. and Mrs. George Devens, Ft. Sill, Okla., Mr. and Mrs. Lee Rice, Baltimore, Md., and Mr. E. F. Boruski, Jr., of New York.

The bride is the granddaughter of the late Col. Charles B. Stone, Jr., the great niece of Maj. Gen. C. E. Bonesteel, USA-Ret., the niece of Maj. Gen. Charles B. Stone, III, Brig. Gen. Patrick H. Tansley, Col. Charles F. Baish and Col. David B. Stone.

After a honeymoon at the Atlantic beaches, the young couple will leave for their new station at Connally AFB, Waco, Texas.

Maj. and Mrs. Walter M. Smith, San Antonio General Depot, U. S. A., Fort Sam Houston, Texas, announce the engagement of their daughter Barbara Ann to Mr. Richard W. Anderson, Denver, Colo. The wedding will be in the Highlands Lutheran Church, 16 July, at Denver.

Miss Joanne Gerry Dixon, daughter of Mr. and Mrs. Edgar Hull Dixon, was married 17 June to Mr. Merton Goodfellow Wallington, son of Mrs. Merton G. Wallington and the late Colonel Wallington, at the Church of the Atonement, Tenafly, N. J. The Rev. John H. Rosebaugh performed the ceremony and a home reception followed for the immediate family.

The bride's sister, Miss Barbara Hull Dixon, was her only attendant. Mr. Theodore Grant Castner, Jr., cousin of the bridegroom, was best man.

Mrs. Wallington is a graduate of Tenafly High School and Centenary Junior College. Her husband was graduated from Union College where he was a member of Delta Chi Fraternity.

The couple will make their home in Shreveport, La.

Col. Franklin H. Colby, USAF, and Mrs. Colby, of Wiesbaden, Germany, and

Alexandria, Va., announce the marriage of their daughter, Carolin Molly, to Ens. Fred Troescher, USN, USNA '49, son of Mr. and Mrs. Fred Troescher, of Youngstown, Ohio. The double ring ceremony took place in the Mission Hills Congregational Church, San Diego, Calif., 17 June with Reverend John C. Wiley officiating.

The bride, who was escorted down the aisle by her father, was attired in a gown of white satin, fashioned with a double peter pan collar, fitted bodice, long sleeves, and a full hooped skirt, with a sweeping chapel train. Her circular veil of imported illusion was held by a crown of white roses and stephanotis. These flowers were also used to form her cascade bouquet.

The maid of honor was Miss Ruth Duncan, of Hemet, Calif., and Junior bridesmaids were Miss Helen Hommersand, cousin of the bride, and Miss Sandra Troescher, sister of the groom. Mrs. Jack Daniels, cousin of the bride, and Miss Shirley Troescher, sister of the groom, were senior bridesmaids.

Mr. William Riddle, of Long Beach, Calif., served as best man for his nephew. Ushers were officers of the groom's ship, the USS Brinkley Bass.

For their wedding trip, the newlyweds will motor through northern California. Upon their return they will reside at 4453 Iowa Street, San Diego.

The bride is a graduate of Hoover High School, in San Diego, and attended Wilson College in Chambersburg, Pa., and San Diego State College. The groom attended South High School in Youngstown, and graduated from the Valley Forge Military Academy, in Wayne, Pa.

The marriage of Miss Myra Elizabeth Kennon, daughter of Col. and Mrs. Blaisdell Cain Kennon, USA, of Ft. Sam Houston, Tex., to Mr. Delmont Joseph Sylvester, Captain, USAF, son of Mr. and Mrs. Arthur Delmont Sylvester of Belle Island, South Norwalk, Conn., was solemnized 10 June in Crane Chapel of Tufts College, Medford, Mass.

The bride's gown of traditional satin was fashioned with a nylon yoke and long sleeves edged with nylon. A bertha of folded nylon was gathered with rosettes of satin, and a wide band of nylon edged the very full skirt, which was extended in back to form a short train. The chapel length bridal veil of imported illusion was caught to a coronet of satin to match the gown. She carried a handkerchief of heirloom lace and her great grandmother's prayerbook with a purple orchid, lilies of the valley and stephanotis.

Lt. Allan Thorndike Sylvester, II, USA, who was his brother's best man, was on leave from Germany for the wedding.

The bride was graduated from the University of Michigan and served in the Waves for two years. The groom is a graduate of Tufts College and was in the Air Forces for five years during World War II.

After a reception the couple left on their wedding trip. They will make their home at 101 Revere St., Beacon Hill, Boston, Mass.

Col. Frederick L. Hamilton, USA, Ret., and Mrs. Hamilton of Tucson, Ariz., have recently celebrated their 25th wedding anniversary and announced the engagement of their daughter, Jean Brown, to Mr. James Collier Gifford, son of Mrs. K. C. Gifford and the late Mr. Gifford of New York City and New Canaan, Conn. Mrs. Gifford is now living in Redlands, Calif.

Miss Hamilton attended San Luis Ranch School in Colorado Springs, Colo., and was graduated from the Holton-Arms School, Washington, D. C., Ward-Belmont Junior College in Nashville, Tenn., and the Katherine Gibbs School in New York City. She is now attending the University of Arizona, where she is a member of Delta Delta Delta. She is a member of Phi Theta Kappa junior college scholastic honor society.

Mr. Gifford graduated from Fountain Valley School in Colorado Springs, attended the Colorado School of Mines and is now a senior at the University of Arizona. He is a member of Alpha Tau Omega fraternity.

Mr. and Mrs. William Erskine McKown of Lafayette, Ga., announce the marriage of their daughter, Maria Helen, to 1st

Lt. Richard Brinsley Sheridan, Inf., of Ft. Benning, Ga., son of Lt. Col. Joseph A. Sheridan, USA, Ret., and Mrs. Sheridan of Titusville, Fla., at St. Gerard's Catholic Church, Ft. Oglethorpe, Ga., on 15 April at 5 o'clock in the afternoon.

The bride is a graduate of the University of Georgia and is a member of Kappa Delta sorority. She has resided in Columbus, Ga., for the past year and a half, where she has been a member of the Dietary staff of the City Hospital.

Lt. Sheridan, an alumnus of Michigan State College, is the brother of Capt. F. P. Sheridan, F. A., Bismarck, N. D., and of Capt. J. J. Sheridan, M. C., Ft. Sam Houston, Tex.

Miss Joan Douglass Toutant Beauregard, great granddaughter of Gen. P. G. T. Beauregard, was married 17 June to Mr. Richard Pardee Williams, 3d, at St. Johns Church, Washington, D. C., the rector, the Rev. C. Leslie Glenn officiating. Daughter of the late Mr. and Mrs. Pierre Gustave Toutant Beauregard of New York, she is the ward of the Director of the National Gallery of Art and Mrs. David E. Finley. Mr. Finley gave her hand in marriage. She wore a gown of white organdy and her veil was of heirloom lace; her bouquet of white roses and valley lilies.

Mr. Williams, son of Mr. Williams, Jr., of Alexandria, headmaster of the Episcopal High School, and Mrs. Williams, served as a first lieutenant in the Marine Corps during the war.

A formal military wedding ceremony at Fort Myer, Va., on 1 June united in marriage Miss Florence Edna Wright of Falls Church, Va., and California, and Lt. William Edward Huber, USA, USMA '49, of Fort Belvoir, Va. Chaplain Luther D. Miller read the double-ring ceremony.

The bride, given in marriage by her father, Lt. Col. Frank H. Wright, wore an ivory satin wedding gown and an ivory veil of fingertip length. She carried a shower bouquet of white orchids and stephanotis.

Mrs. Patricia Wright Nicoll attended the bride as matron of honor and bridesmaids included Miss Jane and Betty Goggins. Ring bearer was the bride's nephew Harry Albert Nicoll III. Lt. Marcus B. Finnegan was best man. The other attendants for the groom were Lt. Cleatus J. Cox, Lt. Joseph H. Bilbreth, Lt. Harry Griffith, and Lt. Robert L. Erbe, all of the Corps of Engineers.

Lt. and Mrs. Huber traveled to North Carolina and Illinois on their honeymoon. The young couple will leave thereafter for a tour of duty in Germany.

Miss Patricia Ann Browning, daughter of Col. and Mrs. Samuel R. Browning of the Presidio of San Francisco, became the bride of 2d Lt. Earl Wilbert Gorby, MSCR, son of Col. and Mrs. Alvin L. Gorby, also of the Presidio of San Francisco, at ceremonies on 14 June.

The bride wore a floor length gown of embroidered white organdy fashioned with a bouffant skirt. Her finger tip illusion veil fell from a coronet of orange blossoms. She carried a corsage of butterfly orchids and lilies of the valley.

Her sister, Jacqueline Browning, served as maid of honor.

Cadet Alvin Gorby, on leave from the U. S. Military Academy at West Point, and brother of Lt. Gorby, served as best man. Another brother, Richard J. Gorby, San Francisco high school student, was an usher, and other ushers were Stanford University Medical school classmates of Lieutenant Gorby.

The bride was graduated from the Professional School of Medical Technology in San Francisco earlier this year. She is the granddaughter of Mrs. W. S. Browning of Norfolk, Va., and the late Brig. Gen. Browning, and of Mrs. W. D. Sydnor of Richmond, Va., and the late Dr. Sydnor. She is a great granddaughter of the late General S. R. Jones.

Lieutenant Gorby is a student at the Stanford University School of Medicine

and will enter active service this summer. Following a wedding trip to the Lake Tahoe area, the newlyweds will make their home in San Francisco at 2436 Clay Street.

Colonel Browning is the Sixth Army Transportation Officer and Colonel Gorby is the Sixth Army Surgeon, both stationed at the Presidio of San Francisco.

The Country Club Congregational Church was the setting for the nuptials of Miss Beverly Sue Butters, daughter of Mrs. Ruth Hall Butters of Kansas City, Mo., and Lt. Max Louis McCausland, son of Mr. and Mrs. Thomas J. McCausland, of Muncie, Ind., which were solemnized 17 June with Reverend Gerald E. Maggart officiating.

The bride, who was given in marriage by her grandfather, Mr. William F. Hall, wore an exquisite gown of ivory satin with scalloped imported French Chantilly lace over the satin. The scalloped lace formed a high neck, continuing down the front to the waist. The lace continued from the waist half way down the skirt and toward the back cascading down the side and back with the satin panel between the two cascades of lace and with an aisle wide train. Satin and lace covered buttons trimmed the wrists of the tapering sleeves and also trimmed the back of the dress to the waist. Her fingertip length veil of white illusion fell from her French type bonnet of the same lace as trimmed her dress, with a small bunch of orange blossoms at each side of the bonnet. Her bouquet was of white orchids and stephanotis and she also carried a lace handkerchief made and worn by her grandmother, Mrs. William F. Hall at her wedding.

Mrs. Melvin E. Kleb attended her niece as matron-of-honor. The bridesmaids were Miss Betty Elliott and Miss Jean Spaid.

The reception was held at Indian Hills Country Club where Mrs. Butters was assisted by Mr. and Mrs. Thomas J. McCausland, parents of the bridegroom. The four tiered wedding cake was topped with bells. The first piece was cut with a saber in the traditional Army fashion by the bride and groom.

Following the reception Lt. and Mrs. McCausland left for Fort Knox, Ky., where they will be stationed until around the first of August when they will sail for Germany which will be their home for the next couple of years.

Lt. Col. and Mrs. Paul Hayne, Jr., of Fort McPherson, Ga., and Haddenfield, N. J., announce the marriage of their daughter, Antoinette Tomlin, to Mr. Robert Lee Foster, son of Mrs. Andrew H. Ashley and the late Mr. M. F. Foster of St. Louis, Mo. The wedding took place 12 June, in the Post Chapel, Fort McPherson. Chaplain (Col.) James T. Wilson officiated.

Mr. C. B. Williams of Pensacola, Fla., was the best man and ushers were Mr. William E. Foster, brother of the bride.

## Weddings and Engagements

(Continued from Preceding Page)

groom, Mr. Paul Hayne, III, brother of the bride, and Lt. H. G. Thompson. Miss Barbara Ann Butler of Rose Valley, Pa., was maid of honor. Miss Antoinette Tomlin Bonnan of Winnewood, Pa., cousin of the bride, and Miss Sarah Barclay Kennedy of Haverford, Pa., were bridesmaids. Master John H. Donnan, III, cousin of the bride, was the ring bearer. The bride was given in marriage by her father. She wore the satin gown which had been worn by her grandmother, Mrs. Frances H. Tomlin, of Haddonfield, and had also been worn by her mother and her mother's sisters.

After a wedding trip, Mr. and Mrs. Foster will reside in the Sylvan Heights Apartments, East Point, Ga.

Miss Elizabeth Owsley Burr, daughter of Mrs. John Dudley Long and the late Maj. Edgar Willis Burr, was married 10

June in St. David's Episcopal Church, Baltimore, Md., to Dr. Clinton Rabbe Harrison, son of Dr. Paul Wilberforce Harrison of Berea, Ky., and the late Mrs. Harrison, formerly of Baltimore.

The bride, given in marriage by Col. John Dudley Long, wore a long gown of Chantilly lace with bouffant skirt ending in a train. Her finger tip veil of illusion had a coronet of Brussels lace and was edged with lace medallions. She carried a bouquet of white orchids and lily of the valley.

Mrs. A. Thornton Steele of Des Moines, Iowa, sister of the bride, was matron of honor. The bridesmaids were Miss Eleanor Bowles Armistead of Baltimore and Staunton, Va.; Mrs. John Marshall Barroll of Baltimore and College Park; Mrs. Marvin G. Harrison of Rochester, N. Y., sister of the groom; Miss Margaret Wehr Hilgartner, Miss Kathleen Holliday Jensen and Miss Judith Moale Warner, all of Baltimore.

The best man was Dr. Paul Wilberforce Harrison, father of the groom. The ushers were Dr. Anderson Page Harris of Roxboro, N. C.; Mr. Timothy Stone Har-

rison of Holland, Mich., brother of the groom; Mr. Donald Gerrit Mulder of Ann Arbor, Mich.; Dr. Harrison Upshur Scott of Grosse Point, Mich.; Mr. Fielder Bowie Smith, jr., of Catonsville; and Dr. Judson John Van Wyk of Holland, Mich.

Miss June Leslie Haskell daughter of Col. and Mrs. Robert Kelsey Haskell, USA, was married 17 June to Mr. Thomas Joseph Farrahy, jr., son of Mr. and Mrs. Thomas Joseph Farrahy, sr., of Yonkers, N. Y.

The ceremony was performed in the Post Chapel, Aberdeen Proving Ground, Md. by Chaplain (Lt. Col.) H. T. Wilson.

The bride, given in marriage by her father, wore a gown of white tulle over satin made with an off-the-shoulder neck line finished by a tulle ruffle on the net yoke. Tulle ruffles edged the skirt, long train and veil and a coronet of seed pearls held the finger tip veil. She carried a fan of white orchids and fleurs d' amour.

Miss Joan Fluke of Johnstown, Pennsylvania, was maid of honor. Miss Jane Elizabeth Davis of Washington, D. C., daughter of the late Honorable James

Davis, Secretary of Labor under President Hoover, sang Schubert's Ave Maria and the Lord's Prayer by Albert H. Malotti.

Mr. William R. McDonald of Levittown, New York was best man. The ushers were Harry W. Hamilton, Brooklyn, N. Y.; A. Henry Monitto, Garden City, N. Y.; Captain William R. Phillips, Aberdeen Proving Ground, and the bride's uncle William Theodore Bane, Charlotte, N. C.

Miss Haskell graduated from Mt. Vernon Seminary in Washington, D. C. and from Carnegie Institute of Technology in 1948. She is descended from an early Spanish California family.

Mr. Farrahy was elected to the national honor society Omicron Delta Kappa while attending Carnegie Institute of Technology where he graduated in 1947.

Mr. and Mrs. Douglas Forbes Scott of Beverly Hills, Calif., announce the engagement of their daughter, Barbara Joan, to Lt. Thomas Bledsoe Cormack, USA, son of Mrs. Howard Fithian Kingman and the late Mr. Bartlett Cormack, and step-son of Vice Adm. Howard Fithian Kingman, USN-Ret., of Beverly Hills.

Miss Scott graduated from the University of California at Los Angeles, where she was a member of Phi Beta Phi sorority. Lieutenant Cormack is a graduate of the U. S. Military Academy, 1948, and is stationed at Camp McCauley, Austria.

Miss Dorothy Morse Thompson was married in the candle lighted Georgetown Presbyterian Church, Washington, D. C., Saturday evening 17 June, by the Reverend John Bailey Kelley, to 2d Lt. Francis King, FA, USA, of the class of 1950, U.S.M.A. He is the son of Col. Archibald King, JAGC, USA, and Mrs. King, and the grandson of the late Col. James J. Mayes, JAGD, USA. The bride is the daughter of Mr. and Mrs. Samuel Hyde Thompson of Washington, D. C., and the niece of Col. Clark W. Thompson, USM-CR, representative in Congress from Texas, and of Capt. Wells Thompson, USN. She is a graduate this year of George Washington University, where she was president of the Women's Glee Club and prominent in other student activities.

The best man was Mr. Robert D. King (Duke '51), brother of the groom. The ushers, all classmates of the groom, were 2d Lt. John V. Parish, CE; Joseph A. Gappa, jr., Inf.; James M. Nold, Inf.; Louis A. Reinken, jr., FA; Malcolm McMullen, USAF; and Michael J. Walsh, USAF. The maid of honor was the bride's sister, Miss Carol Thompson. The bridesmaids were the Misses Barbara J. Robinson, Susan J. Robinson, and Judith Scharf, her cousins; Margaret King, sister of the groom; Marilyn Earls; and Mary H. Alfrind.

After an automobile trip to New England and Canada, the young couple will sail in August to Germany, where Lt. King will serve with the Army of Occupation.

Miss Ann Brier, daughter of Col. and Mrs. William Wallace Brier, USA, Ret., and Mrs. Brier, was married to Lt. William Monitor Whitesel, USA, of Ft. Dix, N. J., son of Capt. Thomas Whitesel, USMC, and Mrs. Whitesel of Newport, R. I., on 17 June in the Grace Episcopal Church of Pemberton, N. J.

The bride, given in marriage by her father, wore a gown of imported all-over Chantilly lace, fashioned over net and satin, with a chapel train. The veil of tulle was fastened to a coronet of orange blossoms and she carried a white prayer book topped with a spray of white orchids.

Mrs. A. A. Steinbeck, jr., of Norfolk, Va., sister of the groom, was matron of honor. The bridesmaids were the Misses Helen McClelland Horner of Owensboro, Ky., and Alice Lambeth Wilson of Thomasville, N. C.

Cadet Thomas Whitesel, jr., of V.M.I. was best man for his brother, and the ushers were Lt. Col. William W. Brier, jr., USAF, Washington, D. C. and Capt. John K. Brier, USA, Ft. Knox, Ky., brothers of the bride, and Lt. George D. Nelson, jr., of Ft. Dix.

The bride and groom left the church under the traditional arch of sabers. A wedding reception followed at the Ft. Dix Officers' Club.

## FINANCE

### Home Construction Record

During May construction of 140,000 new dwelling units throughout the United States was started, according to a report issued by the Bureau of Labor Statistics. This exceeded all previous records. It is almost 50 per cent more than the total of May 1949, and 11 per cent more than in April 1950.

More than 538,000 dwelling units were started in the first five months of this year, as compared with 354,000 begun in the same period of last year. During 1949 the construction of 1,025,000 homes was begun. If the rate established during the first five months of 1950 is continued the number built this year will greatly exceed last year's record.

Mr. Robert P. Gerholz, president of the National Association of Real Estate Boards, predicts that there will be a continually expanding demand for new homes. He suggests that the potential market by 1956 may be for as many as 12 million new homes.

For the first time in many years, Mr. Gerholz states, more than half of the American families are home owners.

his mother, a sister and two brothers of San Antonio, Tex. Interment was at Golden Gate Cemetery, San Francisco, Calif.

**GILBERT** — Died at Honolulu, TH, recently, Col Walter J Gilbert, USA-Ret. He is survived by his widow, four daughters and eight grandchildren.

**REGISTER** — Died in Spalding County, near Griffin, Ga, 21 May 1950, 1st Lt William Edwin Register, USMC.

## MERCHANT MARINE

### Merchant Fleet

The privately-owned U. S. ocean-going merchant fleet declined by two vessels and 7,000 deadweight tons during May, National Federation of American Shipping has reported.

The Federation's monthly report on the status of the American Merchant Marine showed the privately-owned fleet composed of 728 dry cargo and combination vessels of 7,331,000 dwt., and 461 tankers of 6,797,000 dwt. The decline of two vessels was ascribed to the conversion of one overage vessel to a barge, and the sale of a small vessel abroad.

The number of government-owned vessels under bareboat charter to private operators showed continued decline, dropping from a net of 73 on 1 May to 56 on 1 June currently scheduled to continue in such operation.

Government-owned ships in the hands of general agents remained unchanged at 4, all being dry cargo ships which are inactive pending layup or sale. Total vessels in the National Defense Reserve Fleet, excluding tugs, cableships and military auxiliaries, increased from 2,198 to 2,214 during May.

**BUNQUIST** — Died at USNH, San Diego, Calif, 13 May 1950, Capt Elmer Reuben Bunquist, USN-Ret.

**RYAN** — Died at New Rochelle, NY, 19 June 1950, Col Henry Wagstaff Ryan, a lawyer, a veteran of both World Wars and president of the NY Athletic Club. Interment was at Arlington National Cemetery, Washington, DC.

## Obituary

Col. James L. Garza, USA-Ret.  
Col. James Leonard Garza, USA-Ret., died at Letterman General Hospital, San

Francisco, Calif., 12 June.

He was born in San Antonio, Tex., 6 March 1896 and was a graduate of Texas A&M. He entered the Army as a second lieutenant of Infantry in 1917 and was a graduate of the Infantry School, class of 1929. He served in the 24th, 15th, 38th, 28th, 31st and 16th Infantry Regiments.

In World War II he served with the 190th Division and later as transport commander of the SS Brazil and HMSS Queen Mary which transported thousands of our troops to Europe and the combat zones. He retired 31 Oct. 1945 after more than 28 years of service in the Regular Army.

Colonel Garza is survived by his widow, Katherine T. Garza, 1914 Forty-third Ave., San Francisco, Calif., and a son, James L. Garza, Jr. His mother, a sister and two brothers reside in San Antonio.

Funeral services were held at the Chapel of our Lady, Presidio of San Francisco, 15 June. Interment was at Golden Gate cemetery, San Bruno.

## Expand Air Plant

Details of a five-million-dollar factory expansion program to key all Lockheed Aircraft Corporation manufacturing facilities to the expanding requirements of the jet air age, were announced this week at Burbank, Calif., by Courtlandt S. Gross, vice-president, and general manager.

Gross said that giant fabricating machines now being installed, together with accessories and a new 33,000-square-foot building, will raise Lockheed's investment for new equipment and facilities during 1950 to a total of \$2,500,000.

Among the special machines to be installed is an 8,000-ton Birdsboro hydraulic press, largest of its type in the world, that will tower 36 feet above the factory floor with its base embedded 12 feet into the building's foundation. Also record breakers will be a 200-ton Hufford stretch press and a 20-ton Ceco stamp press, both largest of their type in the world.

Since normal reserves for depreciation could not possibly cover the high cost of this immense new equipment, Gross explained today, Lockheed has supplemented these funds from profits that might otherwise have been distributed as dividends. Entire cost of the company's modernization program, which will result in greatly enhanced future earning capacity, is being borne directly by Lockheed, Gross said.

Instead of the usual procedure of erecting a building and then installing machinery, Lockheed is reversing the process. Because of their giant size, all of the heavy equipment pieces are being erected in the open. A steel-and-concrete building will be constructed over the area after the machinery is installed.

Besides the three forming machines, the building will contain the first top-riding underslung crane to be installed on the West Coast; a 70-foot-long milling machine; a large boring mill; a heat-treat oven, and other accessory equipment large enough to handle the bigger, heavier parts from the other new machines.

## Capt. Thyson Receives DSM

Capt. Leo Cromwell Thyson, MC, USN, was awarded the Navy Distinguished Service Award this week for "exceptionally meritorious and distinguished service" in saving the lives of many fellow prisoners while a prisoner of war in Japanese prison camps from 1 Feb., 1942, to 14 Sept., 1945.

Secretary of the Navy Francis P. Matthews presented the award to Captain Thyson at a ceremony attended by top Navy Department officials in the Pentagon.

Captain Thyson, one of the first American prisoners of war during World War II (he was captured on 8 Dec., 1941, while on duty at the American Legation, Peking, China), disregarded the possible fatal effects of Japanese-made vaccines by testing all serums upon himself before administering them to other prisoners. He became violently ill on one occasion, and discovered that the normal amount of serum given to a Japanese would be fatal to occidentals.

Captain Thyson is now serving as Executive Officer of the Naval Dispensary, Navy Department.

## TRANSPORTATION CORPS

During fiscal year 1950, the Transportation Corps will participate in the movement of 10,000,000 tons of freight overland and some 500,000 passengers to and from overseas.

## SERVICE SATISFACTION

The banking and trust facilities offered by American Security & Trust Company to those in the Armed Services assure smooth execution of any banking matter. While you are away from home, you will be completely satisfied with the handling of your funds, securities and estate problems if you take advantage of our years of thorough and successful experience and knowledge.

## Weddings and Engagements

(Continued from Page 1174)

The bride attended Le Manoir in Lausanne, Switzerland and was graduated with honors last week from Stratford Junior College in Danville, Va.

The groom is a graduate of Boston University and served overseas in the late war. He is the holder of the Silver Star, the Bronze Star and the Purple Heart with Oak Leaf Cluster. He is now serving as aide to Brig. Gen. William L. Barriger at Ft. Dix, where the young couple will live upon returning from a New England honeymoon.

After a week of parties given for them, Miss Elisabeth Beyer, daughter of Maj. and Mrs. Robert Wesley Beyer of Falls Church, Va., and Lt. William Fulton Pontis, son of Mr. and Mrs. William G. Pontis of Dayton, Ohio, were married, 10 June in the Westmoreland Congregational Church, Westmoreland Circle, Md.

The bride wore a gown of brocade, which she had brought back from the Far East. She carried white orchids and lilies-of-the-valley. Her illusion veil was attached to a small coronet of the illusion.

Mrs. Jay Leroy Lauer, older sister of the bride, married on 8 March, was matron of honor for her sister. The bridesmaids were the Misses Ann Ellis of Bethesda, Md., Peggy Shirley of Washington, D. C., and Margery Pontis of Dayton, sister of the groom. The junior bridesmaid was Miss Shari Sluder, daughter of Col. and Mrs. Chester L. Sluder of Pope AFB, Ft. Bragg, N. C. The flower girl, wearing pink net, was Pamela Oeding, daughter of Maj. and Mrs. Ernst Oeding of Falls Church.

Mr. Richard Pontis was his brother's best man. Ushering were Lt. Jay Leroy Lauer, Mr. Edward Konig and Mr. Robert Pontis, another brother of the groom. After a short honeymoon, Lt. and Mrs. Pontis will be at home at 3008 Woodman Drive, Dayton, Ohio. Lieutenant Pontis is stationed at Wright-Patterson AFB.

Capt. Arthur Siegel, (DC) USN, and Mrs. Siegel, of San Diego, Calif., have announced the betrothal of their daughter, Miss Jean Frances Siegel to Lt. S. David Askenazer, USNR.

The bride-elect passed chocolates to her Delta Zeta Sorority sisters from San Diego State College where she graduated last June with an A.B. degree in Sociology.

Lieutenant Askenazer is the son of Mr. and Mrs. Herman Askenazer, of Los Angeles. He, too, attended State College before entering the Navy. He took his flight training at Pensacola and Corpus Christi and service during World War II won him the Distinguished Flying Cross and the Presidential Unit Citation.

The wedding date has not been announced.

Miss Pauline Elizabeth Woodard, daughter of Mr. and Mrs. C. E. Woodard, Arlington Heights, Ill., was married to Lt. William George Aman, Jr., Lieutenant, USAF, son of Mr. and Mrs. W. G. Aman, sr., Congress Lake, Ohio, 17 June at Suffolk, Ohio.

The bride is a graduate of Albion College, Michigan, and taught school for two years in Bucks County, Pa., while residing with her sister and brother-in-law, Maj. and Mrs. Clarence Frank Sills.

Lieutenant Aman is a June graduate of the U. S. Military Academy, and is commissioned in the U. S. Air Force, from which he resigned his reserve commission to enter the Academy.

The bride was gowned in white nylon net, fashioned with a lace-edged bertha ruffle, long waist, tight sleeves, and a skirt of row after row of lace-edged ruffles, ending in a cathedral train.

Her attendants, Mrs. R. C. Berry, sister of the bride, was matron-of-honor; her sister-in-law, Miss Marilyn Aman, was bridesmaid with Mrs. Robert Helbig. Junior bridesmaids were Celeste Sills and Edna Berry, nieces of the bride. The best man was Robert Aman, brother of the groom; ushers were Maj. Clarence F. Sills, Robert C. Berry, John Aman, Dr. Frank Shirack, and Alfred Donze.

At a beautiful candle-lit ceremony at Walter Reed Memorial Chapel, Washing-

ton, D. C., on 5 June, Sally Irene Harwood, daughter of Col. and Mrs. Thomas Everett Harwood of Minor Hill, Falls Church, Va., was married to Lt. William Jennings Hardy, jr., son of Mr. and Mrs. William Jennings Hardy, of Ravenwood, Va. Chaplain James H. Terry officiated.

The matron of honor was Mrs. Robert H. Harwood of New London, Conn., cousin of the bride, with Mrs. Thomas R. Harwood of Nashville, Tenn., Miss Katherine DeWitt of Fairfield, Conn., Miss Sally Keller Webster of Pelham, N. Y., and Miss Charlotte Jackson of Memphis, Tenn., acting as bridesmaids.

Ens. Lee Ray Royal acted as best man for Lieutenant Hardy, and Lt. Comdr. Robert H. Harwood, Ens. Robert Shultz, Lt. Carl Goodiehl, Lt. Carl Fairbank, Ens. Thomas R. Harwood and Midshipman Ashby Reardon served as ushers.

The bride, who was given in marriage by her father, wore a gown of white nylon organza and lace, with long lace-trimmed train and a coronet of seed pearls with net veil, and carried a white prayer book with white orchids.

Mrs. Hardy attended Hood College at Frederick, Md., and Lieutenant Hardy graduated from the Naval Academy in June, 1950.

After an extended trip through the South, Lieutenant and Mrs. Hardy will reside in San Antonio, Texas, where Lieutenant Hardy will be stationed at Randolph Field.

In a high noon ceremony at the Post Chapel, Ft. Myer, Va., 14 June, before an altar banked with white gladioli and stephanotis, Chap. (Maj. Gen.) Luther D. Miller, USA-Ret., now Canon of the Washington Cathedral, performed the marriage ceremony uniting Miss Charlotte Cornelia Freund and Lt. John E. Sterling, USA, of the 11th Airborne Div., Cp. Campbell, Ky.

The bride is the daughter of Mrs. Archer F. Freund of Woodstock, Va., and the late Lt. Col. A. F. Freund, USA, and parents of the groom are Mr. & Mrs. J. Ember Sterling of Hugo, Colo.

Capt. Wheeler W. Sidwell, USA-Ret., of Washington, gave the bride in marriage. She wore a floor-length white lace over satin gown, with a veil edged with matching lace falling from a sweetheart cap, and she carried a bouquet of white gladioli and stephanotis.

Her sister, Miss Roberta Jane Freund, was her maid of honor and only attendant. Lt. Ferd Anderson, USA, of Ft. Bragg, N. C., served Lt. Sterling as best man, and the ushers were Lt. Robert Case, USA, of Ft. Meade, Md., and Mr. Kenneth Sterling, brother of the groom, of Hugo, Colo.

After a wedding reception at the Ft. Myer Officers' Club, the couple left for a honeymoon at The Homestead, Hot Springs, Va. They will be at home after 20 June, at 300 Goodwin St., Urbana, Ill.

At College Station, Tex., on 6 June, Mrs. Cathryn G. Adcock and Col. David Lancaster, USAF, of Hamilton AFB, Calif., were married at St. Thomas Episcopal Church.

The bride is the widow of Col. Thomas A. Adcock, CE, USA. She wore a pink linen suit with a matching hat, her accessories were white. She carried a white prayer book. A corsage of two green

orchids completed her outfit.

Miss Lee Adcock, daughter of the bride, and Miss Diane Lancaster, daughter of the groom were the two attendants.

Colonel and Mrs. Lancaster will be at home in Quarters 217, Hamilton AFB, Calif., after 18 June.

Miss Marilyn Joy Jenks, daughter of Chaplain (Lt. Col.) and Mrs. Loren T. Jenks of Ft. Geo. G. Meade, Md., and Van Horne, Iowa, became the bride, 11 June, of Mr. Lombard Sayre of Iowa City, Iowa, at the Salem Evangelical United Brethren Church at Van Horne. The groom is the son of Prof. and Mrs. Paul Sayre of the University of Iowa.

The father of the bride performed the ceremony, assisted by the Reverend F. W. Pfaltzgraff.

Given in marriage by her uncle, Mr. John L. Linton, of Chicago, the bride wore an ivory brocade satin gown, designed with a fitted bodice, a square neckline and a cathedral length train. Her illusion veil fell from a Brussels lace cap, and she carried a prayer book topped with a white orchid shower corsage.

The matron of honor was Mrs. Edmund Krumm of Solon, Iowa, sister of the bride, and the bridesmaids were the Misses Marjorie Porter of Iowa City and Jeanne Wiley of Marshalltown, Iowa. Judith Linton, cousin of the bride, was flower girl. Mr. Craig Harper of Iowa City was best man, and the ushers were Mr. J. Ostdeik and Mr. D. Gunthrie.

The young couple will be at home in Iowa City after a Canadian wedding trip.

The bride will continue her studies in music and the groom, his medical course, both at the University of Iowa.

## POSTS AND STATIONS

**STEWART AFB, TENN.** The Nursery Benefit was a great success, with over 500 in attendance for the buffet supper and style show. The following officers' wives modeled clothes for all occasions: the Mesdames Jesse Perry, Robert Roitman, Wayne Matson, Jessie Davis, Robert Clapp, Edgar Hampton, John Harris, Wayne Beale, Adam Gomes, John Dent, William Beals, and Wayne Cowgill, and the Misses Carol Lee Prindle and Mary Vaset.

During the intermission of the dance that followed on the outside patio, prizes were awarded the following, who had made and modeled their own evening clothes: 1st prize to Mrs. Frank Gitsman, 2d prize to Mrs. John Harris and 3d prize to Mrs. Harold Sommers.

**KEESLER AFB, MISS.** Newly arrived wives of officer personnel were welcomed 15 June by Mrs. James F. Powell, honorary president of the Women's Club, at a morning coffee held at the Commanding General's quarters. Piano selections were played by Mrs. B. R. Andrews, choir director of the Protestant Chapel, and Mrs. Joseph R. Struby sang several vocal numbers for the guests. Assisting Mrs. Powell were members of the club's hospitality committee, Mrs. Lloyd D. Sollenberger, Mrs. Paul Price, Mrs. E. W. De Vee, Mrs. Richard L. Johnson and Mrs. A. F. Erickson.

**EGLIN AFB, FLA.** Officers Wives Club members voted last week for a new executive board during their monthly luncheon meeting at the Officers Club. New officers are Mrs. James T. Stewart, president; Mrs. J. T. Bull, first vice-president; Mrs. W. G. Campbell, second vice-president; Mrs. George Wischmann, secretary; Mrs. J. O. Flack,

## Army Navy Air Force Journal 1179 24 June 1950

assistant secretary; Mrs. D. S. Lopez, treasurer; Mrs. H. G. Colle, assistant treasurer. Mrs. C. J. Benda, retiring president, was presented a silver five-branch candelabra in appreciation of her year's service by the membership. Plans have been made for a morning coffee 29 June honoring the new board members at which time the newly-elected president will be presented an engraved gavel for her office. Further announcements included the opening of the Base Nursery to be called the Fledgling Roost for which a limited number of memberships is open to Eglin personnel. A profit of \$2160.80 was made during the recent Girl Scout car raffle, according to Mrs. F. L. Holmes, chairman, and will be used in sending scouts to summer camps. A fifty dollar donation was given the Eglin Junior Baseball League which consists of two teams of teen-age boys.

**ET. BRAGG, N. C.** A formal reception was given by Maj. Gen. Williston B. Palmer, USA, commanding officer of the 82nd Airborne Division, 14 June, complimenting Lt. Col. W. C. Westmoreland, chief of staff of the Division, and Mrs. Westmoreland, who leave soon for Fort Leavenworth, Kans.

In the receiving line with General Palmer and Colonel and Mrs. Westmoreland were Col. and Mrs. J. P. Cleland, Col. and Mrs. Stuart Wood, Col. Thomas Mifflin, with Lt. Col. J. E. Pederson introducing the 300 guests. Preceding the reception General Palmer entertained at dinner. The table had places marked for Brig. Gen. and Mrs. Ridgely Galtner, Brig. Gen. and Mrs. Robert M. Cannon, Colonel and Mrs. Cleland, Colonel Mifflin, Colonel and Mrs. Wood, Col. C. C. W. Allan, Col. and Mrs. T. J. H. Trapnell, Col. (retired) and Mrs. Edwin R. Van Deusen, Lt. Col. and Mrs. George S. Spidel, Lt. Col. and Mrs. Westmoreland, Lt. and Mrs. James Lawrence, Lt. and Mrs. Charles McKee and Lt. J. R. D. Cleland.

**KINDLEY AFB, BERMUDA.** On Sunday, 25 June, the Kindley AFB Officers' Club and its surrounding scenic patio will provide the setting for a gala fashion show under the sponsorship of the Officers' Wives' Club. Models for the occasion will include Mrs. Peter Cottelesse, Mrs. Jack Gary, Mrs. William P. Pearson, Mrs. Sydney Marshall, Mrs. Walter MacNaughton, Mrs. Gene Anderson, Mrs. Robert E. Elcheberger, Mrs. Evans, Mrs. Charles J. Ellis, Mrs. Charles W. Howell, Mrs. Tarleton Watkins, Mrs. Albert Homza, Mrs. Don Littleton, Mrs. Harold Elder, Mrs. Robert Jett, Mrs. William H. Edwards, Mrs. Robert Stout and Mrs. Nicholas Burik.

Arrangements for the exhibit are under the direction of Mrs. Henry R. Johnston, Mrs. William H. Edwards, Mrs. Tarleton Watkins, Mrs. Grover C. Wilson, and Mrs. Mark Gillaspie.

**NORFOLK, VA.** The wives of the officers of Tractor Flotilla Two gave a luncheon 14 (Please turn to Next Page)

## Posts and Stations (Continued from Preceding Page)

June at the Little Creek Officers Club. The hostesses were Mrs. G. G. Peery, Jr., Mrs. C. F. Helme, Mrs. J. W. Montgomery and Mrs. A. H. Carothers.

Present at the luncheon were: Mrs. F. W. Silk, Mrs. H. C. Brown, Mrs. R. C. Winey, Mrs. R. H. Woodfin, Jr., Mrs. P. B. Baker, Mrs. J. J. Turner, Mrs. R. E. Kemp, Mrs. L. L. Keedy, Jr., Mrs. E. R. Jessup, Mrs. H. L. Lane, Mrs. H. G. Dulle, Mrs. H. E. Walters, Mrs. P. Sawyer, Mrs. R. S. Baird, Mrs. R. E. Pyle, Mrs. R. J. Bradford, Mrs. W. H. Grant, Mrs. A. A. Steinback, Mrs. W. Neilson, Mrs. J. C. Haines, Mrs. J. S. Ackerman, Mrs. J. T. Godfrey, Mrs. P. N. Sterling, Mrs. R. Hutzell, Mrs. J. T. Bachman, and the four hostesses.

**■ STRAUBING, GERMANY.** Maj. Alva T. McDaniel, S-3 of the 1st Bn, 6th Armd Cav, has been named by Col. George A. Rehm, CO, 6th Armd Cav, as Regt'l S-3. He replaces Maj. Ralph A. Lang who will be rotated to the States the latter part of June. Taking over as battalion S-3 is Maj. Robert K. Hamilton, former executive officer of the battalion. Maj. Eugene Safford, former assistant Regt'l Executive Officer has assumed the duties of executive officer of the 1st Bn. Capt. Thomas B. Hobson, Jr., has been named Regt'l T & E officer and assistant Regt'l S-3. He succeeds 1st Lt. James V. Gagne, Jr., who is now CO of Tk Co, 2nd Bn, relieving 1st Lt. Andrew W. LaMar, who has been rotated to the ZI.

**■ FORT LEE, VA.** Spotlight honors in the Third Annual Horse Show held 16 and 17 June went to Mr. and Mrs. Alexander H. Calvert's high stepping chestnut, "Goldwick." Goldwick walked off with the Grand Champion trophy. The 16 year old ex-Olympic champion took four blue ribbons home to Warrenton, Va. Jack Payne's Gordonsville entry "Fox" was awarded the reserve championship.

A capacity crowd in excess of 13,000 viewed the two day show, during which some 135 horses competed in 27 events, a total of 409 entries. Five-year old Beverly Jean Harrison of Petersburg, Va. won the acclaim of exhibitors and the crowd alike as she captured the Saddle Pony Class with her pony, "Trigger." Little Miss Harrison's display of horsemanship was the envy of many.

"Belmead Majority" owned by Maj. and Mrs. Thomas S. Capers, Jr., of Fort Lee, was also a heavy winner and was one of the finalists in the Grand Championship. The horse was ridden by Major Capers and by Sergeant First Class Herman Figgins. Four judges, prominent in Horse Show circles judged the competition. Judges of the show were Maj. Gen. Guy V. Henry, USA-Ret., of Washington, D. C., Mr. Jack Prestage of Boyce, Va., Mr. Forrest Taylor, Staunton, Va., and Lt. Col. E. W. Gardener of the Marine Corps School at Quantico, Va.

**■ WEST POINT, N. Y.** Two officers and 25 West Point Cadets departed from San Francisco 18 June for a 30-day educational visit to the Far East Command. The Cadets, members of the new first class are visiting the Pacific area under the auspices of the Department of Social Sciences at the Military Academy in connection with their courses in Geography, Government, Economics, International Relations, and History. Col. R. C. Boys, USAF, Assistant Professor of Military Art and Engineering; and Lt. Col. J. S. Harnett, USA, Assistant Professor of Social Sciences, are in charge of the trip. The Department of Military Art and Engineering at West Point conducts instruction in Military History.

**■ YOKOHAMA.** Col. Clarence A. Frank has been appointed Eighth Army Finance Officer to succeed Col. Robert E. Odell, who has returned to the States for reassignment, it has been announced.

1st Lt. Harold S. Rifkin, has been named Eighth Army Insurance and savings officer. Col. C. A. Frank, Eighth Army Finance officer, has announced. The appointment marks the opening of a concerted drive to bring to all Eighth Army personnel the benefits of a sound soldier savings program, Colonel Frank said.

**■ OLMSTED AFB, PA.** New officers of Women's Club assumed office at a formal ceremony after a reorganization meeting recently. They are Mrs. J. F. Stankowski, Jr., president; Mrs. J. H. Allen, first vice president; Mrs. D. R. Burns, second vice president; Mrs. W. A. Grondahl, third vice president; Mrs. A. G. Chavoor, secretary; Mrs. R. D. Weldon, assistant secretary; Mrs. D. B. Grunig, treasurer, and Mrs. L. R. Crisman, assistant treasurer.

**■ SAN DIEGO, CALIF.** Instead of an all-ladies luncheon which was calendared for June, the wives of officers on the staff of the commander, CruDes Pac, decided to honor their husbands at a Father's Day Celebration on 18 June. The affair, a barbecue, was held at the home of Comdr. and Mrs. K. B.

Smith where an attractive patio formed the setting for a congenial group of friends who gathered for the party. Among them were: Rear Adm. and Mrs. L. T. DuBose, Capt. and Mmes. S. G. Fuqua, L. N. Miller, T. G. Reamy, F. Moosbrugger, J. F. Henkel, W. R. Whiteford, Lt. Col. and Mrs. Richard Rothwell, Comdrs. and Mmes. R. W. Clark, B. J. Franklin, T. W. Murphy, W. M. Porter, Lt. Comdrs. and Mmes. T. T. McGillicuddy, J. S. Bowen, D. S. Appleton, J. J. Rowan, Lts. and Mmes. Geo. Lott, J. A. Eddins, R. E. Graham, M. D. Gastrock, B. D. Slaymaker, D. H. Bagley, R. R. Ragsdale, Lts. (Jg) and Mmes. C. W. Ives and R. E. Mellick.

The Commissioned Officers' Mess, Marine Recruit Depot, was the gathering place for a group of naval officers and their wives on 15 June and the occasion was the celebration of an extra gold stripe on the officers' uniforms. Acting as hosts for the party were: Comdr. Curtis Asher, C. M. McCandless, Jr., P. L. Nova, Lt. Comdr. F. M. Morgan, S. S. Skakian, G. T. Anderson, C. W. Reynolds, H. A. Weiss, G. E. Wininger, Lts. R. L. King, Jr., R. A. Loeffler, D. O. Bennett, Jr., C. W. Lewis, Jr., B. N. Pender, and J. J. Marra, all medical officers, Comdr. J. E. Crump, (NC) USN, and Lt. Comdr. L. E. Boston, (MSC) USN.

**■ ELLINGTON AFB, TEX.** The Officer's Wives Club held their regular monthly "Newcomers" Coffee last week and welcomed there new members: Mrs. Benjamin Stearns, Mrs. George J. Lyons, Mrs. William A. Brown, Mrs. Millard Lee, Mrs. John P. Pigrass, Mrs. Paul E. Brown, Mrs. Gerald P. Lipton, Mrs. Robert Agostinho, Mrs. John Wood and Mrs. Edla Johnson. They were introduced by Mrs. Charles McDermott, chairman of the Spotters Committee. Mrs. William L. Lee, wife of the Base Commander and Honorary President, and other officers and members of the club were present to meet the new members.

**■ COCOA, FLA.** The Long Range Proving Ground Women's Club elected officers in May to serve a six months term of office. They are: Mrs. Howard B. Hudeberg, president; Mrs. John V. Gressang, vice president; Mrs. William B. Arnold, recording secretary; Mrs. Raymond M. Olsen, corresponding secretary; Mrs. Bradford A. Evans, treasurer; and Mrs. Robert L. Westholm, assistant treasurer.

**■ CARLISLE BARRACKS, PA.** At its annual tea 13 June the Officers' Wives club elected Mrs. M. K. Barrett as its new president. Mrs. E. J. McGaw remains honorary president; Mrs. Wayne Hunter is the new vice president; Mrs. E. G. Hickman, secretary; Mrs. G. C. Lothrop, treasurer; and Mrs. F. A. Brett, historian. Mrs. K. R. Powell was chairman of the nominating committee, assisted by Mrs. John Mesick, Mrs. A. C. Plepkorn, Mrs. V. D. Dygert, and Mrs. George Duerr, the retiring president. Harriet Line Thompson, Carlisle pianist, presented a delightful half-hour program following the election, and the meeting ended with the serving of tea by a committee that included Mrs. B. F. Hurless, Mrs. Plepkorn, Mrs. A. P. Elckhoff, Mrs. R. L. Barton, and Mrs. W. W. Lange.

Preceding the election, Mrs. McGaw, wife of the Post Commandant, Brig. Gen. E. J. McGaw, gave a luncheon for Mrs. Duerr, and two other affairs were given later in the week for Lt. Col. and Mrs. Duerr, who are leaving soon for Hawaii. Col. and Mrs. Powell gave an "Aloha" party, and the Public Information department of the Armed Forces Information school held a party at the Officers' club.

**■ FT. BENNING, GA.** Mrs. Wither A. Burress, Infantry Center commandant's wife, entertained with a morning coffee at her quarters recently in honor of Mrs. Thomas Anderson a newcomer to the post. Guests were Mrs. William Ahern, Mrs. George Daoust, Mrs. Paul Liles, Mrs. John Hill, Mrs. John Olson, Mrs. James Strain, Mrs. John Reid and Mrs. James Packman.

Lt. Col. and Mrs. John Hill entertained recently with an appetizer party at their quarters. Ninety guests attended.

**■ MATHER FIELD, CALIF.** Mrs. H. H. Arnold, wife of the late General of the Air Force H. H. Arnold was honored at a tea recently in the Redwood Room of the new Mather Air Force Base Officer's Club. Mrs. Arnold spoke on the Customs and Traditions of the Air Force and was introduced by Mrs. Carl B. McDaniel, wife of Brig. Gen. Carl B. McDaniel, Commanding General of Mather AFB.

Special Guests attending the event were the wives of Maj. Gen. Julius Jones, Commanding General of McClellan AFB, Calif. and Brig. Gen. Robert F. Travis, Commanding General of the Fairfield-Suisun AFB.

Those asked to pour were Mesdames Jones, Travis, McDaniel, Charles A. North, president of the Mather Womens Club, Earl F. Harris, Vinton Luthor, George E. Mineur and Alan F. Adams. The committees included Mesdames Carl B. Stackhouse, chairman, Adams, Harry G. Mumford, Edward McKaba, Charles A. North, Gene R. Dreasher, William S. Royalty and Robert C. Pearce, invitations; John L. Pickens, reservations; Roy L. Dismukes, chairman, Mesdames Norman B. Bennett, Jr. Adams, Minuer, Thomas

H. Holcomb, James S. Simpson, Stackhouse, S. S. Chandley, Jack A. Veber, John W. Guhnvordahl, James V. Vaughten, Pickens, Harry A. Stone, Robert B. Fallon and Francis Bero, tea; William M. Garland, chairman, Stackhouse and Dreasher, flowers; Mesdames Royalty, chairman, Mumford, Arthur Hansen, Ralph D. Walters, Millard W. Hagerman, McKaba, Cecil L. Reavis, Jr., Edward Piech, Jack D. Mayo, Eugene A. Grauer, George A. Brenner, Robert J. Shlmanek, Harry B. Criskam, John L. Barbour and Raymond W. Borrough, reception, and Mrs. Dreasher, publicity.

**■ JEFFERSONVILLE, IND.** Quartermaster Day was celebrated 16 June in a manner that will be long remembered by the more than 3,000 employees, their families and friends, who attended the observance of the 175th anniversary of the Quartermaster Corps, and the 86th birthday of the Depot. The program, which was sponsored by the Depot Welfare Club and promoted by Brig. Gen. L. O. Grice, began at 1:00 P.M. and lasted until 4:30 P.M. Among the distinguished guests were Maj. Gen. Roscoe Murray, The Adjutant General of Kentucky, Brig. Gen. George Lubertoff, former Commanding Officer of the Depot, Mr. T. A. Ballentine, President, Louisville Chamber of Commerce, Mr. Earl R. Muir, President, Louisville Trust Company, Col. Philip G. Murphy, Chairman, Advisory Council, Falls Cities Chapter, Quartermasters Association, and others of prominence.

John T. Snyder  
Martin E. Willson  
Wayne E. Jones

### Majors, USAF

Robert V. Ball  
Blair D. Baylor  
Ernest M. Cassell, Jr  
Virgil L. Clapp  
Green R. Davis, Jr  
Ralph G. Davitt  
Edwin W. Fuller  
Bruce W. Gillanders  
Thomas J. Gragg  
James H. Havey  
Harold L. Hughes  
Lyle M. Jones  
Ralph S. Jordan  
James F. King  
William A. Lafrenz  
Robert L. Lloyd  
James T. McElhone  
Blaine B. Menth  
John P. Moran  
John E. Morrison, Jr  
Marie E. Niccolini  
Emmett A. Parrish  
Franklin A. Richardson  
Don L. Safley  
Elbert G. Sandoz  
Rocco Sansone  
Jack P. Van Tull

### Captains, USAF

William P. Bertach  
William A. Cade  
Nicholas S. Polio  
Dudley W. Stevenson

## Armed Forces Decorations

Recommendations for decorations for wartime acts and services are again being considered by the Army, Navy and Air Force in accordance with the time-limit extension granted under Public Law 501, enacted by the 81st Congress. This extension was granted in order that deserving acts and services performed during the period 7 Dec. 1941 to 2 Sept. 1945 may be given appropriate recognition.

## Senate Approves Draft

The Senate this week approved legislation extending Selective Service for three years, one year longer than in the House approved draft measure.

The Senate bill stipulates that the President could direct induction of men between the ages of 19 and 25 only while Congress is not in session and providing he declares such action a "national necessity."

Meantime, pending agreement by Senate and House conferees on differences in the two draft bills, a stopgap resolution continuing Selective Service for 15 days beyond its 24 June deadline is in effect.

The House bill, in addition to the two year extension, restricts inductions to the declaration by Congress of a "national emergency."

### USMA GRADUATIONS

Since founding of the U.S. Military Academy in 1802, a total of 18,018 cadets have been graduated, of whom more than 8,500 are now on active duty.
